SOUTH AUSTRALIA'S LARGEST UNIVERSITY

33,813 STUDENTS

6,195 INTERNATIONAL STUDENTS

211,331 GLOBAL ALUMNI
The University of South Australia is located in Adelaide, Australia’s education city. Adelaide is a cultural destination, filled with many different nationalities, foods, festivals and sporting events. It is home to some of the country’s best beaches, wine regions and parklands, all in very close proximity to the city centre. Adelaide has been globally recognised for its education, environment, stability, healthcare, culture and infrastructure. It is the ideal study location and with free Wi-Fi, free tram and free bus services throughout the city centre, Adelaide is truly a student city.
Glenelg Beach / Located just 12 kilometres away from the city, Glenelg offers classic seaside charm with a white sandy beach known for great swimming, diving, snorkeling and dolphin spotting.

Adelaide Ranked #26, QS Best Student Cities 2019

RATED ONE OF THE WORLD’s FRIENDLIEST CITIES
2018 Condé Nast Traveller Awards
Adelaide. Designed for Life.

Adelaide is a city shaped by stories. The first of these stories were created by the Kaurna people of the Adelaide Plains, which remain alive today and are interwoven with the stories of all the people who choose to live, work, study or spend time in the city. Adelaide is a celebration of diversity and inclusion with a strong sense of community. Its unique layout makes it the world’s only true ‘city in a park’. Make Adelaide part of your story.

Accessible

Adelaide offers all the advantages of big city life but is still small enough to get around easily. It takes just 15 minutes to get from the airport to the city and 20 minutes from the city to the beach or hills.

Multicultural

Almost one in four people in South Australia were born overseas with ancestry tracing back to more than 120 countries. Australia also has a democratic system of government and is accepting of different religious beliefs.

Affordable

Adelaide has one of the highest standards of living in the world, yet is one of the least expensive places to live. This means more money to spend on food, accommodation, supplies, travel and entertainment.

Adelaide is up to 14% more affordable than other major Australian cities.

EIU Cost of Living Survey 2019

Adelaide is a global study destination and has been ranked in the top 30 best student cities worldwide by QS. Adelaide is known for education excellence, balanced lifestyle and ability to turn career ambitions into a reality through global industry connections, support of start-ups and leadership in growth areas such as health, engineering, food and wine, creative and high technology, advanced manufacturing, space, minerals and energy.

STUDY EXPERIENCE

World-class degrees
The University of South Australia offers over 200 world-class degrees across a wide range of study areas. In fact, we are the only university in South Australia to offer undergraduate programs in aviation, journalism, illustration and animation, pharmacy, property, physiotherapy, surveying and more. We are also the only university in the state to offer postgraduate programs in cybersecurity, communications, visual effects, and arts and cultural management.

Modern facilities
Study in state-of-the-art facilities fitted with the latest technologies. From simulated hospital settings and a financial trading room, to robotics laboratories and TV and sound studios, there are modern, purpose-built learning spaces across all campuses.

Practical learning
Learn in a highly practical environment, with opportunities to complete internships, placements and projects, learning from experts in real-world settings. Build your networks and graduate career-ready with the skills required of tomorrow’s professionals.

Top ranking teachers
Be supported by highly qualified academics and teaching professionals. Study a curriculum based on the latest industry knowledge and trends. In fact, we are ranked number two in Australia for teaching quality in the 2019 Times Higher Education Young University Rankings.

Global opportunities
Take part in international field trips, work placements, study tours, short-term programs, volunteer opportunities, conferences or a student exchange during your studies. Get a global perspective and a competitive advantage before you graduate.

Career services
Get the support you need to achieve your career goals. Our dedicated career team offers a range of services, resources and tools to help you plan your future career, prepare for the workplace, connect to industry, find short-term employment and more.

89 EXCHANGE PARTNERS IN MORE THAN 24 COUNTRIES

2019 THE World University Rankings

Iress Trading Room / A state-of-the-art learning facility featuring live market data and financial analysis tools at City West Campus.
“Our graduates are highly sought after and they leave not only with the right skills, but also with a hunger for knowing more about how their profession can better shape the built environment. Personally, this is a very rewarding job. It’s the everyday lightbulb moments and when students make large shifts in their understanding about design that really make my day.”

Andrew Wallace / Program Director: Bachelor of Interior Architecture

“As part of my studies I completed a number of placements including one at the new Royal Adelaide Hospital in both the emergency and plastic surgery departments. Placements helped me to develop my knowledge and apply it to clinical practice. The University also offered pre-clinical workshops and practice simulations to help us become familiar with the real working environment.”

Winnie Zhao / Bachelor of Nursing

Wawira Njiru wanted to make a positive impact in her community back in Kenya. She decided to study a degree in nutrition and food sciences with a vision of doing something big.

During her studies, Wawira hosted a community fundraiser and then used A$1,680 to build a make-shift kitchen in Ruiru, near Nairobi.

From here, Food 4 Education was born. Wawira started providing 25 healthy meals a day to primary school children in Kenya.

Eight years on, Wawira’s organisation is providing 10,000 meals a day, sourcing produce from local farmers.

“When I came to the University of South Australia, I had a clear goal in mind: to do something to benefit my community in the long term, she says.

“The kids inspire me the most. I am so privileged to have the opportunity to contribute to their future.”

Wawira now dreams about expanding into other areas of the continent and providing millions of meals over the next decade.

Wawira Njiru / Bachelor of Nutrition and Food Sciences
Founder, Food 4 Education
Industry connections
Our learning is influenced by industry, and the latest trends and demands. We collaborate with more than 2,500 companies worldwide to bring our students placement, project, research and work opportunities.

VOLUNTEER YOUR TIME
We can help you connect with an organisation and become a volunteer during your time at university. It’s a great way to give back to the community, gain valuable life experience and add extra value to your resume.

unisa.edu.au/volunteering

JOIN OUR ALUMNI NETWORK
When you graduate you will become part of our global alumni network. We have over 200,000 alumni around the world, supported by formal networks in Hong Kong SAR and the People’s Republic of China, Singapore, Malaysia, Vietnam, Indonesia and the United Kingdom.

INVESTED OVER A$400 MILLION IN MODERN CAMPUS FACILITIES
GETTING TO CAMPUS

Airport pick up

Did you know we can meet you at the airport?

We offer a free on-arrival reception service. Complete the online booking form before you leave home and we’ll collect you and your bags as soon as you step off the plane.

unisa.edu.au/airport-pickup
JUMP ON A FREE CITY TRAM
If you need to travel between City West and City East campuses, then jump on the Botanic Gardens or Adelaide Entertainment Centre tram line on North Terrace. The free tram service runs every 10 minutes and will also take you to the Adelaide Central Market, Adelaide Railway Station, Royal Adelaide Hospital, Botanic Gardens and the Adelaide Zoo.

PUBLIC TRANSPORT
You will find bus stops near each campus and train stations close to the city and Mawson Lakes campuses. Check your bus, train or tram options on the Adelaide Metro website. You will also be eligible for student discounts after enrolment, including purchases of 28-day unlimited passes.

CAMPUS CONNECTOR
We run a free bus service between the Magill and Mawson Lakes campuses to make travelling easier for students who need to make the journey or live in the surrounding suburbs.

FREE Wi-Fi AVAILABLE ON THE UniSA CAMPUS CONNECTOR

RIDE YOUR BIKE
Adelaide is known for its bicycle culture, so we encourage students to ride their bikes to and from campus. Each campus has shower facilities and secure storage areas.

UniSA Cancer Research Institute located on North Terrace.
STUDENT LIFE

ORIENTATION
Start your university adventure by attending Orientation Week. Meet your lecturers, connect with new friends and gain valuable insights from current students. Enjoy a free lunch and entertainment, explore your home campus and get ready for your first day at university.
unisa.edu.au/orientation

STUDENT CLUBS
Discover the 100+ academic, cultural and social clubs available at the University of South Australia. From dance and yoga to climate change, gaming and clubs for different nationalities – there is something for everyone! It’s a great way to meet new friends, find common interests with fellow students and build a more vibrant university experience.
unisa.edu.au/clubs

EVENTS AND ACTIVITIES
All sorts of great events and activities are offered to students throughout the year across all of our campuses. From careers and volunteering events to health, sport and wellbeing activities – there is always something to discover. Students can also explore the public exhibitions and events at The Samstag Museum, Hawke Centre and MOD.

USASA is your student association. USASA coordinates student advocacy, clubs, social events, production of the student magazine, campus counters, and free goodies and giveaways.
unisa.edu.au/USASA

You can join one of our 25+ sporting clubs including rowing, basketball, volleyball, netball football, gridiron, rock climbing and more. Gain access to Pridham Hall with a fully-equipped space for training and competitions. You can also sign-up for a range of sports tournaments from social to national level, keep active in our on-campus gyms, and participate in community events.

Library services

Each campus has a library that provides easy access to learning resources including books, electronic journals, databases and more. There are also library workshops designed to help improve your research skills. Quiet study spaces are available and you can connect to our free Wi-Fi. The Ask the Library/IT service is also available via phone, email, video and chat.

i.unisa.edu.au/international-student-services
Online learning and support
Our multi-million dollar fully interactive learning environment allows students to submit their assignments online, receive their marked assignments, access learning resources, participate in virtual classrooms and download lecture recordings. It’s available 24 hours a day, seven days a week.

Student app
Our mobile app allows all students to view their timetable, check emails, get important notifications, track assessments and see course enrolments and details. You can also find available PCs on campus, book a study room, check your print quota and library loans, and view announcements.

SafeZone app
Students can download this free app, providing additional security and support when studying on campus. The app allows you to get help quickly in a personal emergency. You can check-in when working alone or after hours and the app will share your status with an on-site response team.

Scholarships
Each year more than 2,500 students benefit from our scholarships and grants, totalling millions of dollars. We have a range of categories including support for high achievers and students in need, along with scholarships specifically for international students.

unisa.edu.au/international-scholarships

AUSTRALIA AWARDS
Australia Awards give the next generation of global leaders an opportunity to complete study, research and professional development in Australia. The University is proud to have hosted hundreds of recipients from all over the world through this prestigious initiative developed by the Australian Government.
australiaawards.gov.au

SPONSORED STUDENTS
A sponsored student is someone who has all or part of their education costs paid by a third party, such as a foreign government, the Australian Government, a partner university or employer. We currently host over 200 sponsored students and have the support services in place to ensure they achieve their best.

- Studio: Project B
- University Elective

**CREATIVE INDUSTRIES**

**Bachelor of Arts (Applied Linguistics)**

**PROGRAM CODE:** MBAA | CRICOS CODE: 097509B

*see pages 91–92 for details

Study a flexible degree that you can tailor to your specific interests. Take a double major (see pages 41–43) combining two distinct but complementary fields, with over 150 degree combinations to choose from. Develop your writing, communication, presentation, digital and research skills through practical learning and project-based work. Enrich your learning experience through community and industry engagement opportunities and connect with international NGOs through the prestigious Hawke Ambassador Volunteer Experience Program. Access different learning spaces depending on your chosen majors, including an on-campus Multimedia Languages Lab, the Hartley Playhouse Theatre, TV Studio, Sound Studio, Digital Radio Studio and industry-standard Media Suite. Apply your knowledge to real-world situations across a variety of industry sectors through the Professional Directions Program in second year.

**CAREERS**
Depending on your degree combination, your career options can include:
- Community aid worker / community relations officer / human resources adviser / performer / musician / policy adviser / arts administrator / copywriter / editorial assistant / publisher / writer / media adviser / researcher / social media officer / teacher (with further study)

To learn more about how to become a teacher, visit unisa.edu.au/become-a-teacher
Bachelor of Arts (Creative Writing and Literature)

PROGRAM CODE: MBAA | CRICOS CODE: 097508C
*see pages 91–92 for details

Explore historical and contemporary fiction, non-fiction, poetry, autobiographies, essays and plays. Complete courses involving a combination of creative writing and literary studies. Develop a comprehensive understanding of the contexts and cultural influences of different literature types. Explore how different oral and written texts impact the cultures of the world. Graduate with a defined set of writing, editing and analytical skills that can be applied to a broad range of professional contexts.

DEGREE STRUCTURE

CREATIVE WRITING AND LITERATURE MAJOR
English and Creative Writing: An Introduction
Writing and Text Workshop
Writing and Reading Short Fiction and Poetry
Rewriting the Canon
The Writer's World
World Literatures and English
Creative Writing Theory and Practice
The Power of Story

Bachelor of Arts

Bachelor of Arts (English Language)

PROGRAM CODE: MBAA | CRICOS CODE: 097507D
*see pages 91–92 for details

Designed for bilingual and multilingual students who want to develop high level English proficiency for professional life. Develop advanced English speaking, writing and reading skills and the intercultural expertise for future work in local and global contexts, including careers in translation.

DEGREE STRUCTURE

ENGLISH LANGUAGE MAJOR
English for Academic Use in Australia
English for Academic and International Communication
English and the Art of Speaking and Writing
English in the Professions
World Literatures and English
Language Ideology and Policy
Multilingualism: Contact, Change and Mobility
Language Learning and Assessment

Bachelor of Arts (History and Global Politics)

PROGRAM CODE: MBAA | CRICOS CODE: 097504G
*see pages 91–92 for details

Examine the patterns and processes that have shaped our societies over time and develop the skills to analyse and predict events in our contemporary world. Study key areas such as framing global politics through film and television, global aid and development, world history trends, Australia in the Asian Century, and marginalisation in world affairs. Explore the context of politics and history including Australia’s role domestically and within broader currents of regional and global politics.

DEGREE STRUCTURE

HISTORY AND GLOBAL POLITICS MAJOR
Global Politics and Development
World History Trends and Transformations
Australia in the Asian Century
Framing the International: Representations of Global Politics
The Politics of Environmental Change in Australia and Asia
Power and Resistance: 1900–Present
United States History and Cultural Identities
Villains, Victims and Outsiders: Marginalisation in World Affairs

Bachelor of Arts (Languages)

PROGRAM CODE: MBAA | CRICOS CODE: 081802F
*see pages 91–92 for details

Immerse yourself in another language. Learn French, Italian or Japanese and enhance your skills by experiencing the language and culture firsthand through international exchange opportunities. Access the Multimedia Languages Lab at Magill campus, where you can connect with native speakers from around the world in real-time. Graduate with a competitive advantage and take your career around the globe.

DEGREE STRUCTURE

LANGUAGES MAJOR
Language 1A
Language 1B
Language 2A
Language 2B
Language 3A
Language 3B
European Languages In-Country OR Asian Languages In-Country OR Advanced Languages Studies: Translation and Research

Bachelor of Arts

Bachelor of Arts (Law, Policy and Politics)

PROGRAM CODE: MBAA | CRICOS CODE: 098294D
*see pages 91–92 for details

Develop a strong understanding of legal systems, international and domestic law, the politics of environmental change, and marginalisation in world affairs. Study courses that explore public international law, indigenous legal systems, global aid and development, environmental politics and human rights. Explore the law from a global perspective and analyse the impact of policy across different political environments.

DEGREE STRUCTURE

LAW, POLICY AND POLITICS MAJOR
Global Politics and Development
Foundations of Law
The Politics of Environmental Change in Australia and Asia
Framing the International: Representations of Global Politics
Law, Land and Peoples
Human Rights Law
Villains, Victims and Outsiders: Marginalisation in World Affairs
Public International Law
Bachelor of Arts (Performing Arts)

PROGRAM CODE: MBAA | CRICOS CODE: 081804D
*see pages 91–92 for details

Develop your creative practice within drama and music. Study areas such as body and voice, music and song, musicianship, physical theatre, new media design and production; composition and arranging; and production of soundscapes, cabaret and musical theatre. Follow your pathway as a performer, musician, writer, director or production manager, and contribute to the creation of original material for a variety of art forms.

DEGREE STRUCTURE

PERFORMING ARTS MAJOR
Stage Performance
Music Performance
Cabaret: Context and Practice
Music Production OR State Theatre Masterclass
Live Performance Production
World Music Theatre
Digital Performance

Bachelor of Arts (Psychology)

PROGRAM CODE: MBAA | CRICOS CODE: 097506E
*see pages 91–92 for details

Develop a broad knowledge of psychological science including psychology, mental health, social services and human resources. Choose from a range of courses in areas like personality psychology, clinical and abnormal psychology, and social and community psychology. Build advanced skills in professional writing, communication, research and problem solving. Pursue a career in diverse fields such as case work, human resources, market research and policy work.

DEGREE STRUCTURE

PSYCHOLOGY MAJOR

Clinical and Abnormal Psychology
Specialist Psychology Course Options (select one):
• Advanced Research Methods
• Health Psychology
• Psychophysiology of Sleep
• Conservation Psychology
• Psychological Assessment
• Work and Organisational Psychology
• Language, Context and Social Behaviour

Bachelor of Arts (Screen Studies)

PROGRAM CODE: MBAA | CRICOS CODE: 097505F
*see pages 91–92 for details

Develop a deep understanding of the historic and contemporary contexts that inform film, television and digital media. Learn about the formal language of film and media through written and creative forms of assessment. Study courses that explore Hollywood, film, television, screen media, authorship, genres, experimental media and popular culture. Prepare for a career in screen and arts-related programming, festivals, education, or in the film and television industry.

DEGREE STRUCTURE

SCREEN STUDIES MAJOR
Hollywood Film and Television
Global Film and Television
Screen Genres and Media Hybrids
Understanding Popular Culture
Experimental Studio
Screen Media Authorships
Digital Mediascapes
Screen Media Research Methods

Bachelor of Arts (Social Media)

PROGRAM CODE: MBAA | CRICOS CODE: 097503G
*see pages 91–92 for details

Study South Australia’s only social media major. Learn how to develop social media campaigns and online content, and understand how to manage and interpret social media data, optimisations and metrics. Develop your writing skills, ability to align social media platforms to target audiences and knowledge of how to grow and manage online communities.

DEGREE STRUCTURE

SOCIAL MEDIA MAJOR
Introduction to Social Media
Public Relations Theory and Practice
Introduction to Digital Media
Media Law and Ethics
Content Creation for Media
Applications for Social Media Data
Virtual Reality Storytelling
Social Media Engagement

Bachelor of Arts (Sociology)

PROGRAM CODE: MBAA | CRICOS CODE: 081805C
*see pages 91–92 for details

Understand the forces that shape the social world. Learn how to critically analyse contemporary social issues and problems, such as crime, deviance, gender and the family structure. Develop an in-depth theoretical and empirical understanding of how societies are transforming, through the study of globalisation, culture, social identity and migration.

DEGREE STRUCTURE

SOCIOLOGY MAJOR
The Social World
Sociological Perspectives
Understanding Globalisation
Sociology of Crime and Deviance
Sociology for the 21st Century
Contemporary Culture and Social Change
Sociology of Gender and Intimacy
Migration, Diversity and Belonging

Bachelor of Creative Industries

unisa.edu.au/creative-industries

Prepare for a career in the growing creative industries. Study a degree designed and delivered in collaboration with leaders in the industry and explore your creativity in an area that interests you most. Design your own degree by choosing from 12 industry majors, each with a unique focus. You can then select either a second major, or two minors from across a range of creative and business disciplines. Engage with industry from day one as you develop your creative practice while gaining professional knowledge and skills. You will also study core courses in business, design and entrepreneurship, providing you with highly practical and transferable skills to give your career a competitive head-start. Take the opportunity to complete an internship or placement, go on an international exchange, work on real-world projects and build a portfolio of work.

EDUCATION, ARTS & SOCIAL SCIENCES

unisa.edu.au/study

43
You can also choose to study a start-up/entrepreneurship stream in your final year.

Industry Majors:
- Animation and Visual Effects
- Comicbook Creation
- Communication and Media
- Contemporary Art Studies
- Creative Writing and Literature
- Digital Media
- Festivals
- Film and Television
- Games Design and Production
- Performing Arts
- Screen Studies
- Social Media

Secondary Majors:
- Cultural Studies
- Design Studies
- English Language
- Event Management
- Games
- Innovation and Entrepreneurship
- Journalism
- Marketing
- Sports Management
- Tourism Management

CAREERS
Depending on your chosen industry major, your career options can include:
- Comic artist / illustrator / artist / exhibitions manager / art director / content creator / media adviser / author / editor / web designer / videographer / film editor / playwright / stage designer / festival manager / event programmer / game designer / app designer / publicist

Bachelor of Media Arts

unisa.edu.au/media-arts

Magill Campus
3 years full-time
Selection Rank ....... 70
IELTS Total ............. 6.0
IELTS Reading .......... 6.0
IELTS Writing .......... 6.0

$A$9,400 pa* indicative 2023

February and July intakes

*See pages 91–92 for details

Enter the world of creative media production by studying film, television, visual effects (VFX) and digital media. Learn about the professional production cycle from conceptualisation and screening through to production and post-production. Analyse film and media from around the globe and write about their different contexts. Develop professional knowledge in the production of VFX, computer-generated imagery (CGI) and website development, while understanding different media platforms and the end-user experience. Work on real-world projects and use the latest multimedia software and technologies. Graduate career-ready with your own portfolio of work, showcasing your practical skills. If you are interested in specialising in VFX, you will have the opportunity to apply for a placement with Rising Sun Pictures, studying the third year of your degree at their studio located in the city centre and working alongside world-class VFX artists. Package this degree with a Master of Teaching (Secondary) to become a media arts teacher.

Note: Entry to specialise in visual effects and study your final year at Rising Sun Pictures is competitive.

CAREERS
Filmmaker / animator / visual effects artist / digital designer / web designer / video editor / graphic designer / video content producer / digital communications officer / digital production manager / video blogger / sound designer / teacher (with further study)

✓ SAIBT pathway

February and July intakes

PROGRAM CODE: MBSS | CRICOS CODE: 00249J

*see pages 91–92 for details

Prepare for a professional career in human services. Develop the skills to enhance the wellbeing of people who have experienced personal or social difficulties. Focus on key areas such as behavioural and social sciences, human service practice, human service management, and social policy. Learn how behaviour is affected by cultural, environmental, psychological and political factors. Develop the necessary communication skills to work in the field, and explore the political influences in human services and the various ethical and cultural considerations. Learn how to identify the social policies that impact people’s lives and the strategic ways to implement change. Gain practical experience through our human services studios on campus and complete supervised placements during your studies. Graduate with a degree recognised by the Australian Community Workers Association and be eligible for full membership.

Note: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) for working with Children, in the Aged Care Sector and in Disability Services; obtain a SAPOL National Police Record Check; and complete a one-day course on Safe Environments for Children and Young People. Some placements may require students to hold a current driver’s licence, Mandatory Basic Life Support (BLS) training, vaccinations, or a recognised First Aid Certificate.

CAREERS
Community development officer / social policy adviser / social researcher / community services manager / case worker / case manager / human rights advocate / child safety practitioner / outreach program manager / support worker / counsellor (with further study)

DEGREE STRUCTURE

FIRST YEAR
Human Service Provision
Communication Skills in Social Work and Human Services
The Social World
Child Development
Governance and Citizenship in Australia
Group Work
Elective
Applied Psychology

SECOND YEAR
Human Service Intervention
Australian Social Policy
Social Enquiry Methods
Interviewing Skills in Social Work and Human Services
Mental Health and Mental Wellbeing Policy Practice
Working with Community
Human Service Workers and the Law

THIRD YEAR

PROGRAM CODE: MBSS | CRICOS CODE: 09803F

*see pages 91–92 for details

Develop the knowledge and skills to meet and understand the social and emotional needs of individuals, families and carers involved with older people and people with disabilities. Explore ethical practices at the individual, community and policy level of ageing and disability services. Learn to navigate major systems such as the Australian National Disability Insurance Scheme (NDIS) and My Aged Care policies; inform social policy development; enhance service provisions; and promote social inclusion within the ageing and disability sectors. Gain valuable work experience and build professional networks through supervised field placements.

Note: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) for working with Children, in the Aged Care Sector and in Disability Services; obtain a SAPOL National Police Record Check; and complete a one-day course on Safe Environments for Children and Young People. Some placements may require students to hold a current driver’s licence, Mandatory Basic Life Support (BLS) training, vaccinations, or a recognised First Aid Certificate.

CAREERS

SAIBT pathway

PROGRAM CODE: MBSW | CRICOS CODE: 000537M

*see pages 91–92 for details

Prepare for a rewarding career in social work. Learn to enhance the wellbeing of others through advocacy, social change, relationship building and the empowerment of people. Focus on four major study areas including social work theory, social work practice and skills, social policy, and social research. Develop knowledge of various social work practices and their application with individuals, families, communities, groups and organisations. Learn how to identify the social policies that impact people’s lives and the strategic ways to implement change. Interpret, evaluate and conduct relevant social research exploring current real-world challenges.

Access custom-built social work studios on campus and practise your skills through simulated scenarios. Gain valuable practical experience through work placements during your third and fourth years of study. Graduate with a degree accredited by the Association of Social Workers and be eligible for full membership.

Note: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) for working with Children, in the Aged Care Sector and in Disability Services; obtain a SAPOL National Police Record Check; and complete a one-day course on Safe Environments for children and Young People. Some placements may require students to hold a current driver’s licence, Mandatory Basic Life Support (BLS) training, vaccinations, or a recognised First Aid Certificate.

PROGRAM CODE: DMSP | CRICOS CODE: 095763D

*see pages 93–95 for details

Develop your creativity and art practice through advanced studio work, coupled with valuable studies in marketing, business and financial management to help commercialise your craft. Tailor your studies by choosing a specialised field, including Photo, Digital and Graphic Media, Painting and Drawing, or Spatial Studies (including public art, sculpture, textiles, glass, metal, ceramics or jewellery). You will also learn about grant sourcing and applications, industry associations and professional recognition, communications and marketing.

CAREERS
Artist / designer / art critic / art director / exhibitions manager / curator / arts administrator / entrepreneur / photographer / illustrator / textile designer / ceramicist / jewellery designer
DEGREE STRUCTURE

Master of Design (Industrial Design)

Program Code: DMSP | CRICOS Code: 071952G

*see pages 93–95 for details

Explore the innovations and complexities of industrial design. Build the technical skills needed for digital prototyping and 3D design, and the cognitive skills needed to work through design challenges and deep design analysis. Develop your understanding of existing and emerging materials and processing technologies for high and low volume manufacturing. Tailor your studies through a range of electives including an industry internship or courses in entrepreneurial commercialisation, sustainable design and consumer culture. Access purpose-built facilities on campus featuring the latest digital fabrication equipment, as well as virtual reality systems. Gain valuable professional experience by working on real design challenges. Graduates are also eligible for Graduate Membership with the Design Institute of Australia (DIA).

EDUCATION

Admissions information

ENTRY REQUIREMENTS
In accordance with national teacher education program standards, applicants must also fulfil non-academic entry requirements before their application is deemed complete. Applicants for the Master of Teaching programs are required to submit a 400-600 word (maximum) Teaching Capabilities Statement, which speaks to your motivation to be a teacher.

PLACEMENT REQUIREMENTS
In the lead-up to each professional experience placement you need to ensure that a number of important prerequisites and requirements are completed or satisfied, including:

- A Department of Human Services Working with Children Check;
- Mandatory Child-Safe Environments Training; and
- Meeting required standards in the national Literacy and Numeracy Test for Initial Teacher Education (LANTITE) — to be completed during your studies.

For more information, visit unisa.edu.au/eds-requirements

Master of Teaching (Early Childhood)
unisa.edu.au/education

CAREERS
Kindergarten teacher / preschool teacher / junior primary teacher / childcare teacher / childcare centre director / early childhood educator / early childhood coordinator / early learning consultant / policy adviser / researcher

ENTRY REQUIREMENTS
- Bachelor degree or equivalent qualification from a recognised higher education institution with a competitive Grade Point Average (GPA), and
- One year of full-time equivalent study, as part of the bachelor degree or equivalent qualification, relevant to one or more Learning Areas of the primary school curriculum (Arts, English, Health and Physical Education, Humanities and Social Sciences, Languages, Mathematics, Science and Technologies), which includes a minimum half a year of equivalent study relevant to one of the Learning Areas of the primary school curriculum.
- Some applicants may be eligible for Advanced Standing and can complete the program in one-year full-time study.
- Entry into this program is competitive and based on academic merit.

DEGREE STRUCTURE

FIRST YEAR
- English Education (Birth to 5)
- Mathematics and Science Education (Birth to 5)
- Play, Learning and Development
- Early Childhood Professional Experience and Reflection (Infant and Toddler)

SECOND YEAR
- Mathematical Thinking and Numeracy
- Curriculum Specialisation
- Early Childhood Professional Experience and Reflection (Preschool)

Build a rewarding career in early childhood teaching, focusing on the education of children from birth to eight years of age. Explore the emotional, social, cognitive and physical development of early learners. Study core courses in child development, curriculum studies and education studies, along with key Learning Areas including English, Mathematics and Science. Benefit from highly practical learning, completing supervised placements in child care, preschool/Kindergarten and junior primary school settings, totalling 80 days.

Note: Graduates can apply for teacher registration in South Australia, interstate and some overseas countries. Applicants should note that there are other criteria determining eligibility for registration by the Teachers Registration Board of South Australia and other registration and regulatory authorities.

DEGREE STRUCTURE

FIRST YEAR
- Communication, Media and Creative Industries
- Social Media Management
- Communication Contexts
- Digital Entrepreneurship
- Industry 4.0 and Society
- Managing Digital Design
- Campaigns and Crises
- Content Creation

SECOND YEAR (PROFESSIONAL STREAM)
- Research Methodologies and Methods M
- Professional Project 1
- Key Ideas and Theories
- Professional Project 2

SECOND YEAR (RESEARCH STREAM)
- Research Methodologies and Methods M
- Research Thesis 1
- Key Ideas and Theories
- Research Thesis 2

Study the only qualification of its kind in South Australia and gain specialised skills and advanced knowledge to be well-prepared for management roles within the communications, media and creative industries. You can choose to complete a specialised research thesis or a professional project/placement pathway during your studies. Develop an in-depth understanding and build professional skills in social and digital media management, public relations, strategic communication and digital entrepreneurship. Learn how to explore, interrogate and navigate a time of extreme digital disruption, big data, artificial intelligence and platform economies, and how to apply these to your industry/sector. Study in a workshop-based environment with connections to industry partners, real-world projects, and placement and networking opportunities.

Prepare for professional practice in social work. Develop an advanced body of knowledge in current social issues, social work values, social policy, ethics and identity, human rights, child protection, mental health and cross-cultural practice. Benefit from a curriculum influenced by world-class research in psychology and social work. Learn in purpose-built social work studios located on campus, working alongside field practitioners and academic staff in simulated scenarios. Gain valuable practical experience by completing field placements during your studies, across local, rural and international settings.

Graduate with a qualification accredited by the Australian Association of Social Workers. You will also be eligible for membership.

Note: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) for working with Children, in the Aged Care Sector and in Disability Services; obtain a SA Police National Police Record Check; and complete a one-day course on Safe Environments for Children and Young People. Some placements may require students to hold a current driver’s licence, Mandatory Basic Life Support (BLS) training, vaccinations, or a recognised First Aid Certificate.

ENTRY REQUIREMENTS
- Bachelor degree or master level qualification in a related discipline (including, but not limited to, human services, community services, social science, psychology, Australian Indigenous or Aboriginal studies, public or community health) from a recognised higher education institution, or equivalent qualification.
- Applicants holding a completed Australian bachelor degree or master level qualification in social work are not eligible for entry into this program.

DEGREE STRUCTURE
FIRST YEAR
Effective Human Service Delivery
Contemporary Practice Theories for Social Work
Social Work Practice Skills
Social Work in the Australian Context OR Aboriginal Health and Wellbeing
Social Work Practicum 1
Ethical Decision Making

SECOND YEAR
Innovation and Research
Innovative Social Work Practice with Children and Families
Mental Health and Social Work Practice
Human Rights Based Practice and Community Development
Leadership in Social Work
Social Work Practicum 2

WE ALSO OFFER
Masters by Research
Doctor of Philosophy (PhD)
Prepare for a rewarding career as a healthcare professional or researcher. Study at a university with key industry, government and community partnerships. Benefit from a strong emphasis on practice-based learning, with significant investment in teaching and research facilities including the A$247 million UniSA Cancer Research Institute located in Adelaide’s BioMed City. Learn in modern, purpose-built laboratories and on-campus health clinics that service the wider community. Be part of a new and enterprising workforce focused on collaboration, discovery, progress and innovation.

World top 100 for nursing and exercise and sport science
_2019 QS Subject Rankings_

Top 10 in Australia for pharmacy and pharmacology
_2019 QS Subject Rankings_

Well above world-class research in nutrition and dietetics, human movement, clinical exercise physiology, exercise and sport science, nursing, midwifery, pharmacy, and biochemistry and cell biology
_2018 Excellence in Research for Australia (ERA)_

Work Integrated Learning

- optional
- required
## Admissions information

### NATIONAL POLICE CERTIFICATE AND DEPARTMENT OF HUMAN SERVICES WORKING WITH CHILDREN CHECK

All students who, as part of their program, undertake activities where interaction with patients/the public is required, such as in field or clinical placements/visits and in University clinics and gyms, must demonstrate that they have a current National Police Certificate (NPC) through SAPOL (or their home state police service) and a current Department of Human Services (DHS) Working with Children Check, which is valid for the duration of the program. The National Police Check will list disclosable court outcomes that may prevent clinical placement involvement. The University has a process for reviewing these outcomes to assess suitability for placement.

### STUDENT REGISTRATION

All students enrolled in a program leading to professional registration must be registered with the relevant national board. The registration process is undertaken by the Australian Health Practitioner Regulation Agency (AHPRA) with the University providing notification to AHPRA following a student’s enrolment. No fees apply.

### IMMUNISATION REQUIREMENTS

In order to progress to clinical placement you must be screened and provide evidence of your immunisation status. Immunisation is a mandatory requirement across all healthcare placements. Non-compliance with the Health Care Workers Immunisation Policy Directive will prevent you from progressing to a placement. Additional requirements may apply. For more information, visit unisa.edu.au/health/cpu

#### DEGREE STRUCTURE

**FIRST YEAR**
- Being a Health Professional
- Human Body 1
- Global and National Health

**SECOND YEAR**
- Human Body 2
- First Peoples’ Health
- Mental Health

**THIRD YEAR**
- Experiential Learning Activity: Preparation for Clinical Practice Practicum 1
- Health of Older Adults
- Scientific Basis of Clinical Practice
- Experiential Learning Activity: Older Adults Practicum 2
- Health of Adults
- Health of Infants, Children and Young People

**CAREERS**

Registered nurses can work in a variety of healthcare settings, including:

- Hospitals / clinics
- Primary health and community support services
- Aged and rehabilitative care
- Schools / home care services
- Drug and alcohol treatment centres
- Community health organisations
- Mental health services
- International aid agencies

Prepare for a highly rewarding career in maternity care and women’s health as a Registered Midwife. Develop the knowledge and practical skills to support women through pregnancy, labour, birth and postnatal care. Benefit from a strong focus on theory and hands-on experience to prepare you for clinical practice. As an international profession with different birthing practices all over the world, you will learn how political, socio-cultural, economic and technological factors influence midwifery practice. Learn in our clinician-led, authentic simulated hospital and health service on campus, which incorporates a midwifery and paediatric unit, and technologies such as birthing manikins. Complete comprehensive placement hours and be actively involved in 30 births during your studies, along with the pre and post-birth care of at least 100 women, and following 15 women through continuity of care experiences. Graduate with the academic requirements needed for registration as a Midwife with the Nursing and Midwifery Board of Australia (NMBA).
Develop the skills to assist people in managing personal, environmental and task limitations caused by injury or illness. Focus on areas such as human anatomy, human physiology, human neurosciences, growth and lifespan development, psychology, occupational science, and sociology. Gain valuable practical experience through 1,000 dedicated placement hours in a variety of settings under the supervision of a practising occupational therapist. Choose a professional or research stream in your final years of study. Graduate with a degree that has been approved by the World Federation of Occupational Therapists and the Occupational Therapy Board of Australia, and accredited by the Occupational Therapy Council (Australia & New Zealand) Ltd.

**CAREERS**

Occupational therapists can work in a variety of settings, including:

- Hospitals / private practice / community health services / rehabilitation centres / aged care facilities / home care services / local council services / government departments / schools

**DEGREE STRUCTURE**

**FIRST YEAR**
- Foundations of Health
- Human Anatomy 100
- Physiology Essentials 100
- Introduction to Occupational Therapy Practice
- Lifespan Growth and Motor Development
- Introduction to Evidence Based Practice and Research in Health Sciences
- Occupational Therapy Practice in Hospital Settings
- Elective

**SECOND YEAR**
- Principles of Occupational Therapy Practice
- Applied Psychology
- Enabling Occupation through Environmental Adaptation
- The Individual in Society 200
- Human Neuroscience
- Occupational Therapy Group Work and Counselling
- Occupational Therapy Practice Education
- Occupational Therapy Practice in Occupational Rehabilitation

**THIRD YEAR (PROFESSIONAL STREAM)**
- Occupational Therapy Practice and Mental Health
- Primary Health Care Approaches in Occupational Therapy
- Advanced Occupational Therapy Practice and Neurological Conditions
- Occupational Science
- Participatory Community Practice 301
- Advanced Community Occupational Therapy Practice and Chronic Conditions Management
- Advanced Evidence Based Practice

**FOURTH YEAR (PROFESSIONAL STREAM)**
- Participatory Community Practice 400
- Professional Portfolio 400
- Occupational Therapy Field Practice 400
- Occupational Therapy Field Practice 401
- Professional Portfolio 401

**THIRD YEAR (RESEARCH STREAM)**
- Occupational Therapy Practice and Mental Health
- Primary Health Care Approaches in Occupational Therapy
- Advanced Occupational Therapy Practice and Neurological Conditions
- Occupational Science
- Participatory Community Practice 301
- Advanced Community Occupational Therapy Practice and Chronic Conditions Management
- Health Science Honours Preparation

**Bachelor of Physiotherapy (Honours)**

unisa.edu.au/physiotherapy

**HEALTH & MEDICAL SCIENCES**

Graduate with honours and become a registered physiotherapist in just four years. Develop the capability to assess, treat and prevent human movement disorders, enabling people to lead healthy and functional lives, as a first contact professional and valued member of an allied healthcare team. Focus on various areas of practice and treatments across sports, musculoskeletal, cardiorespiratory and neurological conditions. Study courses in human anatomy, human physiology, physiotherapy studies, pharmacology, exercise physiology, and pain sciences. Learn practical skills through clinical placements in real-world settings, including our on-campus physiotherapy clinics. Complete either a research stream focusing on an independent research project, or a professional stream where you will take part in a group project addressing a real-world problem. Graduate with a degree accredited by the Australian Physiotherapy Council and satisfy the academic requirements for registration as a Physiotherapist with the Physiotherapy Board of Australia. You will also be eligible for membership with the Australian Physiotherapy Association.

**CAREERS**

Registered physiotherapists can work in a variety of settings, including:

- Private practice / clinics / sporting clubs / exercise services / rehabilitation centres / hospitals / home and community services / disability services / aged care facilities / women’s health / paediatric services
diagnosing and treating disorders of the foot, ankle and lower leg. Learn to provide quality care for sports injuries, orthotics, children, and foot and heel pain. Develop fundamental knowledge through core courses in human anatomy, human physiology, pain management, pharmacology and biomechanics and learn relevant aspects of medicine and surgery. Gain valuable real-world experience by completing 1,000 clinical placement hours. Further develop your knowledge and expertise in our on-campus podiatry clinics under the supervision of practising clinicians, as well as our Manufacturing Lab where you will learn how to make orthotics. Graduate with the eligibility to apply for registration as a Podiatrist with the Podiatry Board of Australia.

Note: High achieving students may be considered for the Bachelor of Podiatry (Honours) program in their third year of study.

CAREERS
Registered podiatrists can work in a variety of settings, including:
- Private practice / clinics / hospitals / community health centres / aged care / sports clinics / occupational health services

DEGREE STRUCTURE

**FIRST YEAR**
- Human Anatomy 100
- Human Physiology 100
- Foundations of Health
- Podiatry Clinical Studies 100
- Human Anatomy 101
- Human Physiology 101
- Introduction to Evidence Based Practice and Research in Health Sciences
- Podiatry Clinical Studies 101

**SECOND YEAR**
- Human Anatomy 200
- Fundamentals of Pharmacology
- Podiatry Clinical Studies 200
- Exercise Physiology 1
- Neurosciences in Physiotherapy
- Biopsychosocial Practice
- Podiatry Clinical Studies 201
- Podiatry Clinical Practice with Older Adults

**THIRD YEAR (PROFESSIONAL STREAM)**
- Primary and Ambulatory Care in Physiotherapy
- Pain Sciences
- Advanced Evidence Based Practice
- Acute Care
- Rehabilitation

**FOURTH YEAR (PROFESSIONAL STREAM)**
- Podiatry Clinical Practice with Children
- Advanced Rehabilitation B
- Health Promotion in Physiotherapy B
- Elective
- Advanced Physiotherapy Practice B
- Work Health and Safety Practice
- Ethics and Communication

**THIRD YEAR (RESEARCH STREAM)**
- Health Science Honours Preparation
- Primary and Ambulatory Care in Physiotherapy
- Pain Sciences
- Acute Care
- Rehabilitation

**FOURTH YEAR (RESEARCH STREAM)**
- Physiotherapy with Children
- Ethics and Communication
- Health Science Honours Thesis
- Advanced Physiotherapy Practice B
- Advanced Rehabilitation B
- Work Health and Safety Practice

Bachelor of Podiatry
unisa.edu.au/podiatry

DEGREE STRUCTURE

**FIRST YEAR**
- Human Anatomy 100
- Human Physiology 100
- Foundations of Health
- Podiatry Clinical Studies 100
- Human Anatomy 101 (Lower Limb)
- Human Physiology 101
- Podiatry Clinical Studies 101
- Introduction to Evidence Based Practice and Research in Health Sciences

**SECOND YEAR**
- Podiatry Clinical Studies 200
- Pharmacology B
- Communication in Podiatry
- Pharmacology C
- Podiatry Clinical Studies 201
- Podiatry Clinical Practice 201

**THIRD YEAR**
- Pain Management and Mechanisms
- Applied Podiatry Practice 300
- Podiatry Clinical Studies 300
- Advanced Evidence Based Practice
- Podiatry Clinical Studies 301
- Applied Podiatry Practice 301

**FOURTH YEAR**
- Clinical Biomechanics 400
- Podiatry Clinical Studies 400
- Podiatry Practice 400
- Clinical Biomechanics 401
- Podiatry Practice 401
- Elective

CAREERS
Depending on your course selection, your career options can include:
- Sport development officer / community and allied health worker / health and wellbeing advisor / sports coach / outdoor education instructor / recreation activities coordinator / teacher (with further study)

To learn more about how to become a teacher, visit unisa.edu.au/become-a-teacher.

Depending on your course selection, your career options can include:
- Sport development officer / community and allied health worker / health and wellbeing advisor / sports coach / outdoor education instructor / recreation activities coordinator / teacher (with further study)

To learn more about how to become a teacher, visit unisa.edu.au/become-a-teacher.
Bachelor of Exercise and Sport Science
unisa.edu.au/human-movement

Study South Australia’s only fully-accredited degree in exercise and sport science. Develop a deep understanding of the impact that exercise and physical activity has on the biological, physical and social aspects of human life. Learn how to design and deliver exercise programs to improve clients’ health and wellbeing, perform client screenings, conduct laboratory and field testing, and appraise and interpret scientific research. Be guided by some of Australia’s leading exercise scientists and experts in the field. Develop a solid understanding of human anatomy and physiology, the psychology and sociology of health and physical activity, exercise prescription and delivery, nutrition, and biomechanics. Access state-of-the-art facilities including the High Performance and Exercise Physiology Clinic, Environmental Chamber, and fully-equipped Health and Fitness Centre located on campus. Gain valuable practical experience by completing industry placements across a range of settings including schools and elite sporting clubs. Graduate with a degree accredited by Exercise and Sport Science Australia (ESSA) and be eligible for registration as an Accredited Exercise Scientist.

CAREERS
Exercise scientist / strength and conditioning coach / physical training specialist / performance analyst / community sports project officer / health and wellness promoter

DEGREE STRUCTURE

FIRST YEAR
Human Anatomy 100
Foundations in Human Movement, Exercise and Sports Science
Physiology Essentials 100
Introduction to Group and Team Psychology
Life-span Growth and Motor Development
Stream/Optional Elective 1
Elective

SECOND YEAR
Exercise Physiology 1
Human Nutrition
Motor Control and Learning

Stream/Optional Elective 11
Stream/Optional Elective 12

Bachelor of Nutrition and Food Sciences
unisa.edu.au/nutrition-food-sciences

Launch a career in the growing food and nutrition industry. Learn to develop innovative foods; promote and manage diets and lifestyles; and conduct meaningful research for enhanced wellbeing. Explore the fundamentals of both nutrition and food sciences in your first two years of study then select one as a formal study stream in your third year, that aligns to your interests and career goals. Develop a strong body of knowledge in biology, food chemistry, microbiology, physiology and consumer education. Study in a dedicated learning hub on campus, including a purpose-built Sensory Lab, Microbiology Lab and Commercial Kitchen. Benefit from our strong links with the food industry and community, and attend field trips to some of South Australia’s major nutrition and food providers. Graduates are eligible to apply for professional membership with the Australian Institute of Food Science and Technology (AIFST). Graduates are also eligible to apply to the Nutrition Society of Australia for registration as an Associate Nutritionist (ANutr), leading to Registered Nutritionist (RNutr), typically after three years of work experience.

CAREERS
Community nutritionist / health promotion officer / food scientist / food technician / flavour technologist / product development manager / microbiology specialist / food policy adviser / food safety adviser / quality assurance officer / research scientist

Build your understanding of fundamental sciences and the factors influencing the global pharmaceutical industry. You will then focus specifically on key areas such as pharmaceutical sciences, pharmacology and pharmacokinetics, drug discovery, development, and commercialisation. You can also choose from a range of specialist courses to tailor your studies, covering areas such as research and development, manufacturing and pharmaceutical chemistry, and drug development and business (including sales, marketing, legal, regulatory and drug information). Access purpose-built laboratories on campus and in the $247 million UniSA Cancer Research Institute. Complete an industry project or placement during your degree.

Be eligible for membership with the Royal Australian Chemical Institute (RACI) and other relevant professional bodies such as AusBiotech. Explore the option of a double degree with the Bachelor of Pharmacy (Honours) – academic criteria applies.

Bachelor of Pharmacy (Honours)

unisa.edu.au/pharmacy

Program Code: IHPC | CRICOS Code: 088337C

*see pages 91–92 for details

Study South Australia’s only degree in pharmacy. Become a Registered Pharmacist, equipped to prepare, supply and monitor medicines across a variety of settings. Study a degree accredited by the Australian Pharmacy Council and benefit from a university with over 50 years’ experience in delivering pharmacy education.

CAREERS

Graduate with honours in just four years and prepare for a career as a medical laboratory scientist focusing on diagnostic pathology or research. Learn to play a vital role in the welfare of patients by supporting clinicians in the diagnosis, management and treatment of disease, conducting research into causes and cures of disease, and developing improved methods for disease detection. Build fundamental knowledge in biochemistry, microbiology, immunology, molecular pathology, haematology and histopathology. Develop the skills to perform a range of diagnostic tests including cross-matching for blood transfusions, identifying the organisms that cause infections and food poisoning, screening for cancer cells, and detecting genes responsible for disease. Gain valuable practical experience in our on-campus laboratories and through field placements across areas of public and private pathology.

Graduate with a degree accredited by the Australian Institute of Medical Scientists (AIMS) and be eligible for membership. You can also apply for membership with the Australasian Association of Clinical Biochemists (AACB) and Australian Society for Microbiology (ASM).

CAREERS

Medical laboratory scientists can work in a wide range of areas, including:

- Diagnostic pathology / histopathology / forensic science / immunology / virology / transfusion science / haematology / cytology / clinical biochemistry / medical microbiology / research / product manufacturing / public health management / veterinary medicine / academia

Bachelor of Laboratory Medicine (Honours)

**Careers**
Medical imaging professionals can work in a variety of settings, including hospitals, private practice, defence and research. They may also gain employment in specialist areas such as ultrasound, interventional imaging, and computed tomography.

**Degree Structure**

**First Year**
- Foundations of Health
- Human Anatomy 100
- Human Physiology 100
- Physics for Medical Radiation 1

**Second Year**
- Human Anatomy 201
- Human Physiology 100
- Physics for Medical Radiation 2
- Medical Imaging Clinical Practice 1
- Medical Imaging Studies 1
- Medical Imaging Studies 2

**Third Year**
- Advanced Evidence Based Practice
- CT and PET Imaging
- Medical Imaging Studies 3
- Elective

**Fourth Year**
- Medical Imaging Clinical Practice 2
- Specialised Medical Radiation
- Medical Imaging Clinical Practice 4
- Medical Imaging Professional Entry Practice 1
- Medical Imaging Professional Entry Practice 2

**Study South Australia’s only medical radiation science degree and choose to specialise in Medical Imaging, Nuclear Medicine or Radiation Therapy.** Focus on core courses in anatomy, physiology, pathology and radiation physics before completing specialised courses in your chosen area. Complete over 1,750 clinical placement hours, which begin in your second year of study. Take part in regular pre-clinical preparation workshops in your final year to further extend your skills as you move into advanced areas of practice and hear from clinical specialists who will teach you about current technologies and practices throughout your studies. After graduation, you will be eligible to apply for general registration with the Medical Radiation Practice Board of Australia (MRPBA).

Note: High achieving students may be considered for the Bachelor of Medical Radiation Science (Honours) program in third year.
Bachelor of Medical Radiation Science (Nuclear Medicine)

PROGRAM CODE: IBRS | CRICOS CODE: 088333G

*see pages 91–92 for details

Develop a career as a nuclear medicine technologist. Learn how to prepare and administer radioactive substances to evaluate the function of an organ or body system in order to diagnose and treat disease. Access industry-standard nuclear medicine software on campus to practise image manipulation and analyse patient data.

CAREERS
Nuclear medicine professionals can work across a variety of settings, including hospitals, private practice and research and development. You may also gain employment in specialist areas such as ultrasound, magnetic resonance imaging and computed tomography.

DEGREE STRUCTURE

NUCLEAR MEDICINE SPECIALISATION

FIRST YEAR
- Foundations of Health
- Human Anatomy 100
- Human Physiology 100
- Physics for Medical Radiation 1
- Pathology for Medical Radiation
- Human Physiology 101
- Physics for Medical Radiation 2
- Medical Radiation Clinical Human Anatomy

SECOND YEAR
- Applied Psychology
- Physics for Medical Radiation 3
- Nuclear Medicine Studies 1
- Human Anatomy 201 (Gross and Sectional)
- Nuclear Medicine Clinical Practice 1
- Nuclear Medicine Studies 2
- Physics for Medical Radiation 4
- Introduction to Evidence Based Practice and Research in Health Sciences

THIRD YEAR
- Advanced Evidence Based Practice
- CT and PET Imaging
- Nuclear Medicine Studies 3
- Elective
- Nuclear Medicine Studies 4
- Nuclear Medicine Clinical Practice 2
- Specialised Medical Radiation

FOURTH YEAR
- Nuclear Medicine Clinical Practice 3
- Nuclear Medicine Clinical Practice 4
- Nuclear Medicine Professional Entry Practice 1
- Nuclear Medicine Professional Entry Practice 2

Bachelor of Medical Radiation Science (Radiation Therapy)

PROGRAM CODE: IBRS | CRICOS CODE: 088333E

*see pages 91–92 for details

Prepare for a career as a qualified radiation therapist. Learn to work alongside radiation oncologists and medical physicists to plan and deliver individual radiation treatments to patients. Develop the skills to use dedicated radiotherapy treatment planning software, to model doses and operate radiation equipment. Gain practical experience in our purpose-built, state-of-the-art Virtual Environment Radiotherapy Training (VERT) suite on campus.

CAREERS
Qualified radiation therapists can work across a variety of settings, including hospitals, private practice, research and development and medical technology companies. You may also gain employment in specialist areas such as brachytherapy and stereotactic radiotherapy.

DEGREE STRUCTURE

RADIATION THERAPY SPECIALISATION

FIRST YEAR
- Foundations of Health
- Human Anatomy 100
- Human Physiology 100
- Physics for Medical Radiation 1
- Human Physiology 101
- Physics for Medical Radiation 2
- Medical Radiation Clinical Human Anatomy

SECOND YEAR
- Applied Psychology
- Physics for Medical Radiation 3
- Radiation Therapy Studies 1
- Human Anatomy 201 (Gross and Sectional)
- Radiation Therapy Studies 2
- Introduction to Evidence Based Practice and Research in Health Sciences
- Physics for Medical Radiation 4
- Radiation Therapy Clinical Practice 1

THIRD YEAR
- Advanced Evidence Based Practice
- CT and PET Imaging
- Radiation Therapy Studies 3
- Elective
- Radiation Therapy Studies 4
- Radiation Therapy Clinical Practice 2
- Specialised Medical Radiation

FOURTH YEAR
- Radiation Therapy Clinical Practice 3
- Radiation Therapy Clinical Practice 4
- Radiation Therapy Professional Entry Practice 1
- Radiation Therapy Professional Entry Practice 2

POSTGRADUATE

ALLIED HEALTH

Master of Occupational Therapy (Graduate Entry)

unisa.edu.au/occupational-therapy

City East

2 years full-time

Professionally accredited

February intake

$11,128.00 pa* indicative 2021

IELTS Total ............. 7.0
IELTS Reading .......... 7.0
IELTS Writing .......... 7.0
IELTS Listening ......... 7.0
IELTS Speaking ......... 7.0

PROGRAM CODE: IMOG | CRICOS CODE: 024071J

*see pages 93–95 for details

Designed for students who have completed a health-related bachelor’s degree, this program will provide you with the requirements to practise as a registered occupational therapist in just two extra years of study. Learn how to assist people in managing constraints caused by injury or illness, as well as emotional, developmental, environmental, societal, age-related and psychological limitations. Benefit from highly practical learning with over 1,000 placement hours. Develop strong foundational knowledge in occupational science, occupational therapy practice and human neuroscience, along with critical communication and problem-solving skills. Graduate with a qualification accredited by the Occupational Therapy Council (Australia & New Zealand). The program is also approved by the World Federation of Occupational Therapists and the Occupational Therapy Board of Australia for professional registration as an Occupational Therapist in Australia.

CAREERS
Occupational therapists can work in a variety of settings, including hospitals, private practice, community health services, rehabilitation centres, aged care facilities, community services, home care, local councils, government departments and schools.

ENTRY REQUIREMENTS

- Bachelor degree or higher from a recognised higher education institution completed in the last ten years with a minimum Grade Point Average (GPA) of 5 or international equivalent score
- Applicants must also have successfully completed set prerequisite courses. For more information, visit unisa.edu.au/occupational-therapy
Master of Advanced Clinical Physiotherapy (Musculoskeletal)

**PROGRAM CODE:** IMAP | **CRICOS CODE:** 088576K

*see pages 93–95 for details

Further your expertise in musculoskeletal physiotherapy. Gain advanced knowledge in clinical reasoning, communication, physical and psychosocial examination, as well as education and procedural management. Learn through a balance of theoretical and practical classes. Take core courses in allied health evidence translation, facilitating change in cognitive behaviours and lifestyle, pain science, assessment and management, and advanced musculoskeletal examination and management. Graduate with a qualification accredited by the Australian Physiotherapy Association and Musculoskeletal Physiotherapy Australia. You will also be eligible for Titled Membership with Sports Physiotherapy Australia.

**CAREERS**

This program is designed for qualified physiotherapists seeking to further their qualifications and can lead to careers in settings such as elite sports, amateur sports, and science, and advanced physiotherapy teams and individuals. Take core courses in musculoskeletal physiotherapy, pain theory and science, and advanced physiotherapy sports theory and management. Graduate with a qualification accredited by the Sports Professional Practice Standards Committee of the Australian Physiotherapy Association.

**DEGREE STRUCTURE**

**FIRST YEAR**

- Allied Health Research Evidence Translation
- Musculoskeletal Physiotherapy Theory and Practice 1
- Pain Theory and Science
- Pain Assessment, Rehabilitation and Management
- Advanced Physiotherapy Practice 1
- Advanced Physiotherapy Practice Musculoskeletal

**SECOND YEAR**

- Allied Health Research Evidence Translation
- Musculoskeletal Physiotherapy Theory and Practice 2
- Pain Theory and Science
- Advanced Physiotherapy Practice 2
- Advanced Physiotherapy Practice Musculoskeletal

---

Master of Advanced Clinical Physiotherapy (Sports)

**PROGRAM CODE:** IMAP | **CRICOS CODE:** 088577J

*see pages 93–95 for details

Study an advanced qualification in sports physiotherapy. Enhance your knowledge, clinical skills and application of evidence-based practice in the treatment of sporting and other injuries sustained in field and outpatient settings. Develop quick decision-making skills to triage injuries during events and to perform pre-season screening, as well as understanding how to develop injury prevention strategies for teams and individuals. Take core courses in musculoskeletal physiotherapy, pain theory and science, and advanced physiotherapy sports theory and management. Graduate with a qualification accredited by the Sports Professional Practice Standards Committee of the Australian Physiotherapy Association.

**CAREERS**

You will also be eligible for Titled Membership with Sports Physiotherapy Australia.

**DEGREE STRUCTURE**

**FIRST YEAR**

- Allied Health Research Evidence Translation
- Musculoskeletal Physiotherapy Theory and Practice 1
- Pain Theory and Science
- Advanced Physiotherapy Practice 1
- Advanced Physiotherapy Practice Sports

**SECOND YEAR**

- Allied Health Research Evidence Translation
- Musculoskeletal Physiotherapy Theory and Practice 2
- Pain Theory and Science
- Advanced Physiotherapy Practice 2
- Advanced Physiotherapy Practice Sports

---

Master of Health Services Management

**PROGRAM CODE:** IMHM | **CRICOS CODE:** 096783C

*see pages 93–95 for details

Graduate with a postgraduate qualification that will prepare you for a wide variety of leadership and management positions across the healthcare and ageing sectors. Study a unique blend of health and business related courses with a contemporary health management focus. Develop critical skills in management, administration, leadership, communication, project management and financial management. Build your knowledge in providing overall strategic direction and management to services and organisations; develop competencies in designing rigorous quantitative research to inform healthcare knowledge, practice, and policy; prepare to work in senior levels of management influencing high-level organisation, financial and administrative decisions, and control administrative operations such as reporting and budget planning. You may also partner with industry and complete a major project targeting a real-world health management issue. Benefit from a curriculum influenced by world-class business and management research.
CAREERS
Clinical manager / practice manager / aged care manager / health and welfare services manager / medical administrator / hospital administrator / primary health organisation manager

ENTRY REQUIREMENTS
Bachelor degree from a recognised higher education institution. Some applicants may be eligible for Advanced Standing and can complete the program in 1.5 years full-time study.

DEGREE STRUCTURE

FIRST YEAR
People, Leadership and Performance
Responsible Leadership in Health
Quantitative Design for Nursing, Midwifery and Health Research
Workplace Health and Safety Management
Workplace Learning and Development
Project Management for Business
Managing Change
Financial and Economic Management for Health and Aged Care

SECOND YEAR
Service Management
Business Analytics and the Data-driven Organisation
Business Ethics
Strategy for Health and Aged Care Managers
Performance Review and Health Economics
Health Ethics
Capstone in Health Services Management

MASTER OF MEDICAL SONOGRAPHY

Master of Medical Sonography

Degrees:
• Master of Medical Sonography (General)
• Master of Medical Sonography (Cardiac)
• Master of Medical Sonography (Vascular)

unisa.edu.au/medical-radiation

Nested with: Graduate Diploma in Medical Sonography (General) (IGSO), Graduate Diploma in Medical Sonography (Cardiac) (IGSO), Graduate Diploma in Medical Sonography (Vascular) (IGSO)

Designed for qualified allied health professionals, these part-time programs will extend your knowledge and practical skills in ultrasound imaging. Choose a broad qualification or specialise in either cardiac or vascular sonography. Study a combination of theory and practice where you will gain advanced technical skills and a strong understanding of key areas such as health science, physics, anatomy and pathology. In the Cardiac specialisation, you will focus on the cardiovascular system including cardiac pressures and congenital heart disease. In the Vascular specialisation, you will explore the circulatory system for signs of disease or obstruction. Complete more than 2,000 practical hours of supervised imaging and clinical assessments and pursue a clinical project or research pathway in your final year. Benefit from flexible learning with online study options and on-campus workshops. Graduates will be eligible to apply for registration with the Australian Sonographer Accreditation Registry (ASAR) as an accredited sonographer.

CAREERS
Accredited medical sonographers can work in a variety of settings, including hospitals, private practice, clinics, laboratories and research.

ALL SPECIALISATIONS
• A bachelor degree in medical radiation science or allied health or health science, or equivalent qualification with a minimum Grade Point Average (GPA) of 5 or international equivalent; or
• A relevant graduate diploma in medical/cardiac/vascular sonography or equivalent qualification with a minimum GPA of 5 or international equivalent; or
• Relevant accreditation as a medical/cardiac/vascular sonographer with five years of accredited experience; or
• Relevant accreditation as a medical/cardiac/vascular sonographer with two years’ experience where accreditation was awarded following completion of a recognised bachelor degree.

IN ADDITION, FOR THE GENERAL SPECIALISATION:
• Successful completion of prerequisite courses within the last ten years from a recognised higher education institution.

DEGREE STRUCTURE

EXAMPLE: GENERAL SPECIALISATION

LEVEL ONE
Ultrasound Physics and Instrumentation
Professional Issues for Sonographers
Abdominal Sonography
Superficial Parts Sonography

LEVEL TWO
Obstetric and Gynaecologic Sonography
Vascular Sonography
Musculoskeletal Sonography
Clinical Sonography Portfolio

LEVEL THREE (RESEARCH PATHWAY)
Qualitative Design for Nursing, Midwifery and Health Research OR Quantitative Design for Nursing, Midwifery and Health Research
AND
Minor Thesis 1
Health Science Minor Thesis 2

WE ALSO OFFER

Master of Physiotherapy (Graduate Entry)
Masters by Research
Doctor of Philosophy (PhD)
Master of Clinical Pharmacy

*This program is not available to onshore student visa holders

IMPORTANT NOTE
These programs are not available to international student visa holders and are only available part-time and through online delivery. Theory examinations can be completed at external exam centres; however all students are required to attend clinical assessments on campus. Applicants are also responsible for organising their own training position in an Ultrasound department in order to complete the required scanning experience.

unisa.edu.au/study
IT, ENGINEERING AND THE ENVIRONMENT

Be at the forefront of innovation and technology. Join a vibrant hub of forward-thinking students, academics and researchers, working to unlock new possibilities in the communication and information technology, engineering, science, defence and aerospace industries. Collaborate with industry through real-world projects and fieldwork to provide solutions that have a positive impact on end-users. Study near Technology Park in Adelaide’s northern suburbs — a nexus of more than 100 high-tech companies with opportunities for knowledge sharing, product development, research and professional networking.

optional  required

“I’m really impressed with the balance between theoretical and practical aspects of my study. It provides a fun and enjoyable way to learn concepts that are necessary for our professional development. The teaching staff are also extremely approachable.”

Steve Nyanchoga
KENYA
Bachelor of Engineering (Honours) (Electrical and Electronic)

“I chose to study in Adelaide because it is a peaceful and organised city with a lot of cultural diversity. The University of South Australia is also well-ranked and Mawson Lakes Campus has modern learning spaces, which are great for private study and group projects.”

Ana Cruz Baltuano
PERU
Master of Engineering (Water Resources Management)
UNDERGRADUATE

AVIATION

Bachelor of Aviation (Flight)
unisa.edu.au/aviation

Mawson Lakes Campus
3 years full-time
$A39,700 pa* indicative 2021
February and July intakes

Program Code: LBAF | CRICOS Code: 095900M
*see pages 91–92 for details

Take the first steps towards becoming a pilot and build a career that will allow you to travel the world. Study at a university that teaches theory and practice at the same time, with 15-20 hours of real flight training experience provided in the first year of your degree. You will also have the option to separately study for your Commercial Pilot Licence, which you can do concurrently with your university studies (subject to specific entry requirements). Develop fundamental knowledge in aerodynamics, meteorology, navigation, flight planning, and aircraft power plants and systems. Access state-of-the-art technologies on campus, including a CASA-certified Boeing 737 Next Generation flight simulator. You will also gain real-world experience through our connection with the Civil Aviation Safety Authority (CASA) by submitting flight plans and accessing the latest aerodrome alerts.

Note: For the flight training component of this degree, you must obtain a minimum of a Class II Medical with at least six months validity. You must also remain compliant with the Aviation Academy’s Drug and Alcohol Management Plan (DAMP).

Following additional flight training, this degree can lead to the following careers:

Commercial pilot / corporate pilot / firefighting pilot / medical and air ambulance pilot / defence force pilot / flight instructor

Degree Structure

FIRST YEAR
Flight Training Theory 1
Professional and Technical Communication
Introduction to Aviation
Aviation Practice
Commercial Pilot Theory
Flight Experience

SECOND YEAR
Communications and Research Methods
Aviation Physics 1N
Aviation Law
University Elective
Introduction to Aviation Management
Introduction to Aviation Safety
Elective

THIRD YEAR
Airline Transport Pilot Theory 1
Risk and Safety Management Systems
Elective
Airline Transport Pilot Theory 2
Large Aircraft Flight Operations
Aviation Project
Aviation Operations Management

Bachelor of Aviation (Management)
unisa.edu.au/aviation

Mawson Lakes Campus
3 years full-time
$A36,600 pa* indicative 2021
February and July intakes

Program Code: LBAN | CRICOS Code: 088879F
*see pages 91–92 for details

Develop a global career in aviation management. Build your knowledge in complex airport and flight operations. Focus on key areas such as aviation law, airline finance, operations management, economics and marketing, safety and human factors, and professional and technical communication. Learn about air operations dispatch, airport management, computer-controlled flight management systems, crew resource management, flight operation technologies, flight planning and traffic control. Access our state-of-the-art flight simulators to build your understanding of pilot operations and different flying conditions. Benefit from close links to industry with coursework and materials aligned directly to industry needs and international best practice. Complete an aviation project in your final year, which focuses on a real-world challenge and showcases your knowledge along with critical analytical, research and presentation skills.

Careers
Airport services manager / airport operations manager / air traffic controller / commercial manager / human resources manager / logistics manager / marketing and business development manager / maintenance and safety specialist

Degree Structure

FIRST YEAR
Management and Organisation
Professional and Technical Communication
Introduction to Aviation
Aviation Practice
Quantitative Methods for Business
Introduction to Aviation Management
Introduction to Aviation Safety
Human Factors 1

SECOND YEAR
Airline Law
Principles of Economics
Aviation Marketing
Human Factors 2
Airline Finance
Aviation Economics
Aviation Operations Management
University Elective

THIRD YEAR
Risk and Safety Management Systems
Airport Management
Elective 1
Communications and Research Methods
Aviation Strategic Management
Organisational Leadership
Project Management: Principles and Strategies
Aviation Project

CONSTRUCTION

Bachelor of Construction Management (Honours)
unisa.edu.au/construction

City East Campus
4 years full-time
$A35,300 pa* indicative 2021
February and July intakes

Program Code: IHCN | CRICOS Code: 099379B
*see pages 91–92 for details

Study South Australia’s only honours degree combining construction management, quantity surveying and building surveying. Learn about the fundamentals of construction including building technology and building structures. Develop your knowledge in contract administration, development regulation and development economics. Tailor your studies by choosing to focus on two key specialisation areas in your final year, including Quantity Surveying, Building Surveying or Construction Management. Graduate career ready by completing the Professional Practice Program as part of your degree. Gain at least 450 hours of skills and competencies through a range of engagement activities such as placements, internships, guest lectures, industry panels, site visits, networking and events.

IT, ENGINEERING & THE ENVIRONMENT

unisa.edu.au/construction
Graduate with a degree that is accredited by the Australian Institute of Building and be eligible to apply for corporate membership. You will also be able to apply for membership with the Royal Institute of Chartered Surveyors (UK). Students who have completed the final year specialisation in Quantity Surveying will also be eligible to apply for corporate membership with the Australian Institute of Quantity Surveyors.

CAREERS
Construction manager / capital works manager / operations manager / quantity surveyor / building surveyor / project manager / site supervisor / estimator / construction planner / contract administrator / bid manager

Bachelor of Engineering (Honours) (Mechanical and Advanced Manufacturing)

PROGRAM CODE: LHMR | CRICOS CODE: 081814B

Integrate mechanical engineering knowledge with high-precision machinery, and advanced manufacturing and management techniques. Combine information and communication technologies with automation and innovative manufacturing practices to improve products and processes. Explore the latest in manufacturing such as intelligent systems, additive manufacturing, digital manufacturing, and industrial automation and automation.

CAREERS
Mechanical engineer / manufacturing engineer / industrial engineer / systems engineer / CAE engineer / quality engineer / product development manager / entrepreneur / project coordinator

DEGREE STRUCTURE
MECHANICAL AND ADVANCED MANUFACTURING SPECIALISATION
FIRST YEAR
Programming Concepts
Engineering Materials
Mathematical Methods for Engineers 1
Sustainable Engineering Practice
Mathematical Methods for Engineers 2
Engineering Mechanics
Electrical and Electronic Systems
Engineering Design and Innovation
SECOND YEAR
Mathematical Methods for Engineers 3
Mechanical Engineering Practice
Mechanics of Materials
Manufacturing Processes
Engineering Dynamics
Fluid and Energy Engineering
Mechanical Design Practice
Professional Engineering Design Practice
THIRD YEAR
Control Systems
Computer Aided Engineering Practice
Energy Conversion and Management
Intelligent Manufacturing Systems
Mechanics of Machines
Advanced Thermo-Fluid Engineering
Design in Plastics and Advanced Composites
Business Management for Engineers
FOURTH YEAR
Industrial Experience
Engineering Capstone Experience A
Engineering Honours Project A
Total Quality Management
Robotics and Automation
Engineering Capstone Experience B
Engineering Honours Project B
Integrated Industrial Action
Design for Manufacture and Assembly

Bachelor of Engineering (Honours) (Mechanical and Mechatronic)

PROGRAM CODE: LHMR | CRICOS CODE: 081815A

Learn to combine mechanical components with computing, integrated automation, and digital control to create new products and improve technical operating systems. Explore new ways to make systems smarter and improve technologies that meet human and environmental needs. Study specialised courses and the latest developments in robotics, machine tool control and machine vision systems.

CAREERS
Mechanical engineer / systems engineer / mechatronic device designer / mechatronic development engineer / automation engineer / robotics engineer / entrepreneur / project coordinator

DEGREE STRUCTURE
MECHANICAL AND MECHATRONIC SPECIALISATION
FIRST YEAR
Programming Concepts
Engineering Materials
Mathematical Methods for Engineers 1
Sustainable Engineering Practice
Mathematical Methods for Engineers 2
Engineering Mechanics
Electrical and Electronic Systems
Engineering Design and Innovation
SECOND YEAR
Mathematical Methods for Engineers 3
Mechanical Engineering Practice
Mechanics of Materials
Circuits and Signals
Engineering Dynamics
Fluid and Energy Engineering
Mechanical Design Practice
Professional Engineering Design Practice
THIRD YEAR
Control Systems
Computer Aided Engineering Practice
Energy Conversion and Management
Electromechanics
Mechanics of Machines
Digital Logic Fundamentals
Industrial Automation Systems
Business Management for Engineers
FOURTH YEAR
Industrial Experience
Engineering Capstone Experience A
Engineering Honours Project A
Advanced Control and Signal Processing
Machine Learning and Vision Systems
Engineering Capstone Experience B
Engineering Honours Project B
Integrated Industrial Action
Mobile Autonomous Robotic Systems

WE ALSO OFFER
Bachelor of Engineering (Honours) (Mechanical), Bachelor of Business

Bachelor of Information Technology

Degrees:
• Bachelor of Information Technology
• Bachelor of Information Technology (Games and Entertainment Design)
• Bachelor of Information Technology (Mobile Application Development)
• Bachelor of Information Technology (Networking and Cybersecurity)
• Bachelor of Information Technology (Software Development)

unisa.edu.au/IT

Build a dynamic career as an IT professional. Study core courses that will give you a solid foundation in IT, network, database and programming fundamentals, and systems analysis. Study a general IT degree or choose the specialisation that interests you most. Learn with the latest industry-standard technologies and tools in the IT Development Studio and IT Innovation Studio located on campus. Gain valuable practical experience through industry placements and internships, and collaborate with a real client on a final year ICT project. Graduate with a degree accredited by the Australian Computer Society.

Bachelor of Information Technology

PROGRAM CODE: LBCP | CRICOS CODE: VARIES

*see pages 91–92 for details

unisa.edu.au/study
Media, Innovation and Entrepreneurship, International Business, Marketing, or Management. Enjoy the flexibility of having the option to transfer into a specialised IT degree and receive study credit for successfully completed courses.

CAREERS
Software developer / networking analyst / web developer / IT consultant / database developer / IT manager / systems analyst / computer programmer / user interface developer

DEGREE STRUCTURE

FIRST YEAR
Information Technology Fundamentals
Problem Solving and Programming
Network Fundamentals
Design Thinking Studio
Object Oriented Programming
Data Driven Web Technologies
System Requirements and User Experience
System Requirements Studio

SECOND YEAR
Interface Design, Interaction and Experience
Web Development
Data Structures
Agile Development with .NET
Systems Design
Tools for Software Development
Game Asset Creation
Software Development with C++

THIRD YEAR
Computer Game Design Concepts
Small Business for Professionals
Mobile Game Development
Artificial Intelligence
Elective
Game Engines and Graphics
ICT Project

Bachelor of Information Technology (Games and Entertainment Design)

PROGRAM CODE: LBCP | CRICOS CODE: 083331E

Learn to develop new and exciting applications for different industries and markets. Apply technical skills and creativity to game-type productions, software and interfaces. Study core courses that will give you a solid foundation in IT, network, database and programming fundamentals, and systems analysis. You will then complete highly specialised courses focusing on computer graphics programming, multimedia design and information visualisation. Explore interface design, interaction and experience, tools for software development, game asset creation, computer game design concepts, mobile game development, and artificial intelligence.

CAREERS
Game designer / Android and iOS developer / mobile games developer / video game designer / video game system designer / game programmer / web developer / multimedia specialist

DEGREE STRUCTURE

CAREERS
Software developer / networking analyst / web developer / IT consultant / database developer / IT manager / systems analyst / computer programmer / user interface developer

SECOND YEAR
Interface Design, Interaction and Experience
Web Development
Data Structures
Agile Development with .NET
Systems Design
Tools for Software Development
Software Development with C++

THIRD YEAR
Small Business for Professionals
Concurrent Programming
Mobile Game Development
Information Security Management
Mobile Application Enterprise Development
Mobile Enterprise Workshop
ICT Project

Bachelor of Information Technology (Networking and Cybersecurity)

PROGRAM CODE: LBCP | CRICOS CODE: 067899J

Focus on the security of information in contemporary IT systems. Be at the forefront of security intelligence, finding new ways to combat escalating cyber-attacks and defending against spamming, malware, viruses and other threats. Develop the skills to support a network roll-out and infrastructure maintenance, as well as knowledge in networking topologies, routers and firewalls. Complete specialist courses including Digital Forensics, Cloud, Virtualisation and Storage, Information Security Management, and Network Security. The core networking courses will also prepare you to sit industry certification exams and will also help you build essential skills in CCNA, CISCO and CCNP.

CAREERS
Cybersecurity analyst / network administrator / network engineer / cybersecurity consultant / cybersecurity governance manager / policy adviser / IT service delivery manager

DEGREE STRUCTURE

FIRST YEAR
Information Technology Fundamentals
Problem Solving and Programming
Network Fundamentals
Design Thinking Studio
Object Oriented Programming
Data Driven Web Technologies
System Requirements and User Experience
System Requirements Studio

SECOND YEAR
Interface Design, Interaction and Experience
Web Development
Data Structures
Agile Development with .NET
Systems Design
Tools for Software Development
Software Development with C++

THIRD YEAR
Computer Game Design Concepts
Small Business for Professionals
Mobile Game Development
Artificial Intelligence
Elective
Game Engines and Graphics
ICT Project
### Bachelor of Software Engineering (Honours)

**unisa.edu.au/IT**

- **Mawson Lakes Campus**
- 4 years full-time
- A$3,530 pa* indicative 2021
- Selection Rank ...... 75
- IELTS Total .......... 6.0
- IELTS Reading ...... 6.0
- IELTS Writing ...... 6.0
- February and July intakes

**PROGRAM CODE:** LBCP | **CRICOS CODE:** 067897M

*see pages 91–92 for details

Co beyond traditional programming and develop specialist skills in software engineering. Study core courses to build your base knowledge in IT, network, database and programming fundamentals, and systems analysis. You will then explore advanced concepts and research methods in computer science including systems development, database and knowledge management, health informatics, networking and security. Learn to develop large, complex systems and focus on key areas such as tools for software development, software development with C++, agile development with .NET, concurrent programming, artificial intelligence, and cloud programming. You will also develop the cognitive skills needed for critical thinking, and the ability to understand and analyse the technical and design elements of software engineering. Complete a major specialist project focusing on a real-world IT issue, along with three software engineering minors in your final honours year. Learn with the latest industry-standard technologies and tools in the IT Development Studio and IT Innovation Studio located on campus. Graduate with a degree accredited by the Australian Computer Society.

### CAREERS

- Software engineer / test manager / software developer / Android and iOS developer / programmer / information systems manager / computer scientist

### DEGREE STRUCTURE

**FIRST YEAR**

- Network Fundamentals
- Problem Solving and Programming
- Information Technology Fundamentals
- Design Thinking Studio
- Object Oriented Programming
- Data Driven Web Technologies
- Systems Requirements and User Experience
- System Requirements Studio

**SECOND YEAR**

- Agile Development with .NET
- Concurrent Programming
- Artificial Intelligence
- Elective
- Cloud Programming
- Computer Science Topics for Software Engineers
- Mobile Application Enterprise Development
- Systems Architecture

**THIRD YEAR**

- Agile Development with .NET
- Concurrent Programming
- Artificial Intelligence
- Elective
- Cloud Programming
- Computer Science Topics for Software Engineers
- Mobile Application Enterprise Development
- Systems Architecture

**FOURTH YEAR**

- Mobile Application Enterprise Development
- Computer Science Topics for Software Engineers
- Cloud Programming
- Artificial Intelligence
- Concurrent Programming
- Agile Development with .NET

---

### Bachelor of Science

**unisa.edu.au/science**

- **Mawson Lakes Campus**
- 3 years full-time
- A$3,300 pa* indicative 2021
- Selection Rank ...... 70
- IELTS Total .......... 6.0
- IELTS Reading ...... 6.0
- IELTS Writing ...... 6.0
- February and July intakes

**PROGRAM CODE:** LBSC | **CRICOS CODE:** 024220A

*see pages 91–92 for details

Unravel the mysteries of the natural and physical world. Build your career as a scientist, making predictions and informed decisions through the systematic study of the nature and behaviour of the physical universe. Study the fundamentals of science through observation, experiment and measurement. Tailor your degree by choosing two majors that align with your interests and career goals, including Applied Physics, Biology, Chemistry, Ecosystem Sciences, or Mathematics. Gain practical experience through laboratory and field work. Access state-of-the-art facilities and engage with researchers at the multi-million dollar Future Industries Institute on campus. Continue your studies with the Master of Teaching (Secondary) to become a science teacher.

Note: Students interested in taking a major in another area of science can discuss their options with the University after enrolment.
UNDERGRADUATE DEGREES / POSTGRADUATE DEGREES

DEGREE STRUCTURE

To learn more about how to become a teacher, visit unisa.edu.au/become-a-teacher

CAREERS
This degree can lead to careers in a variety of areas, including:

Research laboratories / medical and pharmaceutical industries / manufacturing / environmental management / food development / mining and energy / information technology / defence science / meteorology / teaching (with further study)

Bachelor of Environmental Science

unisa.edu.au/enviro

Build a career in environmental sustainability, exploring how humans interact with the environment and how we can best manage it. Study core courses in biology, soil science, ecology, conservation, geology and social sciences. Complete in-depth examinations in biological and earth sciences. Develop essential skills working with Geospatial Information Systems (GIS) to capture, analyse and manage spatial and geographic data. Choose a major study area to tailor your degree, including Ecology and Conservation, or Earth Science and Environmental Chemistry. Learn in a state-of-the-art immersive virtual environment on campus using Project Live visualisation technology, which transforms traditional classroom activities into interactive learning. Access cutting-edge digital imagery of local environments and the tools to process data and evaluate its meaning. Through this technology you will become familiar with the latest digital imaging, mapping and spatial analysis techniques. Gain additional practical experience through hands-on field work and real-world projects. Continue your studies through the Master of Teaching (Secondary) to teach science up to Year 10 and Environmental Science to Year 12.

CARERS
Environmental adviser / land management officer / sustainability officer / environmental consultant / ecologist / environmental scientist / environmental project officer / environmental strategy manager / environmental researcher / teacher (with further study)

To learn more about how to become a teacher, visit unisa.edu.au/become-a-teacher

ECOSYSTEM SCIENCES MAJOR

Environment: A Human Perspective
Biodiversity for the Environment
Sustainable Ecosystems
Ecology
Environmental Interpretation and Community Engagement
Environmental Conflict and Public Consultation
Restoration Ecology
Park and Ecotourism Management

MATHEMATICS MAJOR

Calculus 1
Calculus 2
Linear Algebra
Fundamentals of Real Analysis
Differential Equations 1
Mathematical Sciences Project
Topics in Mathematics 1
Multivariable Calculus

ECOLOGY AND CONSERVATION MAJOR

SECOND YEAR

Real-world projects
Selection Rank …… 70
IELTS Total ………………… 6.0
IELTS Reading ………… 6.0
IELTS Writing ………… 6.0

February and July intakes

Bachelor of Mathematics (Data Science)

unisa.edu.au/mathematics

Mawson Lakes Campus
3 years full-time
$35,300 pa* indicative 2022
February and July intakes

PROGRAM CODE: LBMH | CRICOS CODE: 095006G
*see pages 91–92 for details

Prepare for a career in the growing field of data science where skilled professionals are in high demand. Discover ways to analyse and interpret vast amounts of data to provide intelligent business insights. Learn to solve complex problems through quantifying and understanding data. Study a balanced mix of courses in mathematics, information technology and data science. In first year, you will focus on building your mathematical and programming skills with courses in calculus, statistical methods, fundamentals of programming, and databases. You will then move into applied data science studies through cross-disciplinary areas such as web development, data structures, mathematical communication and mathematical modelling. In final year, you will develop skills in programming and networking, project management and analytics. Gain hands-on experience through a major ICT project working on a real-world challenge and strengthen your abilities in research, analysis and interpretation of data. Continue your studies with the Master of Teaching (Secondary) to become a mathematics teacher.

CAREERS
Data scientist / data analyst / business intelligence analyst / data architect / data mining engineer / visualisation designer / data consultant / big data engineer / big data researcher / teacher (with further study)

To learn more about how to become a teacher, visit unisa.edu.au/become-a-teacher

DEGREE STRUCTURE

FIRST YEAR
Calculus 1
Statistical Methods
Problem Solving and Programming
Discrete Mathematics

Calculus 2
Linear Algebra
Object Oriented Programming
Data Driven Web Technologies

SECOND YEAR
Applied Probability
Data Structures
Web Development
Interface Design, Interaction and Experience
Mathematical Communication
Mathematical Modelling
Data Analytics using R
Analytics for Decision Making

THIRD YEAR
Linear Programming and Networks
Predictive and Descriptive Analytics
Visualisation for Data Science
Mathematics Clinic 1 OR Elective

Text and Social Media Analytics
Business Intelligence and Analytics
ICT Project OR Advanced Mathematics Clinic
Mathematical/IT OR Science Elective

Bachelor of Mathematics (Industrial and Applied Mathematics)

Mawson Lakes Campus
3 years full-time
$35,300 pa* indicative 2022
February and July intakes

PROGRAM CODE: LBMH | CRICOS CODE: 095007G
*see pages 91–92 for details

Apply mathematical methods and models to find solutions to practical problems. Explore the relationship and application of mathematics to other disciplines such as physics, engineering, information technology and biology. Develop your problem-solving and analytical skills by studying key courses in simulation theory, algebra, differential equations and stochastic calculus. Broaden your knowledge and skills through additional courses in IT and programming focusing on statistical methods, fundamentals of programming, and understanding databases. Participate in the Maths Clinic program in your final year, working closely with an industry partner on a real-world project. Gain international experience through a study exchange. Continue your studies with the Master of Teaching (Secondary) to become a mathematics teacher. You also have the option of transferring into the Bachelor of Mathematics (Data Science) and receiving study credit for successfully completed courses.

CAREERS
Biostatistician / cryptanalyst / business data analyst / forecast analyst / business intelligence developer / mathematician / information analyst / data modeller / information security analyst / researcher / teacher (with further study)

*see pages 93–95 for details

Join a rapidly growing industry tasked with protecting critical IT infrastructure and information. Study technical topics such as network infrastructure, security operations, web and cloud security, and cybersecurity planning and compliance. Develop the leadership and negotiation skills needed for a cybersecurity expert, and to manage cybersecurity projects and personnel. Explore cybersecurity defence strategies for complex environments, including penetration testing and presentation methods for communicating technical topics to broader audiences. Learn how to apply technical skills to organisational contexts with a focus on risk management and incident response. Gain valuable practical experience by completing a final-year cybersecurity exercise where you will devise and implement a defence strategy for a complex enterprise environment. Collaborate with our Innovation and Collaboration Centre, and access industry expertise in technology, design, business growth, management, marketing and commercialisation.

CAREERS

Security analyst / cryptanalyst / security software developer / cybersecurity specialist / system security engineer / cyber solutions architect / cybersecurity adviser / cybersecurity manager / test lead

ENTRY REQUIREMENTS

- Bachelor degree in information technology or mathematics from a recognised higher education institution,
or
- Graduate certificate in information technology or a graduate certificate in information systems from a recognised higher education institution,
or
- Graduate diploma in information technology or a graduate diploma in information systems from a recognised higher education institution.

POSTGRADUATE DEGREES

Nested with: Graduate Certificate in Data Science (LCDS), Graduate Diploma in Data Science (LMDS)

Mawson Lakes

Real-world projects

IELTS Total: 6.5
IELTS Reading: 6.0
IELTS Writing: 6.0

February and July intakes

PROGRAM CODE: LMDS | CRICOS CODE: 079912G

Enter the revolutionary field of big data where there is a growing demand for qualified data scientists. Learn how to find patterns, make meaning and draw value from large data sets, which can be applied across a wide range of industries and business environments. Build strong foundational skills in data and statistics, such as data analytics, big data basics, statistical programming, and relational databases and warehouses. Learn to analyse and visualise rich data sources, spot data trends and generate data management strategies. Benefit from coursework designed in consultation with industry, including the Institute of Analytics Professionals of Australia and the leader in business analytics and software – SAS. Complete a professional project in your final year, gaining practical experience in modern data techniques and practices.

CAREERS

Data scientist / big data visualiser / business intelligence analyst / information security analyst / social media analyst / customer insights analyst / data analyst / data engineer / research analyst

ENTRY REQUIREMENTS

- Bachelor degree in information technology or mathematics from a recognised higher education institution,
or
- Graduate diploma or graduate certificate in data science from a recognised higher education institution.

DEGREE STRUCTURE

FIRST YEAR
IT Concepts
Network Infrastructure
Security Principles
Security Governance

Security Consultancy
Network Security
Operating Systems and Application Security
Web and Cloud Security

SECOND YEAR
Digital Forensics Essentials
Industrial Internet Security
Enterprise Security
Cybersecurity Risk and Compliance

Security Architecture
Capstone Professional Project
Master of Engineering (Engineering Management)
unisa.edu.au/engineering

Master of Engineering (Electrical Power)

PROGRAM CODE: LMEL | CRICOS CODE: 079908C
*see pages 93–95 for details

Further your knowledge in electrical engineering with a particular focus on electrical power. Studying modern power systems, renewable and distributed energy generation, and advanced machine modelling. Tailor your studies through a range of elective courses focusing on areas such as advanced control, digital signal processing, industrial autonomous systems and linear electronic circuits. Complete a minor thesis as a core course, applying advanced research methods to a real-world challenge (such as renewable energy storage or the optimisation of electrical power systems), or an industry-related project.

CAREERS
Electrical engineer / project engineer / operations manager / project development manager / renewable energy projects manager / asset management manager / sustainable energy engineer / researcher

DEGREE STRUCTURE

ELECTRICAL POWER SPECIALISATION

FIRST YEAR

CORE COURSES
Renewable Energy Systems UG
Power System Analysis
Engineering Research Practice

SPECIALISATION COURSES
Select a total of 22.5 units from the following:
- Design and Integration of Renewable Energy Systems
- Operation and Control of Modern Power Systems
- Power Electronics
- Learning in the Workplace Project

Advanced Control and Signal Processing
Electronic Filters and Amplifiers
VLSI Design
Digital Signal Processing
Industrial Automation Systems
Energy and Society

SECOND YEAR

CORE COURSES
Renewable and Distributed Power Generation
Advanced Electrical Machines
Advanced Power System Modelling and Analysis
Engineering Minor Thesis 1
Engineering Minor Thesis 2

Select one of:
- Engineering Economic Analysis
- Total Quality Management
- Lean Six Sigma
- Project Planning and Control G
- Enterprise Resource Planning
- Operations Management Systems

WE ALSO OFFER
Graduate Diploma in Engineering (Engineering Management)
Master of Environmental Science

unisa.edu.au/enviro

Nested with: Graduate Diploma in Environmental Science (LGES)

DEGREE STRUCTURE

FIRST YEAR
- Arid Land Environments
- Valuing the Environment
- Elective 1
- Elective 2

- Community Partnerships
- Natural Resource Management
- Environmental Impact Assessment N
- Elective 3

SECOND YEAR
- Masters Research Theory and Practice
- Engineering and Environmental Masters Design Project
- Elective 4
- NBE Masters Research Project
- Elective 5
- Elective 6

CAREERS
- Natural resource manager / environmental manager / environmental management consultant / environmental planner / sustainability adviser / environmental policy adviser / environmental scientist / project manager / researcher

ENTRY REQUIREMENTS
- • Bachelor degree, graduate certificate or graduate diploma in a relevant discipline (typically including science, engineering, environmental studies or environmental management) from a recognised higher education institution, or equivalent qualification.
- • Some applicants may be eligible for Advanced Standing and can complete the program in one year or 1.5 years of full-time study.
- • Applicants with qualifications in other disciplines are encouraged to apply and will be assessed on a case-by-case basis.

PROJECT MANAGEMENT

Master of Project Management

unisa.edu.au/projectmanagement

Nested with: Graduate Diploma in Project Management (GCP)

DEGREE STRUCTURE

FIRST YEAR
- Principles of Project Management
- Project Risk Management
- Procurement and Contract Management
- Project Governance and Ethics
- Project Control Methods
- Project Leadership and Teams
- Economic, Social and Environmental Analysis
- Project Risk Management

SECOND YEAR
- NBE Masters Research Project
- Portfolio and Program Management
- Strategy in Project Organisations
- Managing Complexity in Projects
- Professional Practice Project
- Business Continuity Management Systems

CAREERS
- Qualified project managers can work across a wide range of industries, including:
  - information technology / construction / engineering / health / defence / finance / mining and resources / biopharmaceuticals / the arts / communications and media / education / government / not-for-profit

ENTRY REQUIREMENTS
- • Bachelor degree from a recognised higher education institution; or
- • Graduate certificate or graduate diploma in project management from a recognised higher education institution

WE ALSO OFFER
- Graduate Certificate in Environmental Science
- Graduate Diploma in Environmental Science
- Graduate Diploma in Project Management (Contract Management)
- Master of Applied Project Management
- Masters by Research
- Doctor of Philosophy (PhD)

unisa.edu.au/study
Undergraduate admissions

You will need to have completed one of the following for entry:

» An Australian Year 12 or equivalent international program; or
» A recognised Foundation Studies program; or
» A SAIBT, Eynesbury, TAFE or other recognised tertiary pathway program.

To apply, visit unisa.edu.au/international/apply

AUSTRALIAN TERTIARY ADMISSION RANK (ATAR)

If you are an international student studying the Australian Year 12 curriculum in Australia or offshore, entry to our undergraduate degrees is determined by a Selection Rank score, which is provided for every program. The Selection Rank is your Australian Tertiary Admissions Rank (ATAR) including any Adjustment Factors (formerly known as Bonus Points). Applications for entry are completed through the South Australian Tertiary Admissions Centre (SATAC).

For more information, and to apply, visit satac.edu.au

STUDY CREDIT

If you have completed previous studies at university, in a diploma program or an equivalent post-secondary qualification, you may be eligible to receive study credit, exemptions or advanced standing towards your degree. You may also be considered for credit if you have work experience in an area relevant to your studies.

To check your eligibility, visit creditassessor.unisa.edu.au

Postgraduate admissions

You will need to have completed one of the following for entry:

» An undergraduate degree, to the required standard, from a recognised higher education institution in Australia or the international equivalent; and/or
» The equivalent professional work experience.

The University offers both coursework and research degrees.

English language requirements

The table on the next page sets out the minimum English language requirements for entry into our degrees (but should be used as a guide only). Many degrees require higher English language proficiency scores, so you will need to check the specific score for your preferred program.

Applicants from countries where English is an official language, or who have recent study experience in an English setting, may be eligible to use this to meet the English language proficiency requirement. Certified documentation is required. We will consider all applications on a case-by-case basis.

The Centre for English Language at the University of South Australia (CELUSA) provides programs designed to prepare students from non-English speaking backgrounds for university study. CELUSA is suited to both undergraduate and postgraduate applicants that do not meet the University’s English language entry requirements and offers Academic English (AE) language preparation programs.

For more information, visit unisa.edu.au/english-language-requirements

STREAMLINED VISA APPLICATION

Apply to study with one of our education partners and receive a packaged offer that allows you to apply for one student visa for the entire duration of your study under the Simplified Student Visa Framework (SSVF). For more information, see pages 86-87.

</tbody>
</table>

**Note 1:** Students require an additional year of study following their high school studies. This can include the successful completion of a recognised pre-tertiary program; Foundation Studies; or one year of study at a recognised tertiary or higher education institution.

**Note 2:** Students must have a minimum of six points for entry (some programs require a higher score) and have completed 3x A levels. The score is calculated using the best 3 subjects and can include local languages and 1 Advanced Subsidiary (AS) grade. AS grades cannot be used for any pre-requisite subject/s. The scoring system is A*=6, A=5, B=4, C=3, D=2, E=1.

**Note 3:** Selection Rank is your Australian Tertiary Admission Rank (ATAR) including any Adjustment Factors (formerly known as Bonus Points).
Undergraduate pathway options

There are many alternative pathways to help you gain entry into the University of South Australia. This includes on-campus programs delivered at City West and City East, as well as other off-campus options.

To learn more, visit unisa.edu.au/international-pathways

ON CAMPUS

THE SOUTH AUSTRALIAN INSTITUTE OF BUSINESS AND TECHNOLOGY (SAIBT)

SAIBT offer an early transition program and a range of diploma programs that provide entry into over 90 undergraduate degrees at the University of South Australia (please note some programs require a competitive Grade Point Average). The SAIBT programs are an ideal alternative if you are ineligible for direct entry into your preferred degree. Successful completion of your SAIBT program will provide direct entry into either first or second year (with credit granted) of your chosen program.

Diplomas include:

- Diploma of Arts
- Diploma of Business
- Diploma of Engineering
- Diploma of Information Technology
- Diploma of Health Science

CENTRE FOR ENGLISH LANGUAGE (CELUSA)

The Centre for English Language at the University of South Australia (CELUSA) delivers high quality Academic English programs designed to prepare students from non-English speaking backgrounds for university study. CELUSA is suited for applicants who do not meet the University’s English language entry requirements and offers Academic English (AE) language preparation programs. Students who are eligible for and successfully complete an AE program (at an appropriate level) will be able to commence their studies at the University of South Australia or a pathway program through SAIBT. CELUSA is also an IELTS and OET test centre.

Eynesbury College offers a range of programs that can lead into the first or second year of an undergraduate degree at the University of South Australia.

**Eynesbury College programs include:**

- English Language programs (for undergraduate and postgraduate entry)
- Senior High School (Years 10, 11 and 12)
- Foundation Studies Program
- Diploma Studies: Business or Computing & IT
- Diploma: Business, Engineering or Computing and IT

Located in the city centre, Eynesbury College is close to our City East and City West campuses, and offers excellent teaching quality and support for students. The college is also a Pearson PTE Academic test centre.

TAFE SA packaged programs offer you a practical way of achieving your end goal of an undergraduate degree from the University of South Australia.

Successfully completing a TAFE SA Diploma, Advanced Diploma or Associate Degree provides entry into a range of undergraduate degrees at the University of South Australia, and credit for previous study can lead you directly into year 1, 2 or 3, reducing the overall study time through credit transfers.

TAFE SA English for Academic Purposes 20 (064266M) and English for Academic Purposes Advanced (086001K) can provide direct entry into some degrees.

HEP code: PRV14002
How to apply: undergraduate and postgraduate

Find your degree
Explore your study options in this guide or go online for more information.
unisa.edu.au/study

Check admission requirements
Make sure you are aware of entry requirements for the University as well as individual program requirements:
✓ English language requirements
✓ Guidelines on genuine temporary entry
✓ Guidelines on living costs and evidence of funds
unisa.edu.au/international/apply

Apply
Once you have found the program you wish to study, you can apply online either directly or via an Education Agent. Apply at least two months before you intend to start studying. Some students may require more time to ensure they receive their visa.

Apply directly — You can apply directly via our secure online service. Save your application and return later to continue the process and track your progress.

Education Agents — Depending on your country of citizenship, you may be required to apply through one of our registered Education Agents. A full list is available online at unisa.edu.au/find-an-agent

unisa.edu.au/international/apply

Supporting documentation
Attach the following documents to your online application to avoid delays.

• Certified* copies of academic transcripts and graduation certificates, including information on your institution’s grading system as required;
• English language test results (e.g. IELTS or TOEFL) where applicable;
• Detailed syllabi/course outlines of previous studies if you are applying for credit or advanced standing;
• Additional academic and employer references if required; and
• A certified* copy of the personal details page and signature page of your passport.

*A certified copy is a copy of the original document that has been certified by an official such as a University of South Australia Education Agent or staff member, justice of the peace, notary public, police officer or examining authority.
Application assessment

Application outcomes will be advised within one to two weeks from the date received (including all supporting documentation required).

If you are eligible for your chosen program, an offer letter package will be sent to you, or your Education Agent, via email. If you are not eligible, we may suggest alternative programs or pathway studies. Your application will be assessed in accordance with the University’s Selection and Entry to Programs Policy, which includes the guidelines on genuine temporary entry and guidelines on living costs and evidence of funds.

unisa.edu.au/international/apply

Accept your offer

To accept a place in your offered program, you will need to:

- Check the offer letter package
- If all details are correct, log in and complete the following steps:
  1. View your offer.
  2. Click the Actions button and select Respond to Offer.
  3. Ensure the offer details are correct and select Accept Offer.
  4. Upload any additional documents required to meet your condition/s (if applicable).
  5. Select the box to confirm you have read, understood and agree to the terms and conditions of the offer.
  6. Enter your full name and any comments you have before clicking Accept Offer.
  7. Pay via bank transfer or credit card using the Western Union GlobalPay for Students portal.
  8. Once you have finalised your payment, we will action your acceptance.

If you have an Education Agent, they can help you accept your offer via student-unisa.studylink.com

Student visas

We will send you a Confirmation of Enrolment (CoE) document, which you can use to apply for a student visa for entry into Australia. Apply for your student visa as soon as you receive your CoE.

unisa.edu.au/student-visa

Student payments

The Western Union GlobalPay for Students service helps you make payments in your preferred currency without extra fees and delays.

- Pay your tuition fees quickly.
- Make payments online, by bank transfer or via credit card.
- Track payments and receive status updates by text and email.

unisa.edu.au/westernunion

Prepare for arrival

Enrol online

Enrol online from any location and have the same choice as local students when organising your timetable.

Travel bookings

Flights to Australia can be heavily booked during January, February and July, so check with your travel agent early for flight options. Do not confirm bookings until you receive your CoE document. Once you have confirmed your travel arrangements, you can request our airport pick-up service and on-arrival temporary accommodation if needed.

Arrive on time

Arrive before Orientation Week to receive vital information and have the best possible start to university. If you are unable to arrive by the commencement date, you may have to defer your offer. Please note, some programs have compulsory orientation.

Orientation

We will welcome you to Adelaide with orientation sessions and activities to introduce you to life in Adelaide and on campus. You will also have the opportunity to meet other new students.

Undergraduate study

 Ciudad:
CE | City East
CW | City West
HL | Hamed Khan
M | Mount Gambier

2021 Academic calendar
SP1 | 11 Jan 2021 – 26 Mar 2021
SP2 | 1 Mar 2021 – 3 Jul 2021
SP3 | 5 Apr 2021 – 18 Sep 2021
Semester 1
SP1 | 28 Jan 2021 – 10 Sep 2021
SP2 | 26 Jul 2021 – 27 Nov 2021
SP3 | 10 Sep 2021 – 3 Dec 2021
Business School only
SP1 | 7 Mar 2021 – 11 Jun 2021
SP2 | 3 Jul 2021 – 7 Aug 2021
SP3 | 2 Aug 2021 – 20 Nov 2021

Summer Term
SP1 | 1 Feb 2021 – 5 Feb 2022

Note: Please check the University calculates a Grade Point Average (CGPA) on a scale from 1-7. For more information, go to: unisa.edu.au/grades

Eligible for direct entry

It may be possible to commence your preferred bachelor degree through one of our pathway providers that offer programs equivalent to the first year of many of our bachelor programs. This means you may be able to transfer to second year programs should you achieve the required Grade Point Average (CGPA).

For more information, see pathway details at: unisa.edu.au/international-pathways

### Important Information

The University of South Australia reserves the right to alter, amend or delete any program, fee, course, admission requirement, or mode of delivery without prior notice. Some programs may have additional entry requirements. For further details and to view the most up to date program information, visit: [unisa.edu.au/study](http://unisa.edu.au/study).

Please note the University calculates a Grade Point Average (GPA) on a scale from 1–7. For more information, go to: [unisa.edu.au/gpa](http://unisa.edu.au/gpa).

**Fees**

Fees listed are valid for students enrolled in the 2021 academic year only. Commencing students enrolled should be aware that annual tuition fees will increase for each year of study. You will be liable for these fees upon acceptance of an offer from the University.

In the event of a variation between the fees listed here and the approved schedule of tuition fees found at [unisa.edu.au/study](http://unisa.edu.au/study), the approved university schedule will prevail.

All fees are listed in Australian dollars (A$).

**Postgraduate Key**

**Campus Codes**
- CE: City East
- CW: City West
- ML: Mawson Lakes
- M: Magill

*This program is not available to onshore student visa holders.

**2021 Academic Calendar**

**Semester 1**
- SPI: 11 Jan 2021 – 26 Mar 2021
- SP2: 1 Mar 2021 – 12 Jun 2021
- SP3: 5 Apr 2021 – 18 Sept 2021

**Semester 2**
- SP4: 28 Jun 2021 – 10 Sept 2021
- SP5: 26 Jul 2021 – 27 Nov 2021
- SP6: 20 Sep 2021 – 3 Dec 2021

**Business School only**

**Summer Term**
- SP7: 1 Nov 2021 – 5 Feb 2022

Please note that some programs may have a different start date. Please check your offer letter for details.

**Commencement of study begins with Orientation. Please ensure your travel plans enable you to arrive in time for this.**

**Important Information**

The University of South Australia reserves the right to alter, amend or delete any program, fee, course, admission requirement, or mode of delivery without prior notice.

Some programs may have additional entry requirements. For further details and to view the most up to date program information, visit: [unisa.edu.au/study](unisa.edu.au/study)

Please note the University calculates a Grade Point Average (GPA) on a scale from 1–7. For more information, go to: [unisa.edu.au/gpa](unisa.edu.au/gpa)

** Fees**

Fees listed are valid for students enrolled in the 2021 academic year only. Commencing students enrolled should be aware that annual tuition fees will increase for each year of study. You will be liable for these fees upon acceptance of an offer from the University.

In the event of a variation between the fees listed here and the approved schedule of tuition fees found at [unisa.edu.au/study](unisa.edu.au/study), the approved university schedule will prevail.

All fees are listed in Australian dollars (A$).

## Check your eligibility

Your eligibility will depend upon the type of research degree you wish to study, as well as your prior qualifications and professional experience. Students from non-English speaking countries will also need to demonstrate their capacity to undertake study in English before being accepted into a program. The eligibility criteria listed below are the minimum requirements. Eligibility is also subject to the assessment of the proposed research, availability of a supervisor, and any research-specific requirements.

### MINIMUM ELIGIBILITY REQUIREMENTS

#### Masters by Research

- An honours degree, bachelor degree with honours, or a relevant bachelor degree (or equivalent) of at least three years with a minimum credit average, or an appropriate master’s degree. Qualifications will be assessed on a case-by-case basis for equivalence.

  OR

- No tertiary qualifications, but you can demonstrate research capabilities through evidence of professional work experience in the field of proposed study and by relevant publications.

#### Doctor of Philosophy (PhD)

- Honours 1, Honours 1 equivalence, Honours 2A equivalence or an appropriate master’s degree (or equivalent). Qualifications will be assessed on a case-by-case basis for equivalence.

  OR

- Individual assessment of qualifications and research capabilities as proven through evidence of professional work experience in the field of proposed study and by relevant publications. The outcome of this assessment will determine the program options available to you.

#### Professional Doctorate

- Honours 1, Honours 1 equivalence, Honours 2A equivalence or an appropriate master’s degree (or equivalent). Qualifications will be assessed on a case-by-case basis for equivalence.

  OR

- Individual assessment of qualifications and research capabilities as proven through evidence of professional work experience in the field of proposed study and by relevant quality publications. The outcome of this assessment will determine the program options available to you. Professional Doctorate candidates must also demonstrate at least five years practice in a relevant field, and typically within the last ten years.

### MINIMUM ENGLISH LANGUAGE REQUIREMENTS

#### English language test scores

- **International English Language Testing Systems (IELTS) Academic**
  - 7.0 for English language-rich programs with a minimum of 6.0 in each sub-score*
  - 6.5 for non-English language-rich programs with a minimum of 6.0 in each sub-score*

  *To check which programs are English language-rich, go to unisa.edu.au/resdegree-english-requirements

  OR

- Corresponding results from an equivalent test such as Test of English as a Foreign Language (TOEFL); the University of Cambridge C1 Advanced; Examinations for the Certificate of Proficiency in English (CPE) or the Certificate in Advanced English (CAE); the Pearson Test; or the appropriate academic English language level delivered by the Centre for English Language at the University of South Australia (CELUSA).

Applicants from countries where English is an official language or who have had recent and relevant experience in an English setting may meet our minimum English entry requirements. Evidence must be provided.

unisa.edu.au/resdegree-english-requirements
Search for a supervisor

The University of South Australia has internationally-recognised research supervisors with expert knowledge across an impressive range of research areas. To begin your search, go to our dedicated website.

unisa.edu.au/find-a-supervisor

Find a scholarship

There are a variety of scholarships and funding opportunities available to help you financially throughout your studies. Scholarships are assessed on competitive merit and are awarded to the best candidates. Scholarships typically provide support for three years for PhD and Professional Doctorate candidates, and two years for students studying a master’s qualification.

Scholarships have specific opening and closing dates, so make sure you read the criteria. If you are applying for a scholarship, you should indicate this when you apply for entry into your research degree through our online application system.

unisa.edu.au/resdegrees

Apply

You should prepare the following before commencing your online application:

» Two referee reports (visit unisa.edu.au/resdegree-referee-reports);
» Transcripts and parchments of completed undergraduate, honours and postgraduate programs;
» Certification of English language proficiency;
» Passport details or evidence of citizenship;
» Outline of your proposed research;
» Current Curriculum Vitae; and
» Evidence of publications.

You will also need to know your program code. See pages 98-100 for details.

To apply, go to unisa.edu.au/applyonline
