The journey starts here

Welcome to the University of South Australia. We are a globally connected and engaged university helping solve the problems of industry and the professions. Our teaching is industry-informed, our research is inventive and adventurous. We create knowledge that is central to global economic and social prosperity. Our graduates are the new professionals, global citizens at ease with the world and ready to create and respond to change.

We are Australia’s University of Enterprise.

SOUTH AUSTRALIA’S LARGEST UNIVERSITY

33,813 STUDENTS

6,195 INTERNATIONAL STUDENTS

211,331 GLOBAL ALUMNI
The University of South Australia is located in Adelaide, Australia's education city. Adelaide is a cultural destination, filled with many different nationalities, foods, festivals and sporting events. It is home to some of the country’s best beaches, wine regions and parklands, all in very close proximity to the city centre. Adelaide has been globally recognised for its education, environment, stability, healthcare, culture and infrastructure. It is the ideal study location and with free Wi-Fi, free tram and free bus services throughout the city centre, Adelaide is truly a student city.
Glenelg Beach / Located just 12 kilometres away from the city, Glenelg offers classic seaside charm with a white sandy beach known for great swimming, diving, snorkeling and dolphin spotting.

Adelaide.
Designed for Life.

Adelaide is a city shaped by stories. The first of these stories were created by the Kaurna people of the Adelaide Plains, which remain alive today and are interwoven with the stories of all the people who choose to live, work, study or spend time in the city. Adelaide is a celebration of diversity and inclusion with a strong sense of community. Its unique layout makes it the world’s only true ‘city in a park’. Make Adelaide part of your story.

**Accessible**

Adelaide offers all the advantages of big city life but is still small enough to get around easily. It takes just 15 minutes to get from the airport to the city and 20 minutes from the city to the beach or hills.

**Multicultural**

Almost one in four people in South Australia were born overseas with ancestry tracing back to more than 120 countries. Australia also has a democratic system of government and is accepting of different religious beliefs.

**Affordable**

Adelaide has one of the highest standards of living in the world, yet is one of the least expensive places to live. This means more money to spend on food, accommodation, supplies, travel and entertainment.

---

**Adelaide is up to 14% more affordable than other major Australian cities.**

*EIU Cost of Living Survey 2019*

---

Adelaide is a global study destination and has been ranked in the top 30 best student cities worldwide by QS. Adelaide is known for education excellence, balanced lifestyle and ability to turn career ambitions into a reality through global industry connections, support of start-ups and leadership in growth areas such as health, engineering, food and wine, creative and high technology, advanced manufacturing, space, minerals and energy.

## World-class degrees
The University of South Australia offers over 200 world-class degrees across a wide range of study areas. In fact, we are the only university in South Australia to offer undergraduate programs in aviation, journalism, illustration and animation, pharmacy, property, physiotherapy, surveying and more. We are also the only university in the state to offer postgraduate programs in cybersecurity, communications, visual effects, and arts and cultural management.

[unisa.edu.au/study](unisa.edu.au/study)

## Modern facilities
Study in state-of-the-art facilities fitted with the latest technologies. From simulated hospital settings and a financial trading room, to robotics laboratories and TV and sound studios, there are modern, purpose-built learning spaces across all campuses.

## Practical learning
Learn in a highly practical environment, with opportunities to complete internships, placements and projects, learning from experts in real-world settings. Build your networks and graduate career-ready with the skills required of tomorrow’s professionals.

## Global opportunities
Take part in international field trips, work placements, internships, study tours, short-term programs, volunteer opportunities, conferences or a student exchange during your studies. Get a global perspective and a competitive advantage before you graduate.

## Top ranking teachers
Be supported by highly qualified academics and teaching professionals. Study a curriculum based on the latest industry knowledge and trends. In fact, we are ranked number two in Australia for teaching quality in the 2019 Times Higher Education Young University Rankings.

## Career services
Get the support you need to achieve your career goals. Our dedicated career team offers a range of services, resources and tools to help you plan your future career, prepare for the workplace, connect to industry, find short-term employment and more.

[unisa.edu.au/careers](unisa.edu.au/careers)
Iress Trading Room / A state-of-the-art learning facility featuring live market data and financial analysis tools at City West Campus.

UniSA Cancer Research Institute / A world-leading $247 million health research and teaching facility located in the Adelaide CBD.

Horizon Hospital and Health Service (HHHS) / A fully interactive learning space simulating a real hospital setting at City East Campus.

RESEARCH EXCELLENCE

Our research is innovative, inspired by challenges, and connected to both industry and community needs. We offer a range of research degrees including Masters by Research, Doctor of Philosophy (PhD) and a Professional Doctorate. Our research degrees are focused on producing new knowledge, providing solutions to global challenges and preparing candidates for competitive careers.

Ranked #1 in Australia for industry research income

2019 THE World University Rankings
“Our graduates are highly sought after and they leave not only with the right skills, but also with a hunger for knowing more about how their profession can better shape the built environment. Personally, this is a very rewarding job. It’s the everyday lightbulb moments and when students make large shifts in their understanding about design that really make my day.”

Andrew Wallace / Program Director: Bachelor of Interior Architecture

“As part of my studies I completed a number of placements including one at the new Royal Adelaide Hospital in both the emergency and plastic surgery departments. Placements helped me to develop my knowledge and apply it to clinical practice. The University also offered pre-clinical workshops and practice simulations to help us become familiar with the real working environment.”

Winnie Zhao / Bachelor of Nursing

Wawira Njiru wanted to make a positive impact in her community back in Kenya. She decided to study a degree in nutrition and food sciences with a vision of doing something big.

During her studies, Wawira hosted a community fundraiser and then used $1,680 to build a make-shift kitchen in Ruiru, near Nairobi.

From here, Food 4 Education was born. Wawira started providing 25 healthy meals a day to primary school children in Kenya.

Eight years on, Wawira’s organisation is providing 10,000 meals a day, sourcing produce from local farmers.

“When I came to the University of South Australia, I had a clear goal in mind: to do something to benefit my community in the long term, she says.

“The kids inspire me the most. I am so privileged to have the opportunity to contribute to their future.”

Wawira now dreams about expanding into other areas of the continent and providing millions of meals over the next decade.

Wawira Njiru / Bachelor of Nutrition and Food Sciences
Founder, Food 4 Education
Industry connections
Our learning is influenced by industry, and the latest trends and demands. We collaborate with more than 2,500 companies worldwide to bring our students placement, project, research and work opportunities.

Volunteer your time
We can help you connect with an organisation and become a volunteer during your time at university. It’s a great way to give back to the community, gain valuable life experience and add extra value to your resume.

unisa.edu.au/volunteering

Join our Alumni network
When you graduate you will become part of our global alumni network. We have over 200,000 alumni around the world, supported by formal networks in Hong Kong SAR and the People’s Republic of China, Singapore, Malaysia, Vietnam, Indonesia and the United Kingdom.

Education (Early Childhood, Primary and Secondary)
Engineering
Information Technology
Science and Mathematics

On campus
Industry-standard engineering facilities / Specialist IT facilities / Mac and CISCO networking labs / Materials and Minerals Science Learning and Research Hub / Future Industries Institute / Planetarium / Flight and airport simulators / Aviation hangar (located near campus) / Ecological precinct / Drama centre / Food vendors and outdoor dining areas / Sports centre and gym
GETTING TO CAMPUS

Airport pick up

Did you know we can meet you at the airport?

We offer a free on-arrival reception service. Complete the online booking form before you leave home and we’ll collect you and your bags as soon as you step off the plane.

unisa.edu.au/airport-pickup
FREE CITY TRAM
If you need to travel between City West and City East campuses, then jump on the Botanic Gardens or Adelaide Entertainment Centre tram line on North Terrace. The free tram service runs every 10 minutes and will also take you to the Adelaide Central Market, Adelaide Railway Station, Royal Adelaide Hospital, Botanic Gardens and the Adelaide Zoo.

PUBLIC TRANSPORT
You will find bus stops near each campus and train stations close to the city and Mawson Lakes campuses. Check your bus, train or tram options on the Adelaide Metro website. You will also be eligible for student discounts after enrolment, including purchases of 28-day unlimited passes.

RIDE YOUR BIKE
Adelaide is known for its bicycle culture, so we encourage students to ride their bikes to and from campus. Each campus has shower facilities and secure storage areas.

UniSA Cancer Research Institute located on North Terrace.
STUDENT LIFE

ORIENTATION
Start your university adventure by attending Orientation Week. Meet your lecturers, connect with new friends and gain valuable insights from current students. Enjoy a free lunch and entertainment, explore your home campus and get ready for your first day at university.
unisa.edu.au/orientation

STUDENT CLUBS
Discover the 100+ academic, cultural and social clubs available at the University of South Australia. From dance and yoga to climate change, gaming and clubs for different nationalities – there is something for everyone! It’s a great way to meet new friends, find common interests with fellow students and build a more vibrant university experience.
unisa.edu.au/clubs

EVENTS AND ACTIVITIES
All sorts of great events and activities are offered to students throughout the year across all of our campuses. From careers and volunteering events to health, sport and wellbeing activities – there is always something to discover. Students can also explore the public exhibitions and events at The Samstag Museum, Hawke Centre and MOD.

USASA is your student association. USASA coordinates student advocacy, clubs, social events, production of the student magazine, campus counters, and free goodies and giveaways.

Library services

Each campus has a library that provides easy access to learning resources including books, electronic journals, databases and more. There are also library workshops designed to help improve your research skills. Quiet study spaces are available and you can connect to our free Wi-Fi. The Ask the Library/IT service is also available via phone, email, video and chat.
Scholarships

Each year more than 2,500 students benefit from our scholarships and grants, totalling millions of dollars. We have a range of categories including support for high achievers and students in need, along with scholarships specifically for international students.

[unisa.edu.au/international-scholarships]

AUSTRALIA AWARDS

Australia Awards give the next generation of global leaders an opportunity to complete study, research and professional development in Australia. The University is proud to have hosted hundreds of recipients from all over the world through this prestigious initiative developed by the Australian Government.

[australiaawards.gov.au]

SPONSORED STUDENTS

A sponsored student is someone who has all or part of their education costs paid by a third party, such as a foreign government, the Australian Government, a partner university or employer. We currently host over 200 sponsored students and have the support services in place to ensure they achieve their best.

[unisa.edu.au/sponsored-students]

Getting started

We are here to help you transition into university. We offer the following services to all new students:

- On arrival transport to your accommodation
- Advice on living in Adelaide
- Orientation to university
- Understanding your working rights in Australia
- Finding community and government services
- Accessing academic policies and procedures

Online learning and support

Our multi-million dollar fully interactive learning environment allows students to submit their assignments online, receive their marked assignments, access learning resources, participate in virtual classrooms and download lecture recordings. It’s available 24 hours a day, seven days a week.

Student app

Our mobile app allows all students to view their timetable, check emails, get important notifications, track assessments and see course enrolments and details. You can also find available PCs on campus, book a study room, check your print quota and library loans, and view announcements.

SafeZone app

Students can download this free app, providing additional security and support when studying on campus. The app allows you to get help quickly in a personal emergency. You can check-in when working alone or after hours and the app will share your status with an on-site response team.

Program Code: DBRF | CRICOS Code: 097500M
*see pages 91–92 for details

Study the only bachelor degree of its kind in South Australia, which prepares you to practise as a professional real estate agent or property manager across residential, commercial and industrial portfolios. Develop your knowledge in business fundamentals such as economics, accounting and entrepreneurship, along with specialised knowledge in real estate management, property law, economics, real estate investment and property asset management. Complete a minor in marketing to complement your studies and gain expertise in consumer behaviour, advertising, digital marketing and marketing analytics. Engage with industry professionals through networking events. Following graduation, you can apply for registration as a land agent, sales representative or property manager with the South Australian Government’s Consumer and Business Services.

*see pages 91–92 for details

Explore the fascinating world of consumer psychology and the scientific laws of brand growth. Study core courses in consumer behaviour, marketing analytics, advertising and branding. Tailor your studies through elective courses including the Marketing Practicum, which involves an in-depth research project for a local company, or an overseas study tour. You will also learn from experts who advise global brands like Procter & Gamble, CBS and Nestlé. Through our in-house Marketing Clinic you will provide advice to small and medium-sized businesses under the supervision of marketing professionals.

Prepare for a dynamic marketing career focusing on digital and print design. Develop strong foundational knowledge in design and evidence-based marketing, and learn how to apply universal design principles across a range of marketing activities. Learn about the creative elements of advertising and how to work collaboratively with graphic designers to create high quality marketing materials.

Graduate with a top-ranking law degree and professional honours in just four years of study. Develop an advanced understanding of key legal principles, processes and methods. Build strong skills in analysis, reasoning, advocacy, negotiation and communication to resolve complex legal problems. Study fundamental courses and concepts that underpin the Australian legal system including areas such as torts, contracts, criminal law and constitutional law. Tailor your studies through a wide range of electives including health law, sports law, family law and human rights law. Experience practical learning in a moot court and learn what it’s like to present before a judge. Engage with our student-run Legal Advice Clinic, working with clients under the supervision of a managing solicitor. Become career-ready with opportunities for international study tours, as well as local and national internships. Participate in a law reform project or conduct high-level law research during your studies. Graduate with a degree accredited by the Legal Practitioners Education and Admission Council (LPEAC).

- Legal Advice Clinic
- Law Professional Placement
- Research Project A AND Research Project B

Bachelor of Business (Legal Studies)

unisa.edu.au/law

Prepare for a career in the private, public or legal sectors. Learn about the foundations of law and the Australian legal system, and develop a strong understanding of the law in everyday business operations. Study fundamental courses covering areas such as management, economics, accounting and entrepreneurship. Combine this with courses in law, public law, torts and contracts. You will also study a range of electives to tailor your degree – four in legal studies and four in business-related courses. Gain valuable practical experience by embedding an internship into your studies and seek career mentoring from legal professionals. Take a direct pathway into the Bachelor of Laws (Honours) or Bachelor of Laws (Honours) Double Degree – academic criteria applies.

Note: This degree does not provide the educational requirements to practise law, however you may have the opportunity to transfer into the Bachelor of Laws (Honours) or Bachelor of Laws (Honours) Double Degree if you meet the eligibility requirements.

Further your career in the fast-paced financial sector. Study advanced coursework in financial markets, corporate and financial analysis, and investment management. Broaden your knowledge through courses in data science, accounting, commercial law, international finance and managing financial risk. Tailor your studies by choosing elective courses that align with your interests or professional development needs such as global banking. Access our state-of-the-art iress Trading Room located on campus, which includes a market data feed and financial analysis tools – the same technology used by the world’s leading banks and investment firms. Gain valuable industry experience by completing an optional 150-hour placement with a local or international organisation. Join the Executive Partners Program for invaluable mentorships, industry insights and expert advice from a senior business leader. Graduate from a qualification recognised by the Chartered Financial Analyst Institute and the Global Association of Risk Professionals. You will also be eligible for membership with the Financial Services Institute of Australasia.

Study one of the first master’s programs in the financial planning and wealth management industry approved by the Financial Adviser Standards and Ethics Authority (FASEA). Meet new education requirements and prepare for a career in the growing financial services industry. Develop solid foundation knowledge through core business and finance courses, along with specialised areas such as risk management and insurance, superannuation, estate planning and insurance.

Prepare for a career as a professional accountant and develop a comprehensive understanding of contemporary accounting practice, along with critical analysis, business management, problem solving and communication skills. Focus on financial and management accounting, corporate finance, commercial law, taxation law and auditing. Benefit from practical learning by analysing contemporary research and real case studies that help to inform industry best practice. Gain valuable experience by completing an optional 150-hour placement with a local or international organisation.

Join the Executive Partners Program for invaluable mentorships, industry insights and expert advice from a senior business leader. Graduate with a qualification accredited by CPA Australia that satisfies the educational requirements for entry into the CPA Program. This degree is also accredited by Chartered Accountants Australia and New Zealand, and satisfies the educational requirements for entry into the CA Program.

Advance your knowledge and skills in contemporary management practice. Choose to study a general management qualification or select an industry specialisation to meet your interests and career goals. Develop your expertise in core areas such as business ethics, business analytics, leadership and performance, and strategic thinking. Learn how to effectively manage organisations and achieve key business objectives. Benefit from curriculum informed by world-class research in business and management, and an industry advisory board. Gain valuable experience by completing an optional study tour or internship with one of our global partners.
Master of Management (Advertising and Brand Management)

PROGRAM CODE: DMMX | CRICOS CODE: 098292F
*see pages 93–95 for details

Develop advanced management knowledge with a specific focus on building smart solutions to complex marketing issues in modern organisations. Study business analytics, buyer behaviour, digital media, advertising and media planning, e-marketing and brand management. Learn a curriculum informed by world-class research in brand management from leading experts at the Ehrenberg-Bass Institute for Marketing Science who advise global brands like Procter & Gamble, CBS and Nestlé.

**CAREERS**

Depending on your degree selection, your career options can include:

- Artist / ceramicist / sculptor / photographer / jewellery designer / glass designer / printmaker / textile designer / art director / exhibitions manager / arts administrator / art critic / entrepreneur / art teacher (with further study)

To learn more about how to become a teacher, visit unisa.edu.au/become-a-teacher

**CAREERS**

Depending on your course selection, your career options can include:

- Art teacher (with further study)
- Administrator / art critic / entrepreneur / art director / exhibitions manager / arts designer / printmaker / textile designer / photographer / jewellery designer / glass artist / digital media officer / teacher (with further study)

To learn more about how to become a teacher, visit unisa.edu.au/become-a-teacher

**CAREERS**

Depending on your degree combination, your career options can include:

- Community aid worker / community relations officer / human resources adviser / performer / musician / policy adviser / arts administrator / copywriter / editorial assistant / publisher / writer / media adviser / researcher / social media officer / teacher (with further study)

To learn more about how to become a teacher, visit unisa.edu.au/become-a-teacher

Explore your creativity and develop your chosen art form at one of Australia’s oldest and most established art schools. Develop your theoretical, technical and conceptual skills in contemporary art, and learn from artists who are national and international leaders in their field. Channel your creative talents, research skills and innovation through intensive studio practice in custom-built workshops. Create innovative and inspiring artworks for contemporary contexts by using the latest hybrid digital design practices and principles. Tailor your studies through a broad range of elective courses in areas such as experimental media, arts writing, film theory, photography, life drawing, ceramics, digital media, and more. Continue your studies with the Master of Teaching (Secondary) to become an art teacher.

**CAAAERS**

Depending on your course selection, your career options can include:

- Artist / ceramicist / sculptor / photographer / jewellery designer / glass designer / printmaker / textile designer / art director / exhibitions manager / arts administrator / art critic / entrepreneur / art teacher (with further study)

To learn more about how to become a teacher, visit unisa.edu.au/become-a-teacher

Study a flexible degree that you can tailor to your specific interests. Take a double major (see pages 41–43) combining two distinct but complementary fields, with over 150 degree combinations to choose from. Develop your writing, communication, presentation, digital and research skills through practical learning and project-based work. Enrich your learning experience through community and industry engagement opportunities and connect with international NGOs through the prestigious Hawke Ambassador Volunteer Experience Program. Access different learning spaces depending on your chosen majors, including an on-campus Multimedia Languages Lab, the Hartley Playhouse Theatre, TV Studio, Sound Studio, Digital Radio Studio and industry-standard Media Suite. Apply your knowledge to real-world situations across a variety of industry sectors through the Professional Directions Program in second year.

**CAREERS**

Depending on your degree combination, your career options can include:

- Community aid worker / community relations officer / human resources adviser / performer / musician / policy adviser / arts administrator / copywriter / editorial assistant / publisher / writer / media adviser / researcher / social media officer / teacher (with further study)

To learn more about how to become a teacher, visit unisa.edu.au/become-a-teacher
### Bachelor of Arts (Creative Writing and Literature)

**Program Code:** MBAA | CRICOS CODE: 097508C  
*see pages 91–92 for details

Explore historical and contemporary fiction, non-fiction, poetry, autobiographies, essays and plays. Complete courses involving a combination of creative writing and literary studies. Develop a comprehensive understanding of the contexts and cultural influences of different literature types. Explore how different oral and written texts impact the cultures of the world. Graduate with a defined set of writing, editing and analytical skills that can be applied to a broad range of professional contexts.

**Degree Structure**

**Creative Writing and Literature Major**
- English and Creative Writing: An Introduction
- Writing and Text Workshop
- Writing and Reading Short Fiction and Poetry
- Reworking the Canon
- The Writer’s World
- World Literatures and English
- Creative Writing Theory and Practice
- The Power of Story

### Bachelor of Arts (English Language)

**Program Code:** MBAA | CRICOS CODE: 097507D  
*see pages 91–92 for details

Designed for bilingual and multilingual students who want to develop high level English proficiency for professional life. Develop advanced English speaking, writing and reading skills and the intercultural expertise for future work in local and global contexts, including careers in translation.

**Degree Structure**

**English Language Major**
- English for Academic Use in Australia
- English for Academic and International Communication
- English and the Art of Speaking and Writing
- English in the Professions
- World Literatures and English
- Language Ideology and Policy
- Multilingualism: Contact, Change and Mobility
- Language Learning and Assessment

### Bachelor of Arts (History and Global Politics)

**Program Code:** MBAA | CRICOS CODE: 097504G  
*see pages 91–92 for details

Examine the patterns and processes that have shaped our societies over time and develop the skills to analyse and predict events in our contemporary world. Study key areas such as framing global politics through film and television, global aid and development, world history trends, Australia in the Asian Century, and marginalisation in world affairs. Explore the context of politics and history including Australia’s role domestically and within broader currents of regional and global politics.

**Degree Structure**

**History and Global Politics Major**
- Global Politics and Development
- World History Trends and Transformations
- Australia in the Asian Century
- Framing the International: Representations of Global Politics
- The Politics of Environmental Change in Australia and Asia
- Power and Resistance: 1900–Present
- United States History and Cultural Identities
- Villains, Victims and Outsiders: Marginalisation in World Affairs

### Bachelor of Arts (Languages)

**Program Code:** MBAA | CRICOS CODE: 098294D  
*see pages 91–92 for details

Immerse yourself in another language. Learn French, Italian or Japanese and enhance your skills by experiencing the language and culture firsthand through international exchange opportunities. Access the Multimedia Languages Lab at Magill campus, where you can connect with native speakers from around the world in real-time. Graduate with a competitive advantage and take your career around the globe.

**Degree Structure**

**Languages Major**
- Language 1A
- Language 1B
- Language 2A
- Language 2B
- Language 3A
- Language 3B
- European Languages In-Country OR Asian Languages In-Country OR Advanced Languages Studies: Translation and Research

### Bachelor of Arts (Law, Policy and Politics)

**Program Code:** MBAA | CRICOS CODE: 098294D  
*see pages 91–92 for details

Develop a strong understanding of legal systems, international and domestic law, the politics of environmental change, and marginalisation in world affairs. Study courses that explore public international law, indigenous legal systems, global aid and development, environmental politics and human rights. Explore the law from a global perspective and analyse the impact of policy across different political environments.

**Degree Structure**

**Law, Policy and Politics Major**
- Global Politics and Development
- Foundations of Law
- The Politics of Environmental Change in Australia and Asia
- Framing the International: Representations of Global Politics
- Law, Land and Peoples
- Human Rights Law
- Villains, Victims and Outsiders: Marginalisation in World Affairs
- Public International Law
Bachelor of Arts (Performing Arts)

PROGRAM CODE: MBAA | CRICOS CODE: 081804D

Develop your creative practice within drama and music. Study areas such as body and voice, music and song, musicianship, physical theatre, new media design and production; composition and arranging; and production of soundscapes, cabaret and musical theatre. Follow your pathway as a performer, musician, writer, director or production manager, and contribute to the creation of original material for a variety of art forms.

DEGREE STRUCTURE

PERFORMING ARTS MAJOR
Stage Performance
Music Performance
Cabaret: Context and Practice
Music Production OR State Theatre Masterclass
Live Performance Production
World Music Theatre
Digital Performance

Bachelor of Arts (Psychology)

PROGRAM CODE: MBAA | CRICOS CODE: 097506E

*see pages 91–92 for details

Develop a broad knowledge of psychological science including psychology, mental health, social services and human resources. Choose from a range of courses in areas like personality psychology, clinical and abnormal psychology, and social and community psychology. Build advanced skills in professional writing, communication, research and problem solving. Pursue a career in diverse fields such as case work, human resources, market research and policy work.

DEGREE STRUCTURE

PSYCHOLOGY MAJOR
Psychology 1A

*Some courses will be delivered at Magill Campus depending on your chosen industry-major

Prepare for a career in the growing creative industries. Study a degree designed and delivered in collaboration with leaders in the industry and explore your creativity in an area that interests you most. Design your own degree by choosing from 12 industry majors, each with a unique focus. You can then select either a second major, or two minors from across a range of creative and business disciplines. Engage with industry from day one as you develop your creative practice while gaining professional knowledge and skills. You will also study core courses in business, design and entrepreneurship, providing you with highly practical and transferable skills to give your career a competitive head-start. Take the opportunity to complete an internship or placement, go on an international exchange, work on real-world projects and build a portfolio of work.
You can also choose to study a start-up/entrepreneurship stream in your final year.

Industry Majors:
- Animation and Visual Effects
- Comicbook Creation
- Communication and Media
- Contemporary Art Studies
- Creative Writing and Literature
- Digital Media
- Festivals
- Film and Television
- Games Design and Production
- Performing Arts
- Screen Studies
- Social Media

Secondary Majors:
- Cultural Studies
- Design Studies
- English Language
- Event Management
- Games
- Innovation and Entrepreneurship
- Journalism
- Marketing
- Sports Management
- Tourism Management

CAREERS
Depending on your chosen industry major, your career options can include:
- Comic artist / illustrator / artist / exhibitions manager / art director / content creator / media adviser / author / editor / web designer / videograher / film editor / playwright / stage designer / festival manager / event programmer / game designer / app designer / publicist

DEGREE STRUCTURE

FIRST YEAR
- Introduction to Creative Industries
- Industry Major
- Major or Minor 1
- Elective
- Match Studio Projects
- Industry Major
- Major or Minor 1
- Elective

SECOND YEAR
- Freelance and Enterprise for the Creative Industries
- Industry Major
- Major or Minor 1
- Major or Minor 2
- Creative Spaces and Places
- Industry Major
- Major or Minor 1
- Major or Minor 2

THIRD YEAR
- AAD Negotiated Study 1 OR Enterprise Design and Value Creation
- Industry Major
- Industry Major
- Major or Minor 2
- Internship or Project OR Creative Ventures
- Industry Major
- Industry Major
- Industry Major
- Major or Minor 2

Note: Entry to specialise in visual effects and study your final year at Rising Sun Pictures is competitive.

- SAIBT pathway
- February and July intakes

PROGRAM CODE: MBME | CRICOS CODE: 058520G

*see pages 91–92 for details

Enter the world of creative media production by studying film, television and visual effects (VFX) production and theory. Explore theory and practice combining traditional and digital forms required by industry. Learn about the professional production cycle from conceptualisation and scriptwriting through to production and post-production. Analyse film and media from around the globe to gain insight into different creative contexts, forms and practices. Develop professional knowledge in screenwriting, cinematic design, VFX, and the production of documentary, experimental and narrative film and television, as well as an understanding of different media platforms and the end-user experience. Engage with industry leaders and work on real-world projects using the latest production software and technologies. Graduate career-ready with your own portfolio of work, showcasing your practical skills and creativity across a variety of media forms. If you are interested in specialising in VFX, you will have the opportunity to apply for a placement with Rising Sun Pictures, studying the third year of your degree at their studio located in the Adelaide CBD and working alongside world-class VFX artists. Package this degree with a Master of Teaching (Secondary) to become a media arts teacher.

Note: Entry to specialise in visual effects and study your final year at Rising Sun Pictures is competitive.

CAREERS
Filmmaker / director / producer / cinematographer / VFX artist / compositer / animator / 3D modeller / film and video editor / television director / television producer / video content producer / scriptwriter / screen critic / production coordinator / production manager / video blogger / sound designer / production designer / location manager / visual storyteller / online editor / videograher / digital project manager

EDUCATION

Admissions information

ENTRY REQUIREMENTS
In accordance with national teacher education program standards, applicants must also fulfill non-academic entry requirements before their application is deemed complete. Applicants for the Bachelor of Early Childhood Education (Honours) and Bachelor of Primary Education (Honours) are required to submit a 400–600 word (maximum) Teaching Capabilities Statement, which speaks to your motivation to be a teacher.

PLACEMENT REQUIREMENTS
In the lead-up to each professional experience placement you need to ensure that a number of important prerequisites and requirements are completed or satisfied, including:

- A Department of Human Services Working with Children Check;
- Mandatory Child-Safe Environments Training; and
- Meeting required standards in the national Literacy and Numeracy Test for Initial Teacher Education (LANTITE) – to be completed during your studies.

Students completing the Early Childhood specialisation must complete and provide evidence of Basic Emergency Life Support (or Applied First Aid training prior to undertaking placements)

For more information, visit: unisa.edu.au/eds-requirements

Explore the science of behaviour and the mind. Graduate with honours and an in-depth understanding of psychology theory, psychology research methods, critical and analytical thinking, and counselling and interpersonal skills. Choose from a wide range of specialist electives focused on different areas within the psychology discipline, including Health Psychology, Work and Organisational Psychology, Language, Context and Social Behaviour, Conservation Psychology, Psychophysiology of Sleep, and Psychological Research Experience. Undertake advanced coursework and a supervised research project in your final year. Learn in purpose-built facilities including the Centre for Cognitive and Systems Neuroscience research lab, and a live-in Sleep and Chronobiology Laboratory located on campus. Graduate with a degree accredited by the Australian Psychological Accreditation Council and be eligible for membership with the Australian Psychological Society.

Careers

Behavioural ecologist / change management consultant / training and development coach / communications adviser / drug and alcohol case worker / researcher / counsellor, clinical psychologist or organisational psychologist (with further study)

Degree Structure

First Year

Psychology 1A
Aboriginal Australians: Culture and Colonisation

Professionally recognised

Selection Rank .......... 70
IELTS Total ............. 6.0
IELTS Reading .......... 6.0
IELTS Writing .......... 6.0
✓ SAIBT pathway

February and July intakes

Program Code: MBSS | CRICOS Code: 002497J

*see pages 91–92 for details

Prepare for a professional career in human services. Develop the skills to enhance the wellbeing of people who have experienced personal or social difficulties. Focus on key areas such as behavioural and social sciences, human service practice, human service management, and social policy. Learn how behaviour is affected by cultural, environmental, psychological and political factors. Develop the necessary communication skills to work in the field, and explore the political influences in human services and the various ethical and cultural considerations. Learn how to identify the social policies that impact people’s lives and the strategic ways to implement change. Gain practical experience through our human services studios on campus and complete supervised placements during your studies. Graduate with a degree recognised by the Australian Community Workers Association and be eligible for full membership.

Note: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) for working with Children, in the Aged Care Sector and in Disability Services; obtain a SAPOC National Police Record Check; and complete a one-day course on Safe Environments for Children and Young People. Some placements may require students to hold a current driver’s licence, Mandatory Basic Life Support (BLS) training, vaccinations, or a recognised First Aid Certificate.

Careers

Community development officer / social policy adviser / social researcher / community services manager / case worker / case manager / human rights advocate / child safety practitioner / outreach program manager / support worker / counsellor (with further study)

Degree Structure

First Year

Human Service Provision
Communication Skills in Social Work and Human Services
The Social World
Child Development

Governance and Citizenship in Australia
Group Work
Elective
Applied Psychology

Second Year

Human Service Intervention
Australian Social Policy
Social Enquiry Methods
Interviewing Skills in Social Work and Human Services
Mental Health and Mental Wellbeing
Policy Practice
Working with Community
Human Service Workers and the Law

Third Year

Human Service Field Placement A
Social Analysis and the Human Services
Case Management

Human Service Field Placement B
Human Service Project Management
Aboriginal Australians and the Human Services

Bachelor of Social Science (Ageing and Disability)

PROGRAM CODE: MB5W | CRICOS CODE: 000537M
*see pages 91–92 for details

Prepare for a rewarding career in social work. Learn to enhance the wellbeing of others through advocacy, social change, relationship building and the empowerment of people. Focus on four major study areas including social work theory, social work practice and skills, social policy, and social research. Develop knowledge of various social work practices and their application with individuals, families, communities, groups and organisations. Learn how to identify the social policies that impact people’s lives and the strategic ways to implement change. Interpret, evaluate and conduct relevant social research exploring current real-world challenges. Access custom-built social work studios on campus and practice your skills through simulated scenarios. Gain valuable practical experience through work placements during your third and fourth years of study. Graduate with a degree accredited by the Association of Social Workers and be eligible for full membership.

Note: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) for working with Children, in the Aged Care Sector and in Disability Services; obtain a SAPOL National Police Record Check; and complete a one-day course on Safe Environments for Children and Young People. ART, ARCHITECTURE & DESIGN

Master of Architecture

unisa.edu.au/architecture

City West Campus

2 years full-time

$A37,700 pa* indicative 2021

February and July intakes

PROGRAM CODE: DMAE | CRICOS CODE: 06020BJ

*see pages 93–95 for details

Apply advanced knowledge to contemporary architecture and design practice. Develop an in-depth understanding of construction systems, digital design and communication, sustainable strategies, architectural practice, and the historical and theoretical contexts that shape our built environment. Gain valuable practical experience through intensive studio classes where you will design for complex projects, and participate in industry placements and international field trips. Learn from highly experienced teachers who are also practising architects and leaders in their field. Tailor your studies by choosing elective courses in areas such as design and construct, sustainable design, urban planning and city design or digital media. Engage in real projects through the Design Construct stream, where you design and build community buildings in remote locations both in Australia and overseas. This program is accredited by the Architectural Practice Board of South Australia and graduates satisfy the academic requirements to apply for registration as an architect following a period of prescribed work experience. Graduates are also eligible for membership with the Australian Institute of Architects.

CAREERS

Architect / spatial designer / urban designer / design consultant / heritage consultant / project manager

ENTRY REQUIREMENTS

• Bachelor of Architectural Studies (DBAE) from the University of South Australia, or a bachelor degree in a three-year pre-professional architecture program from a recognised Australian higher education institution, or equivalent qualification.

• Applicants with a bachelor degree in a three-year pre-professional architecture program from a non-Australian higher education institution must also submit a portfolio as part of their application.

• Entry into this program is competitive, based on academic merit and subject to quota. The University may admit other applicants who provide satisfactory evidence of academic achievement, which is recognised as an equivalent qualification to a completed Bachelor of Architectural Studies (DBAE).

DEGREE STRUCTURE

FIRST YEAR

Advanced Architectural Design Studio (Environment) AAD Research Methods Elective

Advanced Architectural Design Studio (Construction) AAD Research Practices Elective

SECOND YEAR

Architectural Design Research Studio (Context) Professional Architectural Practice Elective

Architectural Design Research Studio (Integrated) Contemporary Architectural Practice Elective

Master of Design

Degrees:

• Master of Design (Communication Design)

• Master of Design (Contemporary Art)

• Master of Design (Design and Construct)

• Master of Design (Industrial Design)

• Master of Design (Interior Architecture)

• Master of Design (Sustainable Design)

unisa.edu.au/design

Nested with: Graduate Diploma in Design (DGSP)

PROGRAM CODE: DMSP | CRICOS CODE: VARIES

*see pages 93–95 for details

Develop a deep understanding of the innovative, changing world of communication design across both print and digital platforms. Be prepared to conceptualise solutions for complex design challenges, and apply advanced principles and practices that extend beyond the visual to help communicate to different audiences. Learn the design skills required to work across a variety of disciplines including advertising, branding, merchandising, visual communications, publications and web design. Gain valuable professional experience by working on real creative projects, including writing proposals and presenting to clients. Tailor your studies through a range of electives including an industry internship or courses in areas such as brand management, e-marketing, entrepreneurial commercialisation, sustainable design and marketing management. Graduates are also eligible for Graduate Membership with the Design Institute of Australia.

PROGRAM CODE: MMET | CRICOS CODE: 077217B

*see pages 95–95 for details

Focus on the learning and planning needs of adolescent students from Year 7 to Year 12. Tailor your studies by specialising in two Learning Areas aligned with the Australian Curriculum, including Arts, Design and Technology, English, and Physical Education, Humanities and Social Sciences. You will also study core courses covering curriculum studies, education studies and pedagogy (the theory and practice of teaching). Choose to study the minor in Islamic pedagogy, providing the knowledge and inclusive practice required for teaching Muslim students. Benefit from highly practical learning, completing supervised placements totalling 60 days.

Note: Graduates can apply for teacher registration in South Australia, interstate and some overseas countries. Applicants should note that there are other criteria determining eligibility for registration by the Teachers Registration Board of South Australia and other registration and regulatory authorities.

CAREERS
Secondary school teacher / education director / education consultant / youth support officer / education policy adviser / researcher

ENTRY REQUIREMENTS
- Bachelor degree or equivalent qualification from a recognised higher education institution with a competitive Grade Point Average (GPA), and
- A major and preferably a minor in the intended specialisation Learning Area, aligning with the Australian Curriculum. Majors consist of a minimum of six courses (27 units) or equivalent with a minimum of two courses at Australian second year undergraduate level or equivalent. Minors consist of a minimum four courses (18 units) or equivalent with a minimum of one course at Australian second year undergraduate level or equivalent.
- Entry into this program is competitive and based on academic merit.

PROGRAM CODE: MMTL | CRICOS CODE: 082450F

*see pages 93–95 for details

Graduate with a qualification to teach English to speakers of other languages. Explore the educational theory and TESOL methodologies needed to teach English as an additional language across a variety of settings, from preschool to adult through to tertiary education. Study core courses covering areas such as language learning, curriculum studies, teaching and language assessment, and TESOL approaches and strategies. Tailor your studies by choosing a specialised stream, either the Education Project pathway or Education Thesis pathway, which will prepare you for further learning, including doctoral studies. Benefit from highly practical and engaged learning through intensive workshops on campus.

CAREERS
English language educator / curriculum developer / educational leader / government adviser / training and development consultant / tutor

ENTRY REQUIREMENTS
Bachelor degree or equivalent qualification in any discipline from a recognised higher education institution. Some applicants may be eligible for Advanced Standing and can complete the program in one year of full-time study.
PSYCHOLOGY, SOCIAL WORK & HUMAN SERVICES

Master of Social Work

unisa.edu.au/socialwork

Magill Campus

2 years full-time

$A$31,900 pa* indicative 2021

February intake

IELTS Total ............. 7.0
IELTS Reading .......... 7.0
IELTS Writing .......... 7.0
IELTS Listening ........ 7.0
IELTS Speaking ........ 7.0

*see pages 93–95 for details

Prepare for professional practice in social work. Develop an advanced body of knowledge in current social issues, social work values, social policy, ethics and identity, human rights, child protection, mental health and cross-cultural practice.

Benefit from a curriculum influenced by world-class research in psychology and social work. Learn in purpose-built social work studios located on campus, working alongside field practitioners and academic staff in simulated scenarios. Gain valuable practical experience by completing field placements during your studies, across local, rural and international settings.

Graduate with a qualification accredited by the Australian Association of Social Workers. You will also be eligible for membership.

Note: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) for working with Children, in the Aged Care Sector and in Disability Services; obtain a SAPOL National Police Record Check; and complete a one-day course on Safe Environments for Children and Young People. Some placements may require students to hold a current driver’s licence, Mandatory Basic Life Support (BLS) training, vaccinations, or a recognised First Aid Certificate.

ENTRY REQUIREMENTS

• Bachelor degree or master level qualification in a related discipline (including, but not limited to, human services, community services, social science, psychology, Australian Indigenous or Aboriginal studies, public or community health) from a recognised higher education institution, or equivalent qualification.

• Applicants holding a completed Australian bachelor degree or master level qualification in social work are not eligible for entry into this program.

DEGREE STRUCTURE

FIRST YEAR

Effective Human Service Delivery
Contemporary Practice Theories for Social Work
Social Work Practice Skills
Social Work in the Australian Context OR Aboriginal Health and Wellbeing

SECOND YEAR

Innovation and Research
Innovative Social Work Practice with Children and Families
Mental Health and Social Work Practice
Human Rights Based Practice and Community Development
Leadership in Social Work
Social Work Practice 2

WE ALSO OFFER

Masters by Research

Doctor of Philosophy (PhD)
"In third year, we gained hands-on experience in the new pharmacy practice suite, learning how to dispense medicines to patients. In fourth year we are placed in hospital and community pharmacies for work placements. I can’t wait to explore what my future work place will be like."

Pei Yin
MALAYSIA
Bachelor of Pharmacy (Honours)

"I chose this degree because it was the perfect blend of theoretical and practical knowledge. The degree curriculum is well-structured and taught by great teaching staff. I have also attended networking and university club events, which has enhanced my knowledge in this field."

Apurva Parkar
INDIA
Master of Health Services Management

Prepare for a rewarding career as a healthcare professional or researcher. Study at a university with key industry, government and community partnerships. Benefit from a strong emphasis on practice-based learning, with significant investment in teaching and research facilities including the A$247 million UniSA Cancer Research Institute located in Adelaide’s BioMed City. Learn in modern, purpose-built laboratories and on-campus health clinics that service the wider community. Be part of a new and enterprising workforce focused on collaboration, discovery, progress and innovation.

World top 100 for nursing and exercise and sport science
2019 QS Subject Rankings

Top 10 in Australia for pharmacy and pharmacology
2019 QS Subject Rankings

Well above world-class research in nutrition and dietetics, human movement, clinical exercise physiology, exercise and sport science, nursing, midwifery, pharmacy, and biochemistry and cell biology

UNDERGRADUATE DEGREES
unisa.edu.au/study

UNDERGRADUATE DEGREES
unisa.edu.au/health/cpu

IMMUNISATION REQUIREMENTS
In order to progress to clinical placement you must be screened and provide evidence of your immunisation status. Immunisation is a mandatory requirement across all healthcare placement providers. Non-compliance with the Health Care Workers Immunisation Policy Directive will prevent you from progressing to a placement. Additional requirements may apply. For more information, visit unisa.edu.au/health/cpu

STUDENT REGISTRATION
All students enrolled in a program leading to professional registration must be registered with the relevant national board. The registration process is undertaken by the Australian Health Practitioner Regulation Agency (AHPRA) with the University providing notification to AHPRA following a student’s enrolment. No fees apply.

NURSING & MIDWIFERY

✓ SAIBT pathway

Become a Registered Nurse and make a positive contribution to the healthcare sector. Develop the knowledge, clinical skills and attitudes needed for professional practice in a range of settings. Benefit from a strong focus on theory and practical experience, including access to our unique clinician-led, hospital and health service on campus, which includes authentic hospital wards, clinical units and community areas. Be prepared to meet healthcare delivery requirements for the 21st century and respond to Australian and international healthcare priorities and trends. Focus on four key areas of nursing practice during your studies, including collaborative and therapeutic practice, critical thinking and analysis, professional practice, and provision and coordination of care. Learn about cultural competence, evidence-based practice, mental health, primary health, professional communication, and safety and quality. Complete more than 900 placement hours starting in your first year of study. Graduate with the academic requirements needed for registration as a Registered Nurse with the Nursing and Midwifery Board of Australia (NMBA).

Note: Students must meet the Fitness to Practice in Clinical Placements’ requirements. For more information, visit unisa.edu.au/health/ftp

CAREERS
Registered nurses can work in a variety of healthcare settings, including:
- Hospitals / clinics
- Primary health and community support services
- Aged and rehabilitative care
- Schools / home care services
- Drug and alcohol treatment centres
- Community health organisations
- Mental health services
- International aid agencies

IELTS Listening ........ 6.5
IELTS Speaking ........ 6.5

✓ SAIBT pathway

Prepare for a highly rewarding career in maternity care and women’s health as a Registered Midwife. Develop the knowledge and practical skills to support women through pregnancy, labour, birth and postnatal care. Benefit from a strong focus on theory and hands-on experience to prepare you for clinical practice. As an international profession with different birthing practices all over the world, you will learn how political, socio-cultural, economic and technological factors influence midwifery practice. Learn in our clinician-led, authentic simulated hospital and health service on campus, which incorporates a midwifery and paediatric unit, and technologies such as birthing manikins. Complete comprehensive placement hours and be actively involved in 30 births during your studies, along with the pre and post-birth care of at least 100 women, and following 15 women through continuity of care experiences. Graduate with the academic requirements needed for registration as a Midwife with the Nursing and Midwifery Board of Australia (NMBA).
Bachelor of Occupational Therapy (Honours)

unisa.edu.au/occupational-therapy

**CAREERS**

Midwives can work in a variety of healthcare settings, including:
- Hospitals / community services / rural and remote healthcare / home care services / health agencies / private consulting

**DEGREE STRUCTURE**

**FIRST YEAR**
- Foundations of Midwifery
- Human Body 1
- Normal Pregnancy and Childbirth
- Experiential Learning Activity: Midwifery Foundation Practicum 1
- Human Body 2
- First Peoples’ Health
- Healthy Mothers and Babies

**SECOND YEAR**
- Complex Care across the Childbirth Continuum
- Fetal and Maternal Pathophysiology
- Experiential Learning Activity: Midwifery Development Practicum 2
- Complex Care of the Neonate
- Pharmacology and Diagnostics for Midwives
- Experiential Learning Activity: Midwifery Practice Development Practicum 3

**THIRD YEAR**
- Research Methodologies
- Perinatal Mental Health and Wellbeing
- Experiential Learning Activity: Midwifery Transition Practicum 4
- Becoming a Midwife
- Experiential Learning Activity: Midwifery Transition Practicum 5
- Midwifery Project

**FOURTH YEAR (RESEARCH STREAM)**
- Participatory Community Practice 400
- Occupational Therapy Field Practice 400
- Occupational Therapy Field Practice 401

**CAREERS**

Occupational therapists can work in a variety of settings, including:
- Hospitals / private practice / community health services / rehabilitation centres / aged care facilities / home care services / local council services / government departments / schools

**DEGREE STRUCTURE**

**FIRST YEAR**
- Foundations of Health
- Human Anatomy 100
- Physiology Essentials 100
- Introduction to Occupational Therapy Practice
- Lifespan Growth and Motor Development
- Introduction to Evidence Based Practice and Research in Health Sciences
- Occupational Therapy Practice in Hospital Settings
- Elective

**SECOND YEAR**
- Principles of Occupational Therapy Practice
- Applied Psychology
- Enabling Occupation through Environmental Adaptation
- The Individual in Society 200
- Human Neuroscience
- Occupational Therapy Group Work and Counselling
- Occupational Therapy Practice Education
- Occupational Therapy Practice in Occupational Rehabilitation

**THIRD YEAR (PROFESSIONAL STREAM)**
- Occupational Therapy Practice and Mental Health
- Primary Health Care Approaches in Occupational Therapy
- Advanced Occupational Therapy Practice and Neurological Conditions
- Occupational Science
- Participatory Community Practice 301
- Advanced Community Occupational Therapy Practice and Chronic Conditions Management
- Advanced Evidence Based Practice

**FOURTH YEAR (PROFESSIONAL STREAM)**
- Participatory Community Practice 400
- Professional Portfolio 400
- Occupational Therapy Field Practice 400
- Occupational Therapy Field Practice 401
- Professional Portfolio 401

**THIRD YEAR (RESEARCH STREAM)**
- Occupational Therapy Practice and Mental Health
- Primary Health Care Approaches in Occupational Therapy
- Advanced Occupational Therapy Practice and Neurological Conditions
- Occupational Science
- Participatory Community Practice 301
- Advanced Community Occupational Therapy Practice and Chronic Conditions Management
- Health Science Honours Preparation

Develop the skills to assist people in managing personal, environmental and task limitations caused by injury or illness. Focus on areas such as human anatomy, human physiology, human neurosciences, growth and lifespan development, psychology, occupational science, and sociology. Gain valuable practical experience through 1,000 dedicated placement hours in a variety of settings under the supervision of a practising occupational therapist. Choose a professional or research stream in your final years of study. Graduate with a degree that has been approved by the World Federation of Occupational Therapists and the Occupational Therapy Board of Australia, and accredited by the Occupational Therapy Council (Australia & New Zealand) Ltd.

**REHABILITATION, HEALTH & SPORT**

**Bachelor of Physiotherapy (Honours)**

unisa.edu.au/physiotherapy

**CAREERS**

Physiotherapists can work in a variety of healthcare settings, including:
- Hospitals / private practice / community health services / rehabilitation centres / aged care facilities / home and community services / private practice / clinics / sporting clubs / disability services / aged care facilities / women’s health / paediatric services

**DEGREE STRUCTURE**

**FIRST YEAR**
- Foundations of Health
- Human Anatomy 100
- Physiology Essentials 100
- Introduction to Occupational Therapy Practice
- Lifespan Growth and Motor Development
- Introduction to Evidence Based Practice and Research in Health Sciences
- Occupational Therapy Practice in Hospital Settings
- Elective

**SECOND YEAR**
- Principles of Occupational Therapy Practice
- Applied Psychology
- Enabling Occupation through Environmental Adaptation
- The Individual in Society 200
- Human Neuroscience
- Occupational Therapy Group Work and Counselling
- Occupational Therapy Practice Education
- Occupational Therapy Practice in Occupational Rehabilitation

**THIRD YEAR (PROFESSIONAL STREAM)**
- Occupational Therapy Practice and Mental Health
- Primary Health Care Approaches in Occupational Therapy
- Advanced Occupational Therapy Practice and Neurological Conditions
- Occupational Science
- Participatory Community Practice 301
- Advanced Community Occupational Therapy Practice and Chronic Conditions Management
- Advanced Evidence Based Practice

**FOURTH YEAR (PROFESSIONAL STREAM)**
- Participatory Community Practice 400
- Professional Portfolio 400
- Occupational Therapy Field Practice 400
- Occupational Therapy Field Practice 401
- Professional Portfolio 401

**THIRD YEAR (RESEARCH STREAM)**
- Occupational Therapy Practice and Mental Health
- Primary Health Care Approaches in Occupational Therapy
- Advanced Occupational Therapy Practice and Neurological Conditions
- Occupational Science
- Participatory Community Practice 301
- Advanced Community Occupational Therapy Practice and Chronic Conditions Management
- Health Science Honours Preparation

Graduate with honours and become a registered physiotherapist in just four years. Develop the capability to assess, treat and prevent human movement disorders, enabling people to lead healthy and functional lives, as a first contact professional and valued member of an allied healthcare team. Focus on various areas of practice and treatments across sports, musculoskeletal, cardiopulmonary and neurological conditions. Study courses in human anatomy, human physiology, physiotherapy studies, pharmacology, exercise physiology, and pain sciences. Learn practical skills through clinical placements in real-world settings, including our on-campus physiotherapy clinics. Complete either a research stream focusing on an independent research project, or a professional stream where you will take part in a group project addressing a real-world problem. Graduate with a degree accredited by the Australian Physiotherapy Council and satisfy the academic requirements for registration as a Physiotherapist with the Physiotherapy Board of Australia. You will also be eligible for membership with the Australian Physiotherapy Association.

**CAREERS**

Registered physiotherapists can work in a variety of settings, including:
- Private practice / clinics / sporting clubs / exercise services / rehabilitation centres / hospitals / home and community services / disability services / aged care facilities / women’s health / paediatric services
DEGREE STRUCTURE

**FIRST YEAR**
- Human Anatomy 100
- Human Physiology 100
- Foundations of Health
- Physiotherapy Studies 100
- Human Anatomy 101
- Human Physiology 101
- Introduction to Evidence Based Practice and Research in Health Sciences
- Physiotherapy Studies 101

**SECOND YEAR**
- Human Anatomy 200
- Fundamentals of Pharmacology
- Physiotherapy Studies 200
- Exercise Physiology 1
- Neurosciences in Physiotherapy
- Biopsychosocial Practice
- Physiotherapy Studies 201
- Physiotherapy Practice with Older Adults

**THIRD YEAR (PROFESSIONAL STREAM)**
- Primary and Ambulatory Care in Physiotherapy
- Pain Sciences
- Advanced Evidence Based Practice
- Acute Care Rehabilitation

**FOURTH YEAR (PROFESSIONAL STREAM)**
- Physiotherapy with Children
- Advanced Rehabilitation B
- Health Promotion in Physiotherapy B
- Elective
- Advanced Physiotherapy Practice B
- Work Health and Safety Practice
- Ethics and Communication

**THIRD YEAR (RESEARCH STREAM)**
- Health Science Honours Preparation
- Primary and Ambulatory Care in Physiotherapy
- Pain Sciences
- Acute Care Rehabilitation

**FOURTH YEAR (RESEARCH STREAM)**
- Physiotherapy with Children
- Ethics and Communication
- Health Science Honours Thesis
- Advanced Physiotherapy Practice B
- Advanced Rehabilitation B

Develop your understanding of the impact that exercise and physical activity has on people – biologically, psychologically and socially. Tailor your degree to your interests and career goals through primary streams in Health and Physical Education or Exercise and Sport Science with the ability to choose a secondary study stream in Rehabilitation Sciences, Sports Coaching, Outdoor Education, Health Promotion, Nutrition or Advanced Exercise and Sport Science. Build strong foundational knowledge in core areas such as human anatomy and physiology, the sociology of health and physical activity; growth and motor development; and group and team psychology. Broaden your knowledge through studies in nutrition, exercise physiology, biomechanics, and motor learning. Graduate with the skills to complete client screenings, conduct laboratory and field testing, design and implement exercise and training programs, and interpret scientific research. Learn in state-of-the-art facilities such as the High Performance and Exercise Physiology Clinic, Environmental Chamber, and fully-equipped Health and Fitness Centre located on campus. Complete an industry placement during your studies. Package this degree with a Master of Teaching (Secondary) to become a health and physical education teacher.

**CAREERS**

Depending on your course selection, your career options can include:
- Sport development officer / community and allied health worker / health and wellbeing advisor / sports coach / outdoor education instructor / recreation activities coordinator / teacher (with further study)

Study South Australia’s only fully-accredited degree in exercise and sport science. Develop a deep understanding of the impact that exercise and physical activity has on the biological, physical and social aspects of human life. Learn how to design and deliver exercise programs to improve clients’ health and wellbeing, perform client screenings, conduct laboratory and field testing, and appraise and interpret scientific research. Be guided by some of Australia’s leading exercise scientists and experts in the field. Develop a solid understanding of human anatomy and physiology, the psychology and sociology of health and physical activity, exercise prescription and delivery, nutrition, and biomechanics. Access state-of-the-art facilities including the High Performance and Exercise Physiology Clinic, Environmental Chamber, and fully-equipped Health and Fitness Centre located on campus. Gain valuable practical experience by completing industry placements across a range of settings including schools and elite sporting clubs. Graduate with a degree accredited by Exercise and Sport Science Australia (ESSA) and be eligible for registration as an Accredited Exercise Scientist.

  - Capstone in Nutrition, Food Sciences
  - Sports Nutrition
  - Designing and Managing Health Projects
  - Medical Biochemistry

Launch a career in the growing food and nutrition industry. Learn to develop innovative foods; promote and manage diets and lifestyles; and conduct meaningful research for enhanced wellbeing. Explore the fundamentals of both nutrition and food sciences in your first two years of study then select one as a formal study stream in your third year, that aligns to your interests and career goals. Develop a strong body of knowledge in biology, food chemistry, microbiology, physiology and consumer education. Study in a dedicated learning hub on campus, including a purpose-built Sensory Lab, Microbiology Lab and Commercial Kitchen. Benefit from our strong links with the food industry and community, and attend field trips to some of South Australia's major nutrition and food providers. Graduates are eligible to apply for professional membership with the Australian Institute of Food Science and Technology (AIFST). Graduates are also eligible to apply to the Nutrition Society of Australia for registration as an Associate Nutritionist (ANutr), leading to Registered Nutritionist (RNutr), typically after three years of work experience.

Prepare for a career working with populations and communities to make a positive difference in the lives of others. Cultivate a range of skills aimed at improving and promoting health and wellbeing outcomes. Develop your knowledge and contribute to the research and education around preventing disease and illness. Complete 200+ hours of industry placements and projects and create a portfolio of work to present to future employers. Explore diverse areas such as health promotion, health monitoring and surveillance, epidemiology, as well as global, national and Aboriginal health issues. You will also develop skills in planning, managing and evaluating healthcare policy, projects, programs and services. Graduates are eligible for membership with the Public Health Association of Australia (PHAA) and other relevant professional bodies.

CAREERS
Health project officer / health policy analyst / health research officer / health promotion officer / wellness and lifestyle coordinator / community development officer / women’s health adviser / clinical trials coordinator / data analyst

DEGREE STRUCTURE

FIRST YEAR
Introduction to Public Health Practice and Research
Health Systems and Services
Aboriginal Australians: Culture and Colonisation
Physiology Essentials 100

Health Promotion Concepts
Introduction to Evidence Based Practice and Research in Health Sciences
Human Anatomy 100
First Peoples’ Health

SECOND YEAR
Marketing for Health and Wellbeing
Evaluation in Public Health
Sociological Perspectives in Public Health
Building Healthy Public Policy

Designing and Managing Health Projects
Science and Politics of Preventive Health
Aboriginal Public Health Practice and Research
Minor Course 1 OR Elective

Pharmacy & Medical Sciences

$247 million UniSA Cancer Research Institute.

To explore all major and minor areas, visit unisa.edu.au/msm

Study the only degree of its kind in South Australia. Develop the skills to work in areas such as drug discovery, manufacturing and production, clinical trials, regulatory affairs, and pharmaceutical sales and marketing.

Build your understanding of fundamental sciences and the factors influencing the global pharmaceutical industry. You will then focus specifically on key areas such as pharmaceutical sciences, pharmacology and pharmacokinetics, drug discovery, development, and commercialisation. You can also choose from a range of specialist courses to tailor your studies, covering areas such as research and development, manufacturing and pharmaceutical chemistry, and drug development and business (including sales, marketing, legal, regulatory and drug information). Access purpose-built laboratories on campus and in the A$247 million UniSA Cancer Research Institute.

Complete an industry project or placement during your degree. Be eligible for membership with the Royal Australian Chemical Institute (RACI) and other relevant professional bodies such as AusBiotech. Explore the option of a double degree with the Bachelor of Pharmacy (Honours) – academic criteria applies.

CAREERS
Pharmaceutical science professionals can work in a variety of areas, including medicine manufacturing, evaluation, sales, marketing and quality control, along with clinical trials and research and development.

DEGREE STRUCTURE

FIRST YEAR
Chemistry 100
Biology A
Health and Society
Health Professional Essentials
Chemistry 101
Biology B
Pharmaceutical Industry
Quantitative Methods in Health

SECOND YEAR
Dosage Form Design 1
Physiology
Fundamentals of Pharmacology
Specialist Course 1

Dosage Form Design 2
Drug Discovery
Pharmacology B OR Pharmacology C
Specialist Course 2

THIRD YEAR
Dosage Form Design 3
Drug Development
Pharmacokinetics and Biopharmaceutics
Specialist Course 3

Dosage Form Design 4
Pharmaceutical Commercialisation
Pharmaceutical Industry Experience
Specialist Course 4

CHEMISTRY SPECIALIST COURSES
Structure Determination and Analysis
Advanced Structure Determination and Analysis
Synthetic Chemistry
Advanced Synthetic Chemistry

BIOSCIENCES SPECIALIST COURSES
Biochemistry
Immunology
Microbiology
Genetics

CHEMISTRY/BIOSCIENCES SPECIALIST COURSES

Study South Australia’s only degree in pharmacy. Become a Registered Pharmacist, equipped to prepare, supply and monitor medicines across a variety of settings. Study a degree accredited by the Australian Pharmacy Council and benefit from a university with over 50 years’ experience in delivering pharmacy education. Focus on key study areas such as biological, chemical and pharmaceutical sciences; ethical pharmacy practice; trialling and regulation of medicines; drug information and advice; preparing, studying and monitoring medicines and their use; and pharmaceutical research methods. Access state-of-the-art learning spaces, including the pharmacy practice suite where you will learn to dispense medicines and counsel patients, along with purpose-built laboratories in the A$247 million UniSA Cancer Research Institute. Complete field placements in community and hospital-based pharmacy settings. Following graduation, you will satisfy the academic requirements for registration as a Pharmacist with the Pharmacy Board of Australia (PBA), which is also determined by a period of supervised training. Enhance your career by exploring the option of a double degree with the Bachelor of Pharmaceutical Science – academic criteria applies.

CAREERS
Registered pharmacists can work in a variety of settings, including:
- Hospitals / pharmacies / community services / aged care facilities / critical care services / regulatory bodies / compounding services / infectious disease services / defence / research / academia
- Retailing

Graduate with honours in just four years and prepare for a career as a medical laboratory scientist focusing on diagnostic pathology or research. Learn to play a vital role in the welfare of patients by supporting clinicians in the diagnosis, management and treatment of disease, conducting research into causes and cures of disease, and developing improved methods for disease detection. Build fundamental knowledge in biochemistry, microbiology, immunology, molecular pathology, haematology and histopathology. Develop the skills to perform a range of diagnostic tests including cross-matching for blood transfusions, identifying the organisms that cause infections and food poisoning, screening for cancer cells, and detecting genes responsible for disease. Gain valuable practical experience in our on-campus laboratories and through field placements across areas of public and private pathology. As part of your honours, you can tailor your studies in either a diagnostic or research setting, learning how to manage specimens, perform tests and operate equipment. Graduate with a degree accredited by the Australian Institute of Medical Scientists (AIMS) and be eligible for membership. You can also apply for membership with the Australasian Association of Clinical Biochemists (AACC) and Australian Society for Microbiology (ASM).

CAREERS
Medical laboratory scientists can work in a wide range of areas, including:
- Diagnostic pathology / histopathology / forensic science / immunology / virology / transfusion science / haematology / cytology / clinical biochemistry / medical microbiology / research / product manufacturing / public health management / veterinary medicine / academia

Study South Australia’s only medical radiation science degree and choose to specialise in Medical Imaging, Nuclear Medicine or Radiation Therapy. Focus on core courses in anatomy, physiology, pathology and radiation physics before completing specialised courses in your chosen area. Complete over 1,750 clinical placement hours, which begin in your second year of study. Take part in regular pre-clinical preparation workshops in your final year to further extend your skills as you move into advanced areas of practice and hear from clinical specialists who will teach you about current technologies and practices throughout your studies. After graduation, you will be eligible to apply for general registration with the Medical Radiation Practice Board of Australia (MRPBA).

Note: High achieving students may be considered for the Bachelor of Medical Radiation Science (Honours) program in third year.

Medical Imaging Specialisation

First Year
Foundations of Health
Human Anatomy 100
Human Physiology 100
Human Anatomy 101
Physics for Medical Radiation 1
Second Year
Applied Psychology
Pathology for Medical Radiation
Pathology for Medical Radiation
Third Year
Advanced Evidence Based Practice
CT and PET Imaging
Medical Imaging Studies 3
Elective

Medical Imaging Studies 4
Medical Imaging Clinical Practice 2
Medical Imaging Clinical Practice 4
Fourth Year
Medical Imaging Clinical Practice 3
Medical Imaging Clinical Practice 4
Medical Imaging Clinical Practice 2
Specialised Medical Imaging
Bachelor of Medical Radiation Science (Nuclear Medicine)

PROGRAM CODE: IBRS | CRICOS CODE: 088333G
*see pages 91–92 for details

Develop a career as a nuclear medicine technologist. Learn how to prepare and administer radioactive substances to evaluate the function of an organ or body system in order to diagnose and treat disease. Access industry-standard nuclear medicine software on campus to practise image manipulation and analyse patient data.

CAREERS
Nuclear medicine professionals can work across a variety of settings, including hospitals, private practice and research and development. You may also gain employment in specialist areas such as ultrasound, magnetic resonance imaging and computed tomography.

DEGREE STRUCTURE

NUCLEAR MEDICINE SPECIALISATION

FIRST YEAR
- Foundations of Health
- Human Anatomy 100
- Human Physiology 100
- Physics for Medical Radiation 1
- Pathology for Medical Radiation
- Human Physiology 101
- Physics for Medical Radiation 2
- Medical Radiation Clinical Human Anatomy

SECOND YEAR
- Applied Psychology
- Physics for Medical Radiation 3
- Nuclear Medicine Studies 1
- Human Anatomy 201 (Gross and Sectional)
- Nuclear Medicine Clinical Practice 1
- Nuclear Medicine Studies 2
- Physics for Medical Radiation 4
- Introduction to Evidence Based Practice and Research in Health Sciences

THIRD YEAR
- Advanced Evidence Based Practice
- CT and PET Imaging
- Nuclear Medicine Studies 3
- Elective
- Nuclear Medicine Studies 4
- Nuclear Medicine Clinical Practice 2
- Specialised Medical Radiation

FOURTH YEAR
- Nuclear Medicine Clinical Practice 3
- Nuclear Medicine Clinical Practice 4
- Nuclear Medicine Professional Entry Practice 1
- Nuclear Medicine Professional Entry Practice 2

Bachelor of Medical Radiation Science (Radiation Therapy)

PROGRAM CODE: IBRS | CRICOS CODE: 088333E
*see pages 91–92 for details

Prepare for a career as a qualified radiation therapist. Learn to work alongside radiation oncologists and medical physicians to plan and deliver individual radiation treatments to patients. Develop the skills to use dedicated radiotherapy treatment planning software, to model doses and operate radiation equipment. Gain practical experience in our purpose-built, state-of-the-art Virtual Environment Radiotherapy Training (VERT) suite on campus.

CAREERS
Qualified radiation therapists can work across a variety of settings, including hospitals, private practice, research and development and medical technology companies. You may also gain employment in specialist areas such as brachytherapy and stereotactic radiotherapy.

DEGREE STRUCTURE

POSTGRADUATE

ALLOYED HEALTH

Master of Occupational Therapy (Graduate Entry)

unisa.edu.au/occupational-therapy

- City East Campus
- 2 years full-time
- Professionally accredited
- A$42,400 pa* indicative 2021
- February intake

PROGRAM CODE: IMOG | CRICOS CODE: 024071J
*see pages 93–95 for details

Designed for students who have completed a health-related bachelor’s degree, this program will provide you with the requirements to practise as a registered occupational therapist in just two extra years of study. Learn how to assist people in managing constraints caused by injury or illness, as well as emotional, developmental, environmental, societal, age-related and psychological limitations. Benefit from highly practical learning with over 1,000 placement hours. Develop strong foundational knowledge in occupational science, occupational therapy practice and human neuroscience, along with critical communication and problem-solving skills. Graduate with a qualification accredited by the Occupational Therapy Council (Australia & New Zealand). The program is also approved by the World Federation of Occupational Therapists and the Occupational Therapy Board of Australia for professional registration as an Occupational Therapist in Australia.

CAREERS
Occupational therapists can work in a variety of settings, including hospitals, private practice, community health services, rehabilitation centres, aged care facilities, community services, home care, local councils, government departments and schools.

ENTRY REQUIREMENTS
- Bachelor degree or higher from a recognised higher education institution completed in the last ten years with a minimum Grade Point Average (GPA) of 5 or international equivalent score
- Applicants must also have successfully completed set prerequisite courses. For more information, visit unisa.edu.au/occupational-therapy

unisa.edu.au/study
ENTRY REQUIREMENTS

- Bachelor degree or equivalent entry level qualification in physiotherapy from a recognised higher education institution; and
- Minimum 10 months full-time, or equivalent, physiotherapy practice in a relevant field following completion of the professional entry level qualification, and
- Fulfilled the requirements for eligibility for registration as a physiotherapist or limited registration under supervision with the Australian Health Practitioner Registration Authority. Students must apply for limited registration after acceptance into the program.

Further your expertise in musculoskeletal physiotherapy. Gain advanced knowledge in clinical reasoning, communication, physical and psychosocial examination, as well as education and procedural management. Learn through a balance of theoretical and practical classes. Take core courses in allied health evidence translation, facilitating change in cognitive behaviours and lifestyle, pain science, assessment and management, and advanced musculoskeletal examination and management. Graduate with a qualification accredited by the Australian Physiotherapy Association and Musculoskeletal Physiotherapy Australia. You will also be eligible for Titled Membership with Sports Physiotherapy Australia.

CAREERS

This program is designed for qualified physiotherapists seeking to further their qualifications and can lead to careers in settings such as elite sports, amateur sports, national and international sports, clinics, hospitals, private practice, disability services, rehabilitation centres and research.

DEGREE STRUCTURE

- *see pages 93–95 for details

CAREERS
Clinical manager / practice manager / aged care manager / health and welfare services manager / medical administrator / hospital administrator / primary health organisation manager

ENTRY REQUIREMENTS
Bachelor degree from a recognised higher education institution. Some applicants may be eligible for Advanced Standing and can complete the program in 1.5 years full-time study.

DEGREE STRUCTURE
FIRST YEAR
People, Leadership and Performance
Responsible Leadership in Health
Quantitative Design for Nursing, Midwifery and Health Research
Workplace Health and Safety Management
Workplace Learning and Development
Project Management for Business
Managing Change
Financial and Economic Management for Health and Aged Care

SECOND YEAR
Service Management
Business Analytics and the Data-driven Organisation
Business Ethics
Strategy for Health and Aged Care Managers
Performance Review and Health Economics
Health Ethics
Capstone in Health Services Management

MEDICAL SONOGRAPHY

Master of Medical Sonography

Degrees:
- Master of Medical Sonography (General)
- Master of Medical Sonography (Cardiac)
- Master of Medical Sonography (Vascular)

unisa.edu.au/medical-radiation

Master of Medical Sonography (Vascular)

Designed for qualified allied health professionals, these part-time programs will extend your knowledge and practical skills in ultrasound imaging. Choose a broad qualification or specialise in either cardiac or vascular sonography. Study a combination of theory and practice where you will gain advanced technical skills and a strong understanding of key areas such as health science, physics, anatomy and pathology. In the Cardiac specialisation, you will focus on the cardiovascular system including cardiac pressures and congenital heart disease. In the Vascular specialisation, you will explore the circulatory system for signs of disease or obstruction. Complete more than 2,000 practical hours of supervised imaging and clinical assessments and pursue a clinical project or research pathway in your final year. Benefit from flexible learning with online study options and on-campus workshops. Graduates will be eligible to apply for registration with the Australian Sonographer Accreditation Registry (ASAR) as an accredited sonographer.

CAREERS
Accredited medical sonographers can work in a variety of settings, including hospitals, private practice, clinics, laboratories and research.

ALL SPECIALISATIONS
- A bachelor degree in medical radiation science or allied health or health science, or equivalent qualification with a minimum Grade Point Average (GPA) of 5 or international equivalent; or
- A relevant graduate diploma in medical/cardiac/vascular sonography or equivalent qualification with a minimum GPA of 5 or international equivalent; or
- Relevant accreditation as a medical/cardiac/vascular sonographer with five years of accredited experience; or
- Relevant accreditation as a medical/cardiac/vascular sonographer with two years’ experience where accreditation was awarded following completion of a recognised bachelor degree.

IN ADDITION, FOR THE GENERAL SPECIALISATION:
- Successful completion of prerequisite courses within the last ten years from a recognised higher education institution.

DEGREE STRUCTURE

EXAMPLE: GENERAL SPECIALISATION

LEVEL ONE
Ultrasound Physics and Instrumentation
Professional Issues for Sonographers
Abdominal Sonography
Superficial Parts Sonography

LEVEL TWO
Obstetric and Gynaecologic Sonography
Vascular Sonography
Musculoskeletal Sonography
Clinical Sonography Portfolio

LEVEL THREE (RESEARCH PATHWAY)
Qualitative Design for Nursing, Midwifery and Health Research OR Quantitative Design for Nursing, Midwifery and Health Research
AND
Minor Thesis 1
Health Science Minor Thesis 2

WE ALSO OFFER

Master of Physiotherapy (Graduate Entry)
Masters by Research
Doctor of Philosophy (PhD)
Master of Clinical Pharmacy

*This program is not available to onshore student visa holders.

IMPORTANT NOTE
These programs are not available to international student visa holders and are only available part-time and through online delivery. Theory examinations can be completed at external exam centres; however all students are required to attend clinical assessments on campus. Applicants are also responsible for organising their own training position in an Ultrasound department in order to complete the required scanning experience.
IT, ENGINEERING AND THE ENVIRONMENT

Be at the forefront of innovation and technology. Join a vibrant hub of forward-thinking students, academics and researchers, working to unlock new possibilities in the communication and information technology, engineering, science, defence and aerospace industries. Collaborate with industry through real-world projects and fieldwork to provide solutions that have a positive impact on end-users. Study near Technology Park in Adelaide’s northern suburbs — a nexus of more than 100 high-tech companies with opportunities for knowledge sharing, product development, research and professional networking.

February and July intakes

PROGRAM CODE: LBAN | CRICOS CODE: 088879F

Develop a global career in aviation management. Build your knowledge in complex airport and flight operations. Focus on key areas such as aviation law, airline finance, operations management, economics and marketing, safety and human factors, and professional and technical communication. Learn about air operations dispatch, airport management, computer-controlled flight management systems, crew resource management, flight operation technologies, flight planning and traffic control. Access our state-of-the-art flight simulators to build your understanding of pilot operations and different flying conditions. Benefit from close links to industry with coursework and materials aligned directly to industry needs and international best practice. Complete an aviation project in your final year, which focuses on a real-world challenge and showcases your knowledge along with critical analytical, research and presentation skills.

CAREERS

- Airport services manager / airport operations manager / air traffic controller / commercial manager / human resources manager / logistics manager / marketing and business development manager / maintenance and safety specialist

*see pages 91–92 for details

Study South Australia’s only honours degree combining construction management, quantity surveying and building surveying. Learn about the fundamentals of construction including building technology and building structures. Develop your knowledge in contract administration, development regulation and development economics. Tailor your studies by choosing to focus on two key specialisation areas in your final year, including Quantity Surveying, Building Surveying or Construction Management. Graduate career ready by completing the Professional Practice Program as part of your degree. Gain at least 450 hours of skills and competencies through a range of engagement activities such as placements, internships, guest lectures, industry panels, site visits, networking and events.
### CIVIL ENGINEERING

**Bachelor of Engineering (Honours)**

**Degrees:**
- Bachelor of Engineering (Honours) (Civil)
- Bachelor of Engineering (Honours) (Civil and Construction Management)
- Bachelor of Engineering (Honours) (Civil and Structural)

**Program Code:** LHMI | CRICOS Code: Varies

---

**FIRST YEAR**
- Introduction to Contract Administration
- Construction 1
- Introduction to Construction Management
- Construction Communication
- Construction Materials
- Introduction to Construction Business Management
- Structures 1
- University Elective

**SECOND YEAR**
- Quantity Surveying Practice 1
- Contract Administration
- Construction 2
- Structures 2
- Building Estimating
- Construction Cost Planning
- Construction Scheduling
- Building Services N

**THIRD YEAR**
- Development Regulation
- Project Appraisal
- Construction Environmental Science
- Building Surveying
- Construction Operations and Safety
- Advanced Contract Administration
- Fire Engineering N
- Sustainable Construction

**FOURTH YEAR**
- Research Theory and Practice
- Integrated Project
- and two of the following three specialisation courses:
  - Quantity Surveying Specialisation: Quantity Surveying Practice 2
  - Building Surveying Specialisation: Asset Management and Building Pathology
  - Construction Management Specialisation: Construction Business Management
- NBE Honours Research Project
- and two of the following three specialisation courses:
  - Quantity Surveying Specialisation: Advanced Quantity Surveying
  - Building Surveying Specialisation: Advanced Building Surveying
  - Construction Management Specialisation: Advanced Construction Management

**Program Code:** LHMI | CRICOS Code: 099377D

---

**Preparation for a career in civil engineering. Choose to specialise in Civil, Civil and Construction Management, or Civil and Structural. Access industry-standard facilities on campus including the largest strong floor in Australia, along with high-tech testing and computer-modelling equipment. Graduate career ready by completing the Professional Practice Program as part of your degree. Gain at least 450 hours of skills and competencies through a range of engineering activities.**

Graduate with a degree accredited by Engineers Australia and comparable international institutions.

**Careers:**
- Civil engineer / geotechnical engineer / water resources engineer / environmental engineer / engineering consultant / project engineer / transport engineer / structural engineer / project coordinator

---

**Bachelor of Engineering (Honours) (Civil)**

**Program Code:** LHMI | CRICOS Code: 081808M

---

**Learn to design and maintain critical infrastructure such as bridges, buildings, airports, roads, railways and water systems. Focus on core courses in road design, geospatial science, soil mechanics, hydraulics and hydrology, geotechnical engineering, and reinforced concrete.**

Graduate career ready by planning, implementing and delivering major projects while meeting critical deadlines and budgets. Develop a strong foundation of engineering knowledge in your first year, with specialist project management courses such as Construction Scheduling and Advanced Construction Management starting in your third year.

**Careers:**
- Civil project manager / civil construction manager / civil engineer / geotechnical engineer / project engineer / engineering consultant / project coordinator / capital works manager
Bachelor of Engineering (Honours) (Civil and Structural)

DEGREE STRUCTURE

WE ALSO OFFER
Bachelor of Engineering (Honours) (Electrical and Electronic), Bachelor of Business

Bachelor of Engineering (Honours) (Electrical and Mechatronic)

PROGRAM CODE: LHM | CRICOS CODE: 08181ME
*see pages 91–92 for details

Combine studies in electrical and mechanical engineering, studying the fundamental principles underlying the generation, transmission, distribution and utilisation of electrical energy. Learn how to design, develop, control and integrate electromechanical devices and platforms, including automation systems and robots. Prepare for industry 4.0 using cutting-edge software for 3D design, analysis, simulation and collaborative digital environments.

CAREERS
Mechatronics engineer / mechatronic device designer / mechatronic development engineer / power systems engineer / renewable energy engineer / control systems engineer / automation engineer / robotics engineer / entrepreneur / project coordinator

MECHANICAL ENGINEERING

Bachelor of Engineering (Honours) (Mechanical)

Degrees:
• Bachelor of Engineering (Honours) (Mechanical)
• Bachelor of Engineering (Honours) (Mechanical and Advanced Manufacturing)
• Bachelor of Engineering (Honours) (Mechanical and Mechatronic)

unisa.edu.au/engineering

Build a career in mechanical engineering. Choose to specialise in Mechanical, Mechanical and Advanced Manufacturing, or Mechanical and Mechatronic. Prepare for Industry 4.0 using cutting-edge software platforms and collaborative digital environments. Access our state-of-the-art facilities, including the Robotics and Machine Vision, and Sustainable Energy Systems spaces. Graduate career ready by completing the Professional Practice Program as part of your degree. Gain at least 450 hours of skills and competencies through a range of engagement activities such as placements, internships, guest lectures, industry panels, site visits, networking and events. Go on an overseas study exchange and choose from over 25 countries and more than 60 universities worldwide. Graduate with a degree accredited by Engineers Australia and be eligible for graduate membership. You will also be eligible for membership with comparable international institutions.

Bachelor of Engineering (Honours) (Mechanical)

PROGRAM CODE: LHRM | CRICOS CODE: 081816M
*see pages 91–92 for details

Become a mechanical engineer, creating innovative designs and mechanised solutions that use power, advanced mechanisms and digital tools. Study the key principles of motion, energy and force. Build a career designing components, machines, or systems that meet human and environmental needs such as engines, appliances, generators and production equipment. Develop the skills to take a product to market, focusing on the full production cycle from functional design and practicality to aesthetics, manufacturing and maintenance. Tailor your studies by choosing a major study area in either Mechanical Design, Energy Systems, or Engineering Management; or a flexible minor in Business innovation.

CAREERS
Mechanical engineer / industrial engineer / mechanical design engineer / maintenance engineer / hydraulics engineer / energy systems engineer / product development manager / entrepreneur / project coordinator

*see pages 91–92 for details

Focus on the security of information in contemporary IT systems. Be at the forefront of security intelligence, finding new ways to combat escalating cyber-attacks and defending against spamming, malware, viruses and other threats. Develop the skills to support a network roll-out and infrastructure maintenance, as well as knowledge in networking topologies, routers and firewalls. Complete specialist courses including Digital Forensics, Cloud, Virtualisation and Storage, Information Security Management, and Network Security. The core networking courses will also prepare you to sit industry certification exams and will also help you build essential skills in CCNA, CISCO and CCNP.

CAREERS

Cybersecurity analyst / network administrator / network engineer / cybersecurity consultant / cybersecurity governance manager / policy adviser / IT service delivery manager

*see pages 91–92 for details

---

Go beyond traditional programming and develop specialist skills in software engineering. Study core courses to build your base knowledge in IT, network, database and programming fundamentals, and systems analysis. You will then explore advanced concepts and research methods in computer science including systems development, database and knowledge management, health informatics, networking and security. Learn to develop large, complex systems and focus on key areas such as tools for software development, software development with C++, agile development with .NET, concurrent programming, artificial intelligence, and cloud programming. You will also develop the cognitive skills needed for critical thinking, and the ability to understand and analyse the technical and design elements of software engineering. Complete a major specialist project focusing on a real-world IT issue, along with three software engineering minors in your final honours year. Learn with the latest industry-standard technologies and tools in the IT Development Studio and IT Innovation Studio located on campus. Graduate with a degree accredited by the Australian Computer Society.

**CAREERS**
Software engineer / test manager / software developer / Android and iOS developer / programmer / information systems manager / computer scientist

**Bachelor of Science**

**unisa.edu.au/science**

---

Unravel the mysteries of the natural and physical world. Build your career as a scientist, making predictions and informed decisions through the systematic study of the nature and behaviour of the physical universe. Study the fundamentals of science through observation, experiment and measurement. Tailor your degree by choosing two majors that align with your interests and career goals, including Applied Physics, Biology, Chemistry, Ecosystem Sciences, or Mathematics. Gain practical experience through laboratory and field work. Access state-of-the-art facilities and engage with researchers at the multi-million dollar Future Industries Institute on campus. Continue your studies with the Master of Teaching (Secondary) to become a science teacher.

Note: Students interested in taking a major in another area of science can discuss their options with the University after enrolment.

Bachelor of Environmental Science

unisa.edu.au/enviro

Build a career in environmental sustainability, exploring how humans interact with the environment and how we can best manage it. Study core courses in biology, soil science, ecology, conservation, geology and social sciences. Complete in-depth examinations in biological and earth sciences. Develop essential skills working with Geospatial Information Systems (GIS) to capture, analyse and manage spatial and geographic data. Choose a major study area to tailor your degree, including Ecology and Conservation, or Earth Science and Environmental Chemistry. Learn in a state-of-the-art immersive virtual environment on campus using Project Live visualisation technology, which transforms traditional classroom activities into interactive learning. Access cutting-edge digital imagery of local environments and the tools to process data and evaluate its meaning. Through this technology you will become familiar with the latest digital imaging, mapping and spatial analysis techniques. Gain additional practical experience through hands-on field work and real-world projects. Continue your studies through the Master of Teaching (Secondary) to teach science up to Year 10 and Environmental Science to Year 12.

CAREERS

This degree can lead to careers in a variety of areas, including:

- Research laboratories / medical and pharmaceutical industries / manufacturing / environmental management / food development / mining and energy / information technology / defence science / meteorology / teaching (with further study)

- Continue your practical experience through hands-on field work and real-world projects. Gain additional skills through participation in immersive virtual environments on campus using Project Live visualisation technology, which transforms traditional classroom activities into interactive learning. Access cutting-edge digital imagery of local environments and the tools to process data and evaluate its meaning. Through this technology you will become familiar with the latest digital imaging, mapping and spatial analysis techniques. Gain additional practical experience through hands-on field work and real-world projects.

Mawson Lakes Campus
3 years full-time
Selection Rank ……… 75
IELTS Total ………… 6.0
IELTS Reading ……… 6.0
IELTS Writing ……… 6.0
February and July intakes

$35,300 pa* indicative 2021

Program Code: LBHM | CRICOS Code: 095006G
*see pages 91–92 for details

Prepare for a career in the growing field of data science where skilled professionals are in high demand. Discover ways to analyse and interpret vast amounts of data to provide intelligent business insights. Learn to solve complex problems through quantifying and understanding data. Study a balanced mix of courses in mathematics, information technology and data science. In first year, you will focus on building your mathematical and programming skills with courses in calculus, statistical methods, fundamentals of programming, and databases. You will then move into applied data science studies through cross-disciplinary areas such as web development, data structures, mathematical communication and mathematical modelling. In final year, you will develop skills in programming and networking, project management and analytics. Gain hands-on experience through a major ICT project working on a real-world challenge and strengthen your abilities in research, analysis and interpretation of data. Continue your studies with the Master of Teaching (Secondary) to become a mathematics teacher.

CAREERS
Data scientist / data analyst / business intelligence analyst / data architect / data mining engineer / visualisation designer / data consultant / big data engineer / big data researcher / teacher (with further study)

Apply mathematical methods and models to find solutions to practical problems. Explore the relationship and application of mathematics to other disciplines such as physics, engineering, information technology and biology. Develop your problem-solving and analytical skills by studying key courses in simulation theory, algebra, differential equations and stochastic calculus. Broaden your knowledge and skills through additional courses in IT and programming focusing on statistical methods, fundamentals of programming, and understanding databases. Participate in the Maths Clinic program in your final year, working closely with an industry partner on a real-world project. Gain international experience through a study exchange. Continue your studies with the Master of Teaching (Secondary) to become a mathematics teacher. You also have the option of transferring into the Bachelor of Mathematics (Data Science) and receiving study credit for successfully completed courses.

Master of Information Technology (Enterprise Management)
unisa.edu.au/IT

Nested with: Graduate Certificate in Information Technology (LCIG), Graduate Diploma in Information Technology (Enterprise Management) (LCIG)

Program Code: LMIG | CRICOS Code: 081872C
*see pages 93–95 for details

Discover the latest trends and developments in information technology coupled with contemporary business management practices. Designed for professionals with an IT or non-IT background, you will learn about strategic
stakeholder engagement, business intelligence and the management of complex information systems in a business setting. Study a range of theoretical courses covering universal IT practices, including areas like Information Systems, Organisational Transformation and Business Modelling, Information Governance, and Project Management. Tailor your studies through elective courses covering topics such as data and web mining, security operations, network infrastructure, commercial law, global business, marketing, accounting and people management. Complete a major project where you will work on a real-world issue or challenge within a structured team, applying modern IT and management techniques. Graduate with a qualification accredited by the Australian Computer Society.

CAREERS
Business and systems analyst / ICT manager / software programmer / applications programmer / ICT network and support manager / solutions architect / ICT project manager / ICT portfolio manager / ICT test manager

ENTRY REQUIREMENTS
• Bachelor degree in any discipline from a recognised higher education institution; or
• Graduate certificate in information technology or a graduate certificate in information systems from a recognised higher education institution; or
• Graduate diploma in information technology or a graduate diploma in information systems from a recognised higher education institution.

DEGREE STRUCTURE

FIRST YEAR
IT Concepts
Business Practices for IT Professionals
Project Management for IT Professionals
Professional Communication
Business Intelligence and Analytics
Enterprise Systems using SAP
Business Systems Analysis
Elective 1

SECOND YEAR
Security Principles
Business Process Modelling
IT Stakeholder Engagement
Elective 2
Enterprise Architecture
Information Governance
Capstone Professional Project

Master of Cybersecurity
unisa.edu.au/IT

Join a rapidly growing industry tasked with protecting critical IT infrastructure and information. Study technical topics such as network infrastructure, security operations, web and cloud security, and cybersecurity planning and compliance. Develop the leadership and negotiation skills needed for a cybersecurity expert, and to manage cybersecurity projects and personnel. Explore cybersecurity defence strategies for complex environments, including penetration testing and presentation methods for communicating technical topics to broader audiences. Learn how to apply technical skills to organisational contexts with a focus on risk management and incident response. Gain valuable practical experience by completing a final-year cybersecurity exercise where you will devise and implement a defence strategy for a complex enterprise environment. Collaborate with our Innovation and Collaboration Centre, and access industry expertise in technology, design, business growth, management, marketing and commercialisation.

CAREERS
Security analyst / cryptanalyst / security software developer / cybersecurity specialist / system security engineer / cyber solutions architect / cybersecurity adviser / cybersecurity manager / test lead

ENTRY REQUIREMENTS
• Entry to this program is competitive and will be assessed by the Program Director. Applicants will have typically completed a bachelor degree in information technology with a UniSA equivalent Grade Point Average (GPA) of at least 5.0.
• Applicants who have completed a bachelor degree or higher in a different discipline may also be considered for entry based upon their IT expertise gained through formal tertiary studies and/or relevant work experience. These applicants are required to submit a detailed curriculum vitae.
• Applicants may be required to attend an interview, either in-person or online.

DEGREE STRUCTURE

FIRST YEAR
IT Concepts
Network Infrastructure
Security Principles
Security Governance
Security Consultancy
Network Security
Operating Systems and Application Security

*see pages 93–95 for details

Programmes include:

Mawson Lakes
Campus

2 years full-time

$A35,600 pa*
indicative 2021

February and
July intakes

PROGRAM CODE: LMCS | CRICOS CODE: 092659F

*see pages 93–95 for details

Enter the revolutionary field of big data where there is a growing demand for qualified data scientists. Learn how to find patterns, make meaning and draw value from large data sets, which can be applied across a wide range of industries and business environments. Build strong foundational skills in data and statistics such as data analytics, big data basics, statistical programming, and relational databases and warehouses. Learn to analyse and visualise rich data sources, spot data trends and generate data management strategies. Benefit from coursework designed in consultation with industry, including the Institute of Analytics Professionals of Australia and the leader in business analytics and software – SAS. Complete a professional project in your final year, gaining practical experience in modern data techniques and practices.

CAREERS
Data scientist / big data visualiser / business intelligence analyst / information security analyst / social media analyst / customer insights analyst / data analyst / data engineer / research analyst

ENTRY REQUIREMENTS
• Bachelor degree in information technology, mathematics from a recognised higher education institution; or
• Graduate diploma or graduate certificate in data science from a recognised higher education institution.

DEGREE STRUCTURE

FIRST YEAR
Big Data Basics
Statistical Programming for Data Science
Two of the following four courses:
• Statistics for Data Science
• Probabilities and Data
• Relational Databases and Warehouses
• Business Intelligence and Analytics
Predictive Analytics
Unsupervised Methods in Analytics
Research Methods
Data Visualisation

SECOND YEAR
Social Media Data Analytics
Customer Analytics in Large Organisations
Data Science Professional Development
Advanced Analytic Techniques 1
Advanced Analytic Techniques 2
Capstone Professional Project

POSTGRADUATE DEGREES
Master of Engineering (Civil and Infrastructure)

**ENTRY REQUIREMENTS**
- Bachelor degree in engineering, science or technology, from a recognised higher education institution.
- Graduate certificate or graduate diploma in engineering, from a recognised higher education institution.

**DEGREE STRUCTURE**

**FIRST YEAR**
- Professional Engineering Practice E
- 3 x Electives

**SECOND YEAR**
- Engineering Economic Analysis
- Enterprise Resource Planning
- Minor Thesis 1 (Eng)
- Supply Chain Management
- Operations Management Systems
- Minor Thesis 2 (Eng)

**CAREERS**
Civil engineer / structural engineer / geotechnical engineer / civil construction manager / civil project manager / operations manager / civil division manager

**PROGRAM CODE**: LMCL | **CRICOS CODE**: 088538E

*see pages 93–95 for details*

Study advanced structural and geotechnical engineering. Apply and synthesise civil engineering theories to help solve practical infrastructure problems. Create and design models that can be used in critical infrastructure design and analysis. Choose to focus extensively on project management and leadership through dedicated elective courses. Develop your communication skills to effectively engage other engineering professionals and broader stakeholders. Alternatively, you can choose electives that cover a broad range of topics, including transportation engineering, green infrastructure, structural analysis, climate change adaptation, and earthquake and masonry engineering.

**Master of Engineering (Water Resources Management)**

**ENTRY REQUIREMENTS**
- Bachelor degree in engineering, science or technology, from a recognised higher education institution.
- Graduate certificate or graduate diploma in engineering, from a recognised higher education institution.

**DEGREE STRUCTURE**

**FIRST YEAR**
- Soil Mechanics
- Steel and Timber Design
- Research Data Analysis
- Elective 1

**SECOND YEAR**
- Geotechnical Engineering
- Reinforced Concrete Design
- Advanced Soil Mechanics
- Elective 2

**PROGRAM CODE**: LMCL | **CRICOS CODE**: VARIES

*see pages 95–95 for details*

Study advanced water and environmental engineering theories to support essential waterways, resources and infrastructure. Create and design systems that can be used in developing water resources and supporting water quality management. Learn to integrate modelling technology and GIS applications to form comprehensive water systems. Choose to focus extensively on project management and leadership through dedicated elective courses. Develop your communication skills to effectively engage other engineering professionals, along with water and environmental experts. Alternatively,
you can choose electives that cover a broad range of topics including green infrastructure, environmental pollution and monitoring, natural resource management, and water quality management.

**CAREERS**

Water resources engineer / project engineer / environmental consultant / water infrastructure manager / technical lead – water quality and treatment / project manager / operations manager

**DEGREE STRUCTURE**

**WATER RESOURCES SPECIALISATION**

FIRST YEAR

- Soil Mechanics
- Hydraulics and Hydrology
- Research Data Analysis
- Geographical Information Systems and Analysis
- Water Resources Systems Design
- Geotechnical Engineering
- Design of Flood and Drainage Systems
- Elective 1

SECOND YEAR

- Engineering Masters Industrial Experience
- Masters Research Theory and Practice
- Engineering and Environmental Masters Design Project
- Elective 2
- NBE Masters Research Project
- Elective 3
- Elective 4

---

**Master of Engineering (Electrical Power)**

**DEGREE STRUCTURE**

**FIRST YEAR**

- Renewable Energy Systems UG
- Power System Analysis
- Engineering Research Practice

**SPECIALISATION COURSES**

Select a total of 22.5 units from the following:

- Advanced Control and Signal Processing
- Electric Filters and Amplifiers
- VLSI Design
- Digital Signal Processing
- Industrial Automation Systems
- Energy and Society

**SECOND YEAR**

**CORE COURSES**

- Renewable and Distributed Power Generation
- Advanced Electrical Machines
- Advanced Power System Modelling and Analysis
- Engineering Minor Thesis 1
- Engineering Minor Thesis 2

Select one of:

- Engineering Economic Analysis
- Total Quality Management
- Lean Six Sigma
- Project Planning and Control
- Enterprise Resource Planning
- Operations Management Systems

---

**Master of Engineering (Telecommunications)**

**DEGREE STRUCTURE**

**FIRST YEAR**

- Digital Communications
- Digital Signal Processing
- Engineering Research Practice

**SPECIALISATION COURSES**

Select a total of 22.5 units from the following:

- Advanced Control and Signal Processing
- Renewable Energy Systems
- Power Electronics
- Learning in the Workplace Project

**SECOND YEAR**

**CORE COURSES**

- Electronic Filters and Amplifiers
- VLSI Design
- Advanced Control and Signal Processing
- Renewable Energy Systems
- Power Electronics
- Energy and Society

**SELECT ONE OF:**

- Engineering Economic Analysis
- Total Quality Management
- Lean Six Sigma
- Project Planning and Control
- Enterprise Resource Planning
- Operations Management Systems

---

**WE ALSO OFFER**

Graduate Diploma in Engineering (Engineering Management)
Master of Environmental Science

unisa.edu.au/enviro

Nested with: Graduate Certificate in Environmental Science (LCES), Graduate Diploma in Environmental Science (LGES)

Mawson Lakes Campus

2 years full-time

$36,600 pa* indicative 2021

February and July intakes

PROGRAM CODE: LMEV | CRICOS CODE: 058635G

*see pages 93–95 for details

DEGREE STRUCTURE

FIRST YEAR
- Arid Land Environments
- Valuing the Environment
  Elective 1
  Elective 2

- Community Partnerships
- Natural Resource Management
- Environmental Impact Assessment N
  Elective 3

SECOND YEAR
- Masters Research Theory and Practice
- Engineering and Environmental Masters Design Project
  Elective 4

- NBE Masters Research Project
  Elective 5
  Elective 6

CAREERS
- policy adviser / environmental scientist / sustainability adviser / environmental consultant / environmental planner / sustainability adviser / environmental scientist / project manager / researcher

ENTRY REQUIREMENTS
- Bachelor degree from a recognised higher education institution.
- Graduate certificate or graduate diploma in project management from a recognised higher education institution

PROJECT MANAGEMENT

Master of Project Management

unisa.edu.au/projectmanagement

Nested with: Graduate Diploma in Project Management (IGBP)

City East Campus

2 years full-time

$36,600 pa* indicative 2021

February and July intakes

PROGRAM CODE: IMPA | CRICOS CODE: 081832M

*see pages 93–95 for details

DEGREE STRUCTURE

FIRST YEAR
- Principles of Project Management
- Project Risk Management
- Procurement and Contract Management
- Project Governance and Ethics
- Project Control Methods
- Project Leadership and Teams
- Economic, Social and Environmental Analysis
- NBE Masters Research Project

SECOND YEAR
- Portfolio and Program Management
- Strategy in Project Organisations
- Managing Complexity in Projects
- Professional Practice Project
- Business Continuity Management Systems
- Elective 1

CAREERS
- Graduated project managers can work across a wide range of industries, including:
- Information technology / construction / engineering / health / defence / finance / mining and resources / biopharmaceuticals / the arts / communications and media / education / government / not-for-profit

ENTRY REQUIREMENTS
- Bachelor degree from a recognised higher education institution.
- Graduate certificate or graduate diploma in project management from a recognised higher education institution

WE ALSO OFFER

Graduate Certificate in Environmental Science
Graduate Diploma in Environmental Science
Graduate Diploma in Project Management (Contract Management)
Graduate Diploma in Project Management (Contract Management)
Masters by Research
Doctor of Philosophy (PhD)
Undergraduate admissions

You will need to have completed one of the following for entry:

» An Australian Year 12 or equivalent international program; or
» A recognised Foundation Studies program; or
» A SAIBT, Eynesbury, TAFE or other recognised tertiary pathway program.

To apply, visit unisa.edu.au/international/apply

AUSTRALIAN TERTIARY ADMISSION RANK (ATAR)

If you are an international student studying the Australian Year 12 curriculum in Australia or offshore, entry to our undergraduate degrees is determined by a Selection Rank score, which is provided for every program. The Selection Rank is your Australian Tertiary Admissions Rank (ATAR) including any Adjustment Factors (formerly known as Bonus Points). Applications for entry are completed through the South Australian Tertiary Admissions Centre (SATAC).

For more information, and to apply, visit satac.edu.au

STUDY CREDIT

If you have completed previous studies at university, in a diploma program or an equivalent post-secondary qualification, you may be eligible to receive study credit, exemptions or advanced standing towards your degree. You may also be considered for credit if you have work experience in an area relevant to your studies.

To check your eligibility, visit creditassessor.unisa.edu.au

Postgraduate admissions

You will need to have completed one of the following for entry:

» An undergraduate degree, to the required standard, from a recognised higher education institution in Australia or the international equivalent; and/or
» The equivalent professional work experience.

The University offers both coursework and research degrees.

English language requirements

The table on the next page sets out the minimum English language requirements for entry into our degrees (but should be used as a guide only). Many degrees require higher English language proficiency scores, so you will need to check the specific score for your preferred program.

Applicants from countries where English is an official language, or who have recent study experience in an English setting, may be eligible to use this to meet the English language proficiency requirement. Certified documentation is required. We will consider all applications on a case-by-case basis.

The Centre for English Language at the University of South Australia (CELUSA) provides programs designed to prepare students from non-English speaking backgrounds for university study. CELUSA is suited to both undergraduate and postgraduate applicants that do not meet the University’s English language entry requirements and offers Academic English (AE) language preparation programs.

For more information, visit unisa.edu.au/english-language-requirements

STREAMLINED VISA APPLICATION

Apply to study with one of our education partners and receive a packaged offer that allows you to apply for one student visa for the entire duration of your study under the Simplified Student Visa Framework (SSVF). For more information, see pages 86-87.
## Undergraduate Postgraduate

### English language test scores

English language test results are generally valid for two years prior to your date of commencement at the University of South Australia.

<table>
<thead>
<tr>
<th>Test</th>
<th>Undergraduate</th>
<th>Postgraduate</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>IELTS (Academic)</strong></td>
<td>6.0 overall with a 6.0 in Reading and Writing</td>
<td>6.5 overall with a 6.0 in Reading and Writing</td>
</tr>
<tr>
<td><strong>University of Cambridge C1 Advanced</strong></td>
<td>169 with a 169 in Reading and Writing</td>
<td>176 with a 169 in Reading and Writing</td>
</tr>
<tr>
<td><strong>TOEFL (Test as a Foreign Language)</strong></td>
<td>iBT (internet-based test) 60 with Reading and Writing not less than 18 PBT (Paper-based test) 550 with TWE (Test of Written English) of 4.5</td>
<td>iBT (internet-based test) 79 with Reading and Writing not less than 18 PBT (Paper-based test) 577 with TWE (Test of Written English) of 4.5</td>
</tr>
<tr>
<td><strong>PTE (Academic)</strong></td>

</tbody>
</table>

**Note 1:** Students require an additional year of study following their high school studies. This can include the successful completion of a recognised pre-tertiary program; Foundation Studies; or one year of study at a recognised tertiary or higher education institution.

**Note 2:** Students must have a minimum of six points for entry (some programs require a higher score) and have completed 3x A levels. The score is calculated using the best 3 subjects and can include local languages and 1 Advanced Subsidiary (AS) grade. AS grades cannot be used for any pre-requisite subject/5. The scoring system is A*=6, A=5, B=4, C=3, D=2, E=1.

**Note 3:** Selection Rank is your Australian Tertiary Admission Rank (ATAR) including any Adjustment Factors (formerly known as Bonus Points).

For other countries, please contact our International Office (e) unisa.edu.au/enquire • (p) +61 8 8302 0114
Undergraduate pathway options

There are many alternative pathways to help you gain entry into the University of South Australia. This includes on-campus programs delivered at City West and City East, as well as other off-campus options.

To learn more, visit unisa.edu.au/international-pathways

ON CAMPUS

THE SOUTH AUSTRALIAN INSTITUTE OF BUSINESS AND TECHNOLOGY (SAIBT)

SAIBT offer an early transition program and a range of diploma programs that provide entry into over 90 undergraduate degrees at the University of South Australia (please note some programs require a competitive Grade Point Average). The SAIBT programs are an ideal alternative if you are ineligible for direct entry into your preferred degree. Successful completion of your SAIBT program will provide direct entry into either first or second year (with credit granted) of your chosen program.

Diplomas include:

- Diploma of Arts
- Diploma of Business
- Diploma of Engineering
- Diploma of Information Technology
- Diploma of Health Science

Contact our international office to find out if you are eligible for entry into a pathway program. Submit an online form at unisa.edu.au/enquire or phone +61 8 8302 0114.

CENTRE FOR ENGLISH LANGUAGE (CELUSA)

The Centre for English Language at the University of South Australia (CELUSA) delivers high quality Academic English programs designed to prepare students from non-English speaking backgrounds for university study. CELUSA is suited for applicants who do not meet the University’s English language entry requirements and offers Academic English (AE) language preparation programs. Students who are eligible for and successfully complete an AE program (at an appropriate level) will be able to commence their studies at the University of South Australia or a pathway program through SAIBT. CELUSA is also an IELTS and OET test centre.

Eynesbury College offers a range of programs that can lead into the first or second year of an undergraduate degree at the University of South Australia.

**Eynesbury College programs include:**

- English Language programs (for undergraduate and postgraduate entry)
- Senior High School (Years 10, 11 and 12)
- Foundation Studies Program
- Diploma Studies: Business or Computing & IT
- Diploma: Business, Engineering or Computing and IT

Located in the city centre, Eynesbury College is close to our City East and City West campuses, and offers excellent teaching quality and support for students. The college is also a Pearson PTE Academic test centre.

---

TAFE SA packaged programs offer you a practical way of achieving your end goal of an undergraduate degree from the University of South Australia.

Successfully completing a TAFE SA Diploma, Advanced Diploma or Associate Degree provides entry into a range of undergraduate degrees at the University of South Australia, and credit for previous study can lead you directly into year 1, 2 or 3, reducing the overall study time through credit transfers.

TAFE SA English for Academic Purposes 20 (064266M) and English for Academic Purposes Advanced (086001K) can provide direct entry into some degrees.

- HEP code: PRV14002
**How to apply: undergraduate and postgraduate**

1. **Find your degree**
   Explore your study options in this guide or go online for more information.
   [unisa.edu.au/study](http://unisa.edu.au/study)

2. **Check admission requirements**
   Make sure you are aware of entry requirements for the University as well as individual program requirements:
   - English language requirements
   - Guidelines on genuine temporary entry
   - Guidelines on living costs and evidence of funds
   [unisa.edu.au/international/apply](http://unisa.edu.au/international/apply)

3. **Apply**
   Once you have found the program you wish to study, you can apply online either directly or via an Education Agent. Apply at least two months before you intend to start studying. Some students may require more time to ensure they receive their visa.

   **Apply directly** — You can apply directly via our secure online service. Save your application and return later to continue the process and track your progress.

   **Education Agents** — Depending on your country of citizenship, you may be required to apply through one of our registered Education Agents. A full list is available online at [unisa.edu.au/find-an-agent](http://unisa.edu.au/find-an-agent).

   [unisa.edu.au/international/apply](http://unisa.edu.au/international/apply)

---

**Supporting documentation**

Attach the following documents to your online application to avoid delays.

- Certified* copies of academic transcripts and graduation certificates, including information on your institution’s grading system as required;
- English language test results (e.g. IELTS or TOEFL) where applicable;
- Detailed syllabi/course outlines of previous studies if you are applying for credit or advanced standing;
- Additional academic and employer references if required; and
- A certified* copy of the personal details page and signature page of your passport.

*Certified copy is a copy of the original document that has been certified by an official such as a University of South Australia Education Agent or staff member, justice of the peace, notary public, police officer or examining authority.
Application assessment

Application outcomes will be advised within one to two weeks from the date received (including all supporting documentation required).

If you are eligible for your chosen program, an offer letter package will be sent to you, or your Education Agent, via email. If you are not eligible, we may suggest alternative programs or pathway studies. Your application will be assessed in accordance with the University’s Selection and Entry to Programs Policy, which includes the guidelines on genuine temporary entry and guidelines on living costs and evidence of funds.

unisa.edu.au/international/apply

Accept your offer

To accept a place in your offered program, you will need to:

- Check the offer letter package
- If all details are correct, log in and complete the following steps:
  1. View your offer.
  2. Click the Actions button and select Respond to Offer.
  3. Ensure the offer details are correct and select Accept Offer.
  4. Upload any additional documents required to meet your condition/s (if applicable).
  5. Select the box to confirm you have read, understood and agree to the terms and conditions of the offer.
  6. Enter your full name and any comments you have before clicking Accept Offer.
  7. Pay via bank transfer or credit card using the Western Union GlobalPay for Students portal.
  8. Once you have finalised your payment, we will action your acceptance.

If you have an Education Agent, they can help you accept your offer via student-unisa.studylink.com

Student visas

We will send you a Confirmation of Enrolment (CoE) document, which you can use to apply for a student visa for entry into Australia. Apply for your student visa as soon as you receive your CoE.

unisa.edu.au/student-visa

Student payments

The Western Union GlobalPay for Students service helps you make payments in your preferred currency without extra fees and delays.

- Pay your tuition fees quickly.
- Make payments online, by bank transfer or via credit card.
- Track payments and receive status updates by text and email.

unisa.edu.au/westernunion

Prepare for arrival

Enrol online

Enrol online from any location and have the same choice as local students when organising your timetable.

Travel bookings

Flights to Australia can be heavily booked during January, February and July, so check with your travel agent early for flight options. Do not confirm bookings until you receive your CoE document. Once you have confirmed your travel arrangements, you can request our airport pick-up service and on-arrival temporary accommodation if needed.

Arrive on time

Arrive before Orientation Week to receive vital information and have the best possible start to university. If you are unable to arrive by the commencement date, you may have to defer your offer. Please note, some programs have compulsory orientation.

Orientation

We will welcome you to Adelaide with orientation sessions and activities to introduce you to life in Adelaide and on campus. You will also have the opportunity to meet other new students.

*IMPORTANT INFORMATION*

The University of South Australia reserves the right to alter, amend or delete any program, fee, course, admission requirement, or mode of delivery, without prior notice.

Some programs may have additional entry requirements. For further details and to view the international pathways program information, visit unisa.edu.au/student.

Please note the University calculates a Grade Point Average (GPA) on a scale from 1-10. For more information, go to unisa.edu.au/gpa.

Not eligible for direct entry?

It may be possible to commence your preferred bachelor degree through one of our pathway providers that offer programs equivalent to the first or second year of many of our bachelor programs. This means you may be able to transfer to second year programs and achieve the required Grade Point Average (GPA).

For more information, visit our international pathways site.

Fees

Fees listed are valid for students enrolled in the 2021 academic year only. Commencing students enrolled should be aware that annual tuition fees will increase for each year of study. You will be liable for these fees upon acceptance of an offer from the University.

In the event of a variation between the fees listed here and the approved schedule of tuition fees found at unisa.edu.au/student, the approved university schedule shall prevail.

All fees are listed in Australian dollars (AUD).

1st Pathway to Masters

For select bachelor degrees listed within this chart, you can complete a bachelor and master degree in four years of study with our 3+1 Pathway to Masters package. For more information, visit unisa.edu.au/bachelorplus.

### IMPORTANT INFORMATION

The University of South Australia reserves the right to alter, amend or delete any program, fee, course, admission requirement, or mode of delivery without prior notice.

Some programs may have additional entry requirements. For further details and to view the most up to date program information, visit: [unisa.edu.au/study](unisa.edu.au/study)

Please note the University calculates a Grade Point Average (GPA) on a scale from 1–7. For more information, go to: [unisa.edu.au/gpa](unisa.edu.au/gpa)

For international students, the University calculates a Grade Point Average (GPA) on a scale from 1–7. For more information, go to: [unisa.edu.au/gpa](unisa.edu.au/gpa)

### Fees

Fees listed are valid for students enrolled in the 2021 academic year only. Commencing students enrolled should be aware that annual tuition fees will increase for each year of study. You will be liable for these fees upon acceptance of an offer from the University.

In the event of a variation between the fees listed here and the approved schedule of tuition fees found at [unisa.edu.au/study](unisa.edu.au/study), the approved university schedule will prevail.

All fees are listed in Australian dollars (A$).

(e) unisa.edu.au/enquire
Check your eligibility

Your eligibility will depend upon the type of research degree you wish to study, as well as your prior qualifications and professional experience. Students from non-English speaking countries will also need to demonstrate their capacity to undertake study in English before being accepted into a program. The eligibility criteria listed below are the minimum requirements. Eligibility is also subject to the assessment of the proposed research, availability of a supervisor, and any research-specific requirements.

### MINIMUM ELIGIBILITY REQUIREMENTS

**Masters by Research**

- An honours degree, bachelor degree with honours, or a relevant bachelor degree (or equivalent) of at least three years with a minimum credit average, or an appropriate master’s degree. Qualifications will be assessed on a case-by-case basis for equivalence.
  
  **OR**

- No tertiary qualifications, but you can demonstrate research capabilities through evidence of professional work experience in the field of proposed study and by relevant publications.

**Doctor of Philosophy (PhD)**

- Honours 1, Honours 1 equivalence, Honours 2A equivalence or an appropriate master’s degree (or equivalent). Qualifications will be assessed on a case-by-case basis for equivalence.
  
  **OR**

- Individual assessment of qualifications and research capabilities as proven through evidence of professional work experience in the field of proposed study and by relevant quality publications. The outcome of this assessment will determine the program options available to you.

**Professional Doctorate**

- Honours 1, Honours 1 equivalence, Honours 2A equivalence or an appropriate master’s degree (or equivalent). Qualifications will be assessed on a case-by-case basis for equivalence.
  
  **OR**

- Individual assessment of qualifications and research capabilities as proven through evidence of professional work experience in the field of proposed study and by relevant quality publications. The outcome of this assessment will determine the program options available to you. Professional Doctorate candidates must also demonstrate at least five years practice in a relevant field, and typically within the last ten years.

### MINIMUM ENGLISH LANGUAGE REQUIREMENTS

**English language test scores**

Results from IELTS, University of Cambridge C1 Advanced and TOEFL are generally valid for two years and must be valid at the time of commencement. For scholarships, test results must be valid at the scholarship closing date.

- **International English Language Testing Systems (IELTS) Academic**

  - 7.0 for English language-rich programs with a minimum of 6.0 in each sub-score*
  - 6.5 for non-English language-rich programs with a minimum of 6.0 in each sub-score*

  *To check which programs are English language-rich, go to unisa.edu.au/resdegree-english-requirements

  **OR**

- Corresponding results from an equivalent test such as Test of English as a Foreign Language (TOEFL); the University of Cambridge C1 Advanced; Examinations for the Certificate of Proficiency in English (CPE) or the Certificate in Advanced English (CAE); the Pearson Test; or the appropriate academic English language level delivered by the Centre for English Language at the University of South Australia (CELUSA).

Applicants from countries where English is an official language or who have had recent and relevant experience in an English setting may meet our minimum English entry requirements. Evidence must be provided.
