Bachelor of **COMMERCE (ACCOUNTING)**

Prepare yourself for a rewarding career in accounting and business advisory with this industry-accredited degree.

You will develop a strong foundation of knowledge in accounting combined with business, taxation, auditing, finance and sustainability, and also learn about the current economic, legal and political influences affecting global business.

During your studies you will have opportunities to undertake an internship, mentoring or work-integrated learning.

REAL-WORLD CONNECTIONS

You will learn from teachers with professional experience as part of your studies. You will also have opportunities to connect with industry outside the classroom by completing an internship or industry project, or by participating in our overseas exchange program.

Build your network and career by participating in our Business Career Mentor Program which pairs you with an experienced business professional.

BACHELOR AND MASTERS DEGREE IN 4 YEARS

Package the Bachelor of Commerce (Accounting) with the Master of Finance or the Master of Management as well as its specialisations and graduate with two qualifications in just four years.

PROFESSIONAL ACCREDITATION

The program is accredited by Chartered Accountants Australia and New Zealand and satisfies the educational requirements for entry into the Chartered Accountants Program.

The program is accredited by CPA Australia and satisfies the educational requirements for entry into the CPA Program.

The program is accredited by the Chartered Institute of Management Accountants (CIMA) and recognised for maximum exemptions for an accelerated pathway into CIMA's professional qualification.

This program is recognised for maximum exemptions toward the Association of Chartered Certified Accountants' (ACCA) professional programs of study.

This program is recognised for maximum exemptions toward the Association of International Accountants' (AIA) professional examinations.
