# Master of DESIGN (INTERIOR ARCHITECTURE)

This postgraduate qualification will equip you with a comprehensive understanding of the principles and practices of designing and maintaining interior environments that are environmentally responsive and socially adaptable.

A unique blend of hands-on experience and practise knowledge ensures you graduate with the tools needed for a successful career in this competitive field. You will also graduate with a sound knowledge of research methods and practices.

## REAL-WORLD CONNECTIONS

Our teaching staff are highly trained, experienced professionals with strong industry links. Many hold professional positions with national and international organisations, offering students the opportunity to build important networks.

We also have more than 2,500 University-wide national and international industry partnerships.

UniSA is committed to research with an industry focus. 100% of our assessed research is rated at or above world-class\* and we are #1 in Australia for Industry research income.\*\*

\*2018 Excellence in Research for Australia (ERA), 4-digit Fields of Research.

\*\* 2020 THE World University Rankings

## CAREER OUTCOMES
