## Your IELTS scores explained

A new service available online

Understand  
your IELTS  
results

Receive tips  
on how to  
improve your  
language skills

View  
'Your scores  
explained'  
report online  
for 28 days

### What is the 'Your scores explained' service?

The scores explained will provide information on your performance along with general advice on how you can improve these skills.

This service is jointly developed by the IELTS partners.

#### Where can I find it?

When your test results are released, you will be able to login to Result Online to preview your provisional results which will include an explanation of your scores and advice on how to improve your language skills.

## Your scores explained FAQ's

### **What is the 'feedback on results' service?**

You have told us that you would like to understand your results and how to improve. In response to our customers' requests, the IELTS partners have developed a new service for IELTS test takers: 'Your scores explained'. When your test results are released, you will be able to login to Results Online to preview your provisional results and see a table with an explanation of your scores and advice for improvement. The scores explained will provide information on your performance along with general advice on how you can improve these skills.

### **How long will the website display this service?**

Your scores explained will be available to you for 28 days after the release of your result, the same time as the availability of your online results. After this time, it will no longer be available.

### **Can I send this score download to my Receiving Organisation instead of a Test Report Form?**

No, this is for your support and viewing only. All receiving organisations will require a copy of your Test Report Form, or, if accepting electronic results, the confirmed score from your test centre.

### **Can I share this feedback with my university, preparatory school or language teacher?**

Yes, you can. However, you need to be aware that this only provides general guidance on how to improve your scores.

### **Can I download a copy of the feedback?**

You will be able to download the scores explained in PDF. Just click on the "Download as PDF" icon on the top right corner
